3082-12/13	21	Business, Economic Development	Regular	\$49,950	\$99,900	Contractor will provide an economic development action plan for two additional "Invest in Neighborhoods Initiative" communities. This will entail reviewing the results of the corridor assessment findings and reports being prepared by the Planning Department and other community partners; identifying any gaps in the data collection; studying existing conditions, including land use, circulation, and streetscape conditions; attending and facilitating community workshops; conducting analyses of market opportunities and development feasibility; participating in meetings with City staff members throughout the process, including the facilitation of a synthesis session to discuss baseline condition findings and the results of the community outreach; and determining a draft list of economic actions and strategies to be implemented in the neighborhood study area.	4/1/2013 - 2/31/2014
4106-09/10	27	Airport Commission	Regular	\$6,300,000	\$13,700,000	Work will include providing project controls and reporting, project scheduling, project budgeting, document control, project coordination, project planning, design management and construction management services for Airport Terminal and Facility Projects. This request is for all Airport Capital Improvement Project work excluding Terminal 2. The T3 East Improvements Project, the second contract under the Terminal 3 (T3) Program has started, and is closely interrelated to the Boarding Area E (BAE) Project that both projects needed to be closely coordinated. A joint Administrative Construction Management team was created to maintain consistency of reporting, overall program oversight, and coordination and to generate cost savings for the Program. The new proposed modification is due to the additional administrative construction management services that will support the T3 Program.	6/1/2010 - 2/1/2017
4113-10/11	39	Port Commission	Regular	\$200,000	\$800,000	Development and implementation of a comprehensive media and strategic marketing program targeting national, regional and local audiences. This ongoing media and marketing campaign is necessary for the Port to promote the new James R. Herman Cruise Terminal at Pier 27 for increased cruise business and special events; and several development projects in the Southern Waterfront, including the Pier 70 Opportunity Area and the proposed Piers 30-32 Golden State Warriors Arena.	7/1/2011 - 2/31/2018
3012-13/14	68	Municipal Transportation Agency	Regular	\$1,000,000	\$1,049,000	The San Francisco Municipal Transportation Agency (SFMTA) requires street teams to provide outreach, information and public relations services and serve as the SFMTA "ambassadors" to the general public at sports events, street fairs, parades concerts, and other public events. The teams would also provide services during crises such as transit agency shutdowns, direct the SFMTA's customers to current or re-routed transit connections, and provide other transit information as needed in multiple languages.	8/1/2013 - 0/31/2018

2010-08/09	81	Public Health	Regular	\$28,300,000	\$54,300,000	Contractor provides Pharmacy Benefits Management (PBM) services for DPH Community Behavioral Health Services (CBHS) clients by maintaining a network of pharmacies in San Francisco, electronically screening prescriptions for eligibility, processing payments for prescriptions written by CBHS authorized prescribers for covered medications, and providing fiscal intermediary services for Patient Assistance Programs (PAP) operator(s). CBHS offers a wide range of services to all ages through a combination of County clients and contracts with private community-based organizations, serving approximately 22,500 clients who need nearly 53,400 prescriptions each year. Prescriptions must be filled through 120 independent and chain retail pharmacies located throughout the City (no mail orders) which are appropriately accessible to clients, including meeting the needs of San Francisco's culturally diverse patient populations with linguistic capabilities in at least 5 specific non-English languages (Cantonese, Mandarin, Russian, Spanish, and Vietnamese). Services also include 24/7 online, point-of-service electronic claims adjudication, as well as tracking on copayments and unmet MediCal share of cost, and utilizing electronic interfaces with existing and planned CBHS client information systems.	7/1/2009 - 6/30/2018
4007-09/10	90	Public Works	Regular	\$350,000	\$800,000	The Department of Public Works (DPW) will award one (1) contract for a three (3) year period, up to \$100,000 per fiscal year based on the availability of funds. This contract is for the purpose of sidewalk and gutter cleaning in the Tenderloin District area. The Tenderloin is a densely populated area with many people loitering/living on the sidewalks. The focus is on this area in particular due to the high volume of calls and complaints for street cleaning services. DPW is NOT responsible for cleaning the sidewalks; however, the Bureau of Street Environmental Services (BSES) staff will abate unsafe sidewalk conditions (such as the removal and steaming of urine, feces, needles, health and tripping hazards) to ensure the safety of the City's residents and visitors. Past experience has shown that cleaning the sidewalks requires the adjacent gutters to also be cleaned or the litter will blow back onto the sidewalk. It is therefore imperative that a complete litter removal process is performed to be effective. BSES staff needs additional resources, especially on days when our staffing is smaller, to assist in the cleaning effort especially cleaning/removing the aforementioned substances from the sidewalk.	7/1/2009 - 4/1/2016
4016-10/11	90	Public Works	Regular	\$400,000	\$800,000	Contractor shall fully provide multi-surface graffiti abatement services, on private property, within the city limits of San Francisco. This multi-surface graffiti removal process will include scraping, priming, power washing, color matching and painting the application of environmentally safe chemical removers and cleaning agents. The department anticipates awarding 2 as-needed contracts, each not to exceed \$200,000.	8/20/2010 - 9/30/2016

4039-11/12	90	Public Works	Regular	\$230,000	\$450,000	An engineer is being sought to prepare permit documents, construction bid documents and provide construction phase services as the Engineer of Record (EOR). The EOR will design and oversee the completion of the non-structural bracing and anchoring in the Plant Services Building on the San Francisco General Hospital campus to meet the Office of Statewide Health Planning and Development (OSHPD) Nonstructural Performance Category-4 (NPC-4) and other seismic requirements. The original PSC #4039-11/12 was approved on 10/03/2011 for \$150,000, and modified on 9/19/2012 for \$70,000. A consultant has been under contract and provided specialized engineering services for utility bracing and equipment anchorage. The services proposed within this PSC Modification will enable the consultant to add interior wall replacement to the design services. It was discovered during design investigations that the existing interior walls do not meet OSHPD's NPC4 seismic requirements.	11/1/2011 - 4/30/2015

Sum of Modified Amounts: **\$36,829,950**
