49321 - 13/14	PUBLIC UTILITIES COMMISSION	\$2,000,000.00	The scope of services consists of: (1) Software license purchase and software implementation services for replacing the electric power scheduling software; (2) Software training for users of the implemented software product; and (3) Annual software maintenance and license renewal including software customizations. As a part of this project, City staff will be trained in how to use the power scheduling software. Approximately eight (8) Utility Specialists (5602) and five (5) Utility Analysts (5601) will be trained on how to use the software features and functionality. In addition, two (2) IT principal engineers (1044) will be trained to learn to become administrators of the software. Water engineers (5241) may also be trained in the use of the software if they benefit from use of the software. The training will be given at end of the project and training by vendor will not be ongoing. It is anticipated that 40-60 hours of training will be provided in total.	June 1, 2014	May 31, 2019
45611 - 13/14	GENERAL SERVICES AGENCY - TECHNOLOGY	\$500,000.00	The Department of Technology is soliciting proposals from firms to build and deploy a microwave network connecting the public safety building and public safety radio communication sites. It is expected that the microwave communication will provide the resilience and redundancy to public safety communications. The services include planning, design, engineering and technical support to maintain the system.	May 1, 2014	December 31, 2014
44918 - 13/14	RECREATION AND PARK COMMISSION	\$2,000,000.00	Provide full Landscape Architectural, Architectural, Engineering, and Outreach services for the Portsmouth Square Renovation. This includes all services necessary for all phases of project delivery: conceptual design, schematic design, design development, complete construction documents for permitting, bid, construction administration, and closeout. Scope will also include facilitation of broad community and stakeholder outreach process in multiple languages. A/E firm shall also provide cost estimating services during the course of the project.	July 15, 2014	July 1, 2019
43465 - 13/14	DEPARTMENT OF EMERGENCY MANAGEMENT	\$300,000.00	Nice System provides the department's Digital Voice Logging Recorder (DVLR) system which is an integrated solution with both hardware and software. The system records all of 9-1-1 calls that are made in San Francisco, as well as the emergency radio communications with Police, Fire and Dispatch. The contract is for maintenance and software support services to keep the system online and operational. The system was purchased in 2004, through a competitive Request for Proposal (RFP) process, and NICE Systems has been maintaining the system since then.	July 10, 2013	July 9, 2017
47233 - 13/14	RECREATION AND PARK COMMISSION	\$1,000,000.00	Provide full Landscape Architectural, Architectural, Engineering, Outreach, and Historic Resource Evaluation services for the Willie Woo Woo Wong Playground Renovation. This includes all services necessary for all phases of project delivery: conceptual design, schematic design, design development, complete construction documents for permitting, bid, construction administration, and closeout. Scope will also include preparation of historic resource evaluation report and facilitation of broad community and stakeholder outreach process in multiple languages. A/E firm shall also provide cost estimating services during the course of the project.	June 1, 2014	March 1, 2019
48059 - 13/14	AIRPORT COMMISSION	\$3,900,000.00	Procure, install, and maintain an Automated Passport Control (APC) kiosk system consisting of 40 kiosks with connectivity to the U.S. Customs and Border Protection (CBP/Customs) data system. Each APC kiosk will have a full range passport reader with e-Passport capability, a fingerprint scanner and digital camera to capture the user's picture. All kiosks must be maintained in compliance with CBP's APC requirements. Kiosks will serve passengers arriving on international flights by capturing travel data and electronically transmitting the information to CBP for processing mandated	July 1, 2014	June 30, 2019
