**Subject:** M CCP Post-Appointment Compensation Adjustments (FY19-20)

In Fiscal Year 2019-20, department heads will again propose wage adjustments for their managers, one-time payments and/or ongoing wage increases. Eligibility for these adjustments is based on criteria in MEA's MOU, and subject to funding limitations. Employees will continue to be able to nominate themselves for adjustments.

Proposals for compensation adjustments will be evaluated and approved by the M CCP Adjustment Committee consisting of representatives from the Controller, DHR and MEA.

## **I. Deadlines to Submit Requests for M CCP Compensation Adjustments**

Employees may make submissions on their own behalf by e-mail sent directly to each department's personnel officer, using the [Employee Submission Form](#) between **Monday, July 15<sup>th</sup>** and **Friday, July 26<sup>th</sup>** with a copy to MEA as well ([staff@sfmea.com](mailto:staff@sfmea.com)). Departments must consider these employee self-nominations for adjustments during their departmental review process. Do not submit employee submission forms to DHR.

The deadline for departmental submissions is the close of business, **Friday, September 20<sup>th</sup>**.

Submit [Department Submission Forms](#) via e-mail to [Andrew.Kukis@sfgov.org](mailto:Andrew.Kukis@sfgov.org) with a copy to MEA as well ([staff@sfmea.com](mailto:staff@sfmea.com)).

## **II. Departmental Budgets for Increases and Bonuses**

The MEA MOU funds each department with 0.25% of its MEA payroll for ongoing wage increases (retroactive to July 1, 2019) and 0.90% of its MEA payroll for one-time, lump sum bonuses. Please note, unused funds do not roll over into subsequent years; rather, unused funds will be reallocated by the Committee for expenditure during the fiscal year in a manner consistent with the terms of the MOU.

- **Ongoing Wage Increases (in Ranges B & C):** A quarter-of-one-percent (0.25%) may be used for ongoing wage increases (e.g., an ongoing base wage increase from \$150,000 to \$152,000 retroactive to July 1, 2019).
- **One-Time, Lump Sum Bonuses:** Point-nine-percent (0.90%) may be used for one-time, lump sum bonuses (e.g., a one-time, lump sum bonus of \$2,500).

Based on the FY19-20 budget, a chart showing each department’s allocations for M CCP compensation adjustments follows. Medium and large departments (i.e., those departments with an ongoing allocation over \$5,000) are listed individually. MEA and the City have agreed to pool the funds for the remaining smaller departments in order to provide additional flexibility and equity. Departmental budget allocations for these departments will be used as a general guide by the M CCP Adjustment Committee, but will not be considered definitively regulating.

Department	Ongoing (0.25%)	One-Time (0.90%)
Department of Public Health	\$85,000	\$307,000
General Services Agency	\$74,000	\$268,000
Public Utilities Commission	\$68,000	\$247,000
Airport Commission	\$55,000	\$199,000

Recreation and Park Commission	\$15,000	\$55,000
Retirement	\$14,000	\$52,000
Port	\$14,000	\$50,000
Controller	\$11,000	\$42,000
Treasurer / Tax Collector	\$11,000	\$39,000
Department of Emergency Management	\$10,000	\$37,000
Human Resources	\$9,000	\$34,000
Economic and Workforce Development	\$7,000	\$28,000
Police	\$7,000	\$27,000
Assessor / Recorder	\$6,000	\$22,000
Library	\$6,000	\$22,000
Sheriff	\$6,000	\$22,000
Smaller Departments	\$53,000	\$191,000

Please note the following:

- Both one-time, lump sum bonuses and ongoing wage increases are pensionable and attributed to final compensation calculations at the time of payment (i.e., are not associated with the prior fiscal year); and
- Individual employees may receive both an ongoing wage increase and a one-time, lump sum bonus; and
- Retirees (Prop. F) and As-Needed employees are not eligible for post-appointment adjustments.

**III. Increase and Bonus Considerations**

In the interest of equitable distribution among employees, departments should follow these guidelines in developing their submissions:

- Employees must have been at or above the top of range A as of July 1, 2019 to be eligible (as employees below the top of A may still be advanced within Range A at the discretion of the department); further, those who have advanced to the top of A within the preceding fiscal year already received a step increase in addition to any general wage increase, so should be given less consideration than those that have been at the top of A for the entire, preceding fiscal year;
- Absent exigent circumstances, submissions should be limited to employees who have been in their current position since at least January 1, 2019;
- Those who have not already received ongoing wage increases should receive first consideration for them;
- Proposed increases and/or bonuses must be between \$1,000 and \$7,500 per employee (e.g., \$2,500 ongoing and \$5,000 one-time; \$500 ongoing and \$500 one-time);
- Post-appointment funds should be distributed among all managerial levels in a department;
- Between 30% and 50% of the department’s eligible managers should receive increases and/or bonuses;
- Proposed increases and/or bonuses should vary among managers, to reflect variations in performance;
- Proposed increases and/or bonuses should have proportionality to the employee’s rate of pay;
- One-time, lump sum bonuses are best reserved for performance or special projects; and
- Ongoing wage increases are best reserved for structural and retention issues.

Departments should advise their employees as soon as possible of their internal process and the criteria that they will apply when deciding what adjustments to propose.

As a reminder, the post-appointment process is designed to address the compensation of individual incumbents. To the extent that there are changes in the responsibilities of a position, this program should not be a substitute for reclassification.
