Departments will be charged \$600 per participant to cover remaining program costs. The program is a rare opportunity for leaders to receive high quality professional development at nominal cost to the department. We ask applicants to consider carefully whether they can meet the full commitment of the program.

Participants admitted to the program will be required to set aside time to attend the full length of all sessions. Those who do not attend a session or a portion of a session may be asked to discontinue the program.
