Subject: Personal Services Contracts Approval Request

This report contains seven (7) personal services contracts (PSCs) in accordance with the revised Civil Service Commission (CSC) procedures for processing PSCs that became effective on July 1, 1996.

The services proposed by these contracts have been reviewed by Department of Human Resources (DHR) staff to evaluate whether the requesting departments have complied with City policy and procedures regarding PSCs. The proposed PSCs have been posted on the DHR website for seven (7) calendar days. CSC procedures for processing PSCs require that any appeal of these contracts be filed in the office of the CSC, Executive Officer during the posting period.

No timely appeals have been filed regarding the PSCs contained in this report. These proposed PSCs are being submitted to the CSC for ratification/approval.

DHR has prepared the following cost summary for personal services contracts that have been processed through the Department of Human Resources to date:

PERSONAL SERVICES CONTRACT SUMMARY

DATE: 11/9/10

DEPARTMENT NAME: Controller's Office

DEPARTMENT NUMBER 09

TYPE OF APPROVAL: [ ] EXPEDITED [ X ] REGULAR (OMIT POSTING _____ )

TYPE OF REQUEST: [ X ] INITIAL REQUEST [ ] MODIFICATION (PSC# _________)

TYPE OF SERVICE: Equipment Lease Purchase Financing Services

FUNDING SOURCE: Department budgets

PSC AMOUNT: $10,000,000

PSC DURATION: March 1, 2011 - February 28, 2013

1. DESCRIPTION OF WORK
   A. Concise description of proposed work: Provide lease purchase financing and/or refinancing of essential capital equipment to be used by City departments for governmental purposes.

   B. Explain why this service is necessary and the consequences of denial: These services are required to assist the City with lease purchase financing and refinancing of capital equipment for governmental purposes. If these services are denied, the City will not have access to lease purchase financing and refinancing of capital equipment.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number): Provided through the State of California’s program facilitating installment and lease purchases.

   D. Will the contract(s) be renewed: No.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

STAFF ANALYSIS/RECOMMENDATION: ____________________

CIVIL SERVICE COMMISSION ACTION:

NOV 9 2010

PSC FORM 1 (9/96)
A. Specify required skills and/or expertise: Contractor must have experience with California-based tax-exempt or taxable equipment lease purchase financings, including present or former Agreements in which the Contractor acted as a financing partner to a local government or supplier. Contractor must be a member of the Association for Governmental Leasing & Finance or the Equipment Leasing Association of America and must currently hold all licenses and registrations required by applicable federal and state laws, statutes, codes, etc. The Contractor must have a "good" or better financial rating by Dun & Bradstreet, Inc.

B. Which, if any, civil service class normally performs this work? No civil service class performs this work.

C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain: No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
A. Explain why civil service classes are not applicable: Existing Civil Service classifications do not provide capital equipment financing or refinancing services.

B. Would it be practical to adopt a new civil service class to perform this work? Explain. No. The work is short-term and highly specialized in nature.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
A. Will the contractor directly supervise City and County employees?  
   [ ] Yes [X] No

B. Will the contractor train City and County employees?
   [ ] Yes [X] No
   • Describe the training and indicate approximate number of hours.
   • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.

C. Are there legal mandates requiring the use of contractual services? [X] Yes [ ] No

D. Are there federal or state grant requirements regarding the use of contractual services? [X] Yes [ ] No

E. Has a board or commission determined that contracting is the most effective way to provide this service? [X] Yes [ ] No

F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? [X] Yes [ ] No

THE ABOVE INFORMATION IS SUBMITTED AS COMPLETE AND ACCURATE ON BEHALF OF THE DEPARTMENT HEAD:

MEMORANDUM

TO: PSC Coordinator (DHR-PSCCoordinator@sfgov.org)

FROM: Richard Kurylo, Operations Analyst

DATE: 11/9/10

SUBJECT: Personal Services Contract Summary for Equipment Lease Purchase Financing Services

Attached, please find a Personal Services Contract Summary for Equipment Lease Purchase Financing Services.

The Controller’s Office of Public Finance is requesting approval of a Personal Services Contract application for Equipment Lease Purchase Financing Services. These services will be used to assist the Office of Public Finance and other interested City departments with the financing and refinancing of essential capital equipment and other related services. Contractors must demonstrate successful experience in providing taxable and tax-exempt lease-purchase financing and refinancing of capital equipment (excluding real property) for local governments.

For each proposed equipment lease-purchase transaction over a two-year period, the City is proposing to select one or more Contractors that have been pre-qualified through a Request For Qualifications. Transactions may be closed and settled within two to four weeks using the City’s standard lease purchase financing agreement and related documentation.

Should you need additional information, or if you have any questions, please contact me at (415) 554-7536.
PERSONAL SERVICES CONTRACT SUMMARY

DATE: September 21, 2010

DEPARTMENT NAME: Police

DEPARTMENT NUMBER 38

TYPE OF APPROVAL: □ EXPEDITED  X REGULAR (OMIT POSTING _________ )

□ CONTINUING  □ ANNUAL

TYPE OF REQUEST:  ☑ INITIAL REQUEST  □ MODIFICATION (PSC# ________ )

TYPE OF SERVICE: Design and Implementation of New Licensed Software Services, Maintenance and Consulting.

FUNDING SOURCE: General Fund

PSC AMOUNT: $347,200.00  PSC DURATION: 9-21-2010 – 3-9-2015

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   Contractor will provide maintenance, as well as, design, engineering and consulting services on the Level II Message Switching Computer System (installed at the San Francisco Police Department) as required/requested by the Police Department.

   B. Explain why this service is necessary and the consequences of denial:
   This service is necessary so the Police Department can comply with changes in law and policy in a timely and efficient manner. Consequences of denial would inhibit/restrict the Police Department's ability to provide essential services and access to data systems to the Police Department members and all other law enforcement and criminal justice agencies located in the County of San Francisco.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   These services have not been provided in the past, resulting in loss of services and access to data systems to the Police Department members and all other law enforcement and criminal justice agencies located in the County of San Francisco.

   D. Will the contract(s) be renewed: Yes (continuing maintenance and services will be required)

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

FOR DEPARTMENT OF HUMAN RESOURCES USE

PSC# 4054 – 10/11

STAFF ANALYSIS/RECOMMENDATION:

CIVIL SERVICE COMMISSION ACTION:
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Designing, engineering, consulting and programming skills necessary to maintain and enhance a critical, necessary and proprietary Message Switching Computer System.

   B. Which, if any, civil service class normally performs this work?
      None. This is a proprietary system.

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      Civil Service classifications are not applicable because the system is proprietary to the Contractor.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No. Only as needed services, less than full time services are required.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?  Yes No
      
   B. Will the contractor train City and County employees?
      • Describe the training and indicate approximate number of hours.
      • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.
      
   C. Are there legal mandates requiring the use of contractual services?  Yes No
   
   D. Are there federal or state grant requirements regarding the use of contractual services?  Yes No
   
   E. Has a board or commission determined that contracting is the most effective way to provide this service?  Yes No
   
   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? Level II Inc.  Yes No

THE ABOVE INFORMATION IS SUBMITTED AS COMPLETE AND ACCURATE ON BEHALF OF THE DEPARTMENT HEAD:

PERSONAL SERVICES CONTRACT SUMMARY

DATE: November 9, 2010

DEPARTMENT NAME: Port of San Francisco

TYPE OF APPROVAL: ☑ REGULAR

TYPE OF REQUEST: ✔ INITIAL REQUEST

TYPE OF SERVICE: Historic & Environmental Maritime Site Condition Assessment and Design Services for Crane Cove Park

FUNDING SOURCE: General Obligation Bond (Clean and Safe Neighborhood Parks)

PSC AMOUNT: $1,200,000.00 PSC DURATION: 02/01/2011 - 12/31/2014

1. DESCRIPTION OF WORK

A. Concise description of proposed work:
This work will be completed in four (4) phases to allow the greatest participation of city employees on this project. This project has complex variables such as historic structures in a marine environment with site contaminants. An integrated consultant team will prepare a site condition assessment that will facilitate work with city staff and the community stakeholders in developing a conceptual design plan with preliminary cost estimates and ultimately a detailed design for converting this seven (7) acre parcel within Pier 70 as a public park.

B. Explain why this service is necessary and the consequences of denial:
San Francisco voters approved a 2008 General Obligation Bond that included $33.5 million for waterfront parks. This project represents one of five (5) waterfront parks mandated by the voters. In accordance with the voter mandate, these projects must be completed by 2014. After consultation with DPW, the Recreation and Park Department and Local 21 IFPTE, it was determined that a phased approach that incorporates flexibility for city staff to work with consultants to move the project along is the best option since these agencies do not currently have staff capacity or expertise for this project but may in future phases.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
This service has been provided in the past by a combination of Department of Public Works and consultant resources. Heron’s Head Park design services are being performed by the Department of Public Works; CEQA related services for these projects are being provided by the Planning Department to provide review of consultant prepared environmental documents and projects such as the Mission Bay Shoreline Protection (PSC 4080-08/09) and Pier 43.5 Baytrail Link (PSC 4063-09/10) projects are being completed by consultants.

D. Will the contract(s) be renewed: No.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

PSC# 41055 - 10/11

STAFF ANALYSIS/RECOMMENDATION: CIVP

CIVIL SERVICE COMMISSION ACTION: 0013

PSC FORM 1 (9/96)
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE

A. Specify required skills and/or expertise:
An integrated team of experts with the ability to conduct site assessments for this highly complex site and develop a design that meets the intent of the parks bond. The project must be lead by a Landscape Architect with LEED certification in park design and supported by a Historic Preservation Architect with LEED certification. Other essential skills and expertise include: site contamination, structural, coastal, civil, electrical, and geotechnical engineers, as well as a cost estimator.

B. Which, if any, civil service class normally performs this work?
Class 5268 Architect            Class 5241(g) Geotechnical Engineer
Class 5218 Structural Engineer  Class 5298 Planner III Environmental Review
Class 5241 Engineer (Civil)     Class 5291 Planner III (Preservation Planner)

C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM

A. Explain why civil service classes are not applicable:
Although there are Civil Service classes that can perform some of the work, the complexity of this project is best suited for consultants who routinely perform this type of work to take the lead in establishing the foundation for the project. In consulting with DPW and R&P departments, neither department that would typically perform this work has the capacity and all of the expertise required for timely completion of this project. The awarded contract would include the option of city staff participation after the initial phase, specifically for DPW to complete the detailed design work.

B. Would it be practical to adopt a new civil service class to perform this work? Explain.
A cost estimator classification does not currently exist in the civil service system and the Port cannot justify a full-time person for its work. However, it is the Port’s intent to provide opportunities for existing staff to acquire the experience in performing this type of specialized service.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)

A. Will the contractor directly supervise City and County employees?  Yes  No  
B. Will the contractor train City and County employees?
   • Describe the training and indicate approximate number of hours.
     Historic & Maritime training; Hours to be determined
   • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.
     Landscape Architect, Architect, and Engineers

C. Are there legal mandates requiring the use of contractual services?  Yes  No

D. Are there federal or state grant requirements regarding the use of contractual services?  Yes  No

E. Has a board or commission determined that contracting is the most effective way to provide this service?  Yes  No

F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?  Yes  No

THE ABOVE INFORMATION IS SUBMITTED AS COMPLETE AND ACCURATE ON BEHALF OF THE DEPARTMENT HEAD:

Port of San Francisco
2008 Proposition A Clean and Safe General Obligation Fund Project
September 16, 2010

Crane Cove Park Plan and Design
Professional Service Contract

AGENDA

Attendees:
Port of San Francisco:
Elaine Forbes, Deputy Director of Finance
David Beaupre, Planner - Project Manager
Norma Nelson, Contract Administrator

Recreation and Parks
Dawn Kamalanathan, Capital Projects and Planning

Department of Public Works:
Patrick Rivera, Bureau Manager, Engineering
Peg Divine, Deputy Manager
Sherman Hom, Landscape Architect Manager
Brian Carlonagno, Project Manager (Port Liaison)

Local 21
Ging Louis, Engineers Representative

Agenda:

1. Crane Cove Park Design Project Overview & Professions Required

2. Reason for requesting a professional services contract

3. Potential for DPW to perform detailed landscape design for Crane Cove Park project Proposal:
   - Detailed design included as an "Optional Task" in the contract
   - The Port will contact DPW 90 days before the initiation of the optional task
   - If DPW can perform all or a portion of the Optional Task on the same schedule and within a reasonable range of the consultant team’s budget proposal, DPW will perform the work.

4. Opportunities for public employee work on this and other Port projects
**DPW Bureau of Engineering Landscape Architects - Port Projects:**

Preliminary Scope of Work for Crane Cove Park Design

September 15, 2010

Professionals Required:
Landscape Architect, LEED Certified (Park Design)
Historic Preservation Architect, LEED Certified (Historic Resources, CEQA)
Environmental Engineer (Site Contamination)
Coastal Engineer (Shoreline Edge Design)
Structural Engineer (Crane Stabilization, Historic Resources)
Civil Engineer (Site Grading, Roadways, utilities)
Geotechnical Engineer (Roadways, Utilities, contamination, paving)
Electrical Engineer (site lighting and utilities)
Cost Estimator

Scope of Work Overview:
Through Coordination with Port staff, conduct a community planning process to develop a Concept Plan for an approximately 7 acre waterfront park as depicted in the Port’s Pier 70 Preferred Master Plan. Develop a phasing plan and cost estimates for the entire Park Concept Plan and develop detail design drawings and specifications for the first phase of Park improvements, estimated to be approximately $8 million.

Task will include:
- Meet with Key Port staff
- Conduct a series of community workshops to develop and present design concepts for the Park coordinated through the Port (up to 8 meetings)
- Present Park concepts to Port Commission
- Present Park Design Concepts to BCDC Design Review Board and Port Waterfront Design Advisory Committee;
- Meet and assist in securing necessary permits with regulatory partners, including Regional Water Quality Control Board, Army Corps of Engineers and others as required;
- Meet with Port Tenant (BAE Ship Repair) and Pier 70 Development Partners to identify and resolve issues effecting park design;
- Develop Park Design Alternatives based upon criteria established by Port of San Francisco;
- Develop Cost Estimates for proposed Park improvements
- Develop Park Design Concept for entire park site, including:
  - Retention of Historic Slipway & Cranes and associated structures;
  - Develop a program of uses that connects park to larger Pier 70 and St Francisco Boat Yard sites and Blue Greenway/Bay Trail;
  - Develop shoreline improvements that address rising sea level; protects shoreline from erosion and eliminates potential of tidal action on contaminated soils that will be mitigated in place;
- Develop program to integrate human powered craft aquatic center and boat landing/launch;
- Develop program and concept of interpretation of site history;
- Identify appropriate locations for public art and historical artifacts;
- Develop Park plan that recognizes future infill development sites and shadows caused from new buildings;
- Develop Park Plan that retains existing historic structures as identified in the Pier 70 Preferred Master Plan;
- Develop a Park Plan that integrates uses (concessions) that serve and activate the site;
- Develop Program that addresses access/grading issues from Illinois Street and future 19th Street;
- Develop a circulation plan that provides continuous circulation through the site and connects with 20th Street;
- Develop a utility plan to serve Park Concept plan;
- Develop a program that includes a mix of recreational uses including, passive recreation, soft and hard-scapes;
- Develop Park program and phasing that allows continued interim uses until the Park project is fully funded and implemented;
- Develop Park program and design that insures public safety, recognizing phased approach to park improvements;
- Develop a Park plan that can accommodate stormwater treatment of park site and existing and future adjacent uses;
- Develop a plan based upon the to be established Pier 70 Risk Management Plan
- Develop a Park Concept Plan that meets or exceeds the Port's Sustainability Plan
  - Working with Port and Community Identify Phase 1 improvement to be carried into detail design based upon available funding;
  - Develop Design Development Drawings for Phase 1 of improvements and cost estimates; and
  - Complete Detail Design and Specifications for Phase 1 Improvements

**Task / Schedule Overview**

Task 1 - Team Meeting to review Scope and Schedule (4 hours): November 2010  
Task 2 - Review & Comment on Existing Materials and Established Design Criteria (6 weeks): November, 2010  
Task 3 - Develop Existing Site Conditions – Opportunities and Constraints Analysis (2 months, includes iterative process with Port staff)- December – January 2010  
Task 4 – Initial Community Meeting to review Existing Conditions and Design Criteria (1 month: January/March 2011  
Task 5 - Develop Initial Design Concept Alternatives (4 months) (iterative process with Port staff: March – June 2011
Task 6 - Community Meetings, Port Commission and Design Review Meetings (2 months) June- July 2011
Task 7 – Initiate Environmental Review - Submit application, continue to refine as required (12 months- ongoing) July 2011 – July 2012
Task 8 – Develop preferred Concept Plan, Preliminary Cost estimate based upon Community, Commission and Design Review (4 months) (iterative process with Port staff: July – October 2011
Task 9 – Present Preferred Concept Plan to Community, Commission and Design Review (2 months) November – December 2011
Task 10 – Refine Concept Plan, Develop Phasing approach and cost estimate and identify Phase 1 of project for review (iterative process with Port staff 3 months) January – March 2012
Task 11 Present Final Concept Plan and Phasing Plan to Community, Commission and Design Review Boards (2-months) March – April 2012
Task 12 Initiate Other Regulatory Permit Applications (6 months if no bay sediment removal or 12 months if includes bay sediment removal) March – August 2012
Task 13 Begin Detail Design for Phase 1 30% (3 months including Port review time) May – July 2012
Task 14 60% design (4 months, including Port and other agency review time) July-October 2012
Task 15 90% design (4 months, including Port and other agency review time) November 2012 – February 2013
Task 16 100% design and Draft Specification and bid documents (3 months) March – May 2013
Task 17 Bid & Award Construction (3 months) June- August 2013
Task 18 Construct (12 months) September 2013 – September 2014
Project Overview

The City of San Francisco’s 2008 Proposition A, Clean and Safe Parks General Obligation Bond provides approximately $22.5 million for Blue Greenway open space improvement projects along the San Francisco waterfront. Crane Cove park is one of five such designated parks funded as a part of the Blue Greenway that connects open spaces along the San Francisco Bay Trail and the San Francisco Bay Water Trail, from Mission Creek to the County line.

The City’s 2006 Blue-Greenway Task Force identified a series of open space improvements to benefit the City’s southern neighborhoods and continue public waterfront access southward. The Crane Cove site proposes a new major waterfront park adjacent to the Pier 70 shipyard; along Illinois Street, in the Dogpatch/Potrero neighborhoods. Crane Cove Park would be integrated with restoration of incredible maritime historic structures, as envisioned in the Port’s overall Pier 70 Master Plan.

The Site

This site brings complexity that requires expertise beyond that is which existing city staff are capable of providing, yet the project does not provide sufficient work to justify adding multiple staff will not be needed on a full-time basis during the project and not needed beyond the project.

The complexities include the existence of two cranes that have been designated as historic structures of which its structural integrity has to be carefully examined given the intended use of the site as a public park. This risk associated with this site condition required ultimate due diligence on the part of the Port to assure that the park is properly designed. For the most part, the site sits over water and was previously used as ship repair facility.

The Project Approach/General Scope of Services

On September 16, 2010, Port staff met with representatives of Local 21, DPW and Parks/Recreation Departments to discuss the requirements of this project and come to an agreement as to the approach. The agreed approach is as follows:

The Port intends to manage this project in four (4) phases as follows:

<table>
<thead>
<tr>
<th>PHASE</th>
<th>SCHEDULE FOR COMPLETION</th>
</tr>
</thead>
<tbody>
<tr>
<td>1a Environmental Review/Regulatory Permitting</td>
<td>July 2012</td>
</tr>
<tr>
<td>2. Preliminary Design (Preferred Design and Cost Estimate)</td>
<td>April 2012</td>
</tr>
<tr>
<td>4. Construction</td>
<td>September 2014</td>
</tr>
</tbody>
</table>

It is proposed that the consultant team selected for contract award would be awarded up to the entire scope of work that includes all four phases. Therefore, the only guaranteed contract work is Phase 1 – Site Assessment and Conceptual Design. Port and DPW staff will be included as part of the project team during the Phase 1 portion of this work.

A Notice to Proceed for subsequent phases would be subject to the Department of Public Works Landscape Architecture and Bureau of Engineering reviewing the Phase 1 work and providing a competitive proposal for subsequent phases of the project work. Should the Department of Public Works choose to perform all or part of the work and can do so within the required schedule for a reasonable fee with the GO Bond budget, the remaining work will be performed by city staff.

It is Port staff’s intent that in the recommendation for contract award from a competitive selection process, the contract will generally stipulate the above conditions.

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
      Conduct audits of utility users tax and access line tax of service providers' records; provide legislative and technological updates and analysis; train City's audit staff to continue audit and enforcement of UUT and ALT tax requirements; and provide tax revenue enhancement and detection services.

   B. Explain why this service is necessary and the consequences of denial:
      Underreporting or non-reporting of these taxes occur due to various reporting or categorization errors in this highly technological field. Without expertise in auditing, consultation, data collection and review in this specialized field, the City will continue to lose potential tax revenue.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
      No such service has been provided in the past.

   D. Will the contract(s) be renewed: After contractor selection in the next few months through a Request for Proposal process in 2010, the contract may be renewed for one year depending on whether all services have been provided.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriaté (refer to instructions for specific procedures):

FOR DEPARTMENT OF HUMAN RESOURCES USE

PSC# 41-0-6-10/1
STAFF ANALYSIS/RECOMMENDATION: CYMK

CIVIL SERVICE COMMISSION ACTION:

0022
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Selected contractor is required to have experience conducting UUT and/or ALT audit services for cities in CA, including knowledge of procedures and practices of major public utilities providers and of the Public Utilities Commission regulations and requirements, as well as proof of successfully providing revenue to local governments as a direct outcome of its services. The contractor must work closely with City departments, businesses including service providers, taxpayers, and monitor changes in proposed related legislation and technology.

   B. Which, if any, civil service class normally performs this work?
      No civil service class has performed this specific function. Classes appropriate to perform such auditing services are: 4220 Personal Property Auditor, 4222 Senior Personal Property Auditor, and 4224 Principal Personal Property Auditor.

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      City employees do not possess the specialized expertise to audit UUT and/or ALT areas. Such expertise includes knowledge of the various utility services utilized, including electricity, gas, water, steam, and telephone communication services utilized, and the various trunk lines that are taxable. Such expertise also includes keeping abreast of the legislative and technological changes, and analyze its impact on tax revenue.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain:
      No. The service is highly specialized, but included in the service is training for existing City audit staff.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?  
      Yes  No  

   B. Will the contractor train City and County employees?
      Yes  No
      - Describe the training and indicate approximate number of hours. Training includes written manual, on site guidance, workshops, and technical assistance for 3 months.
      - Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained. Classes receiving training include: 4222 Senior Personal Property Tax auditors (6), 4224 Principal Auditors (2), 0931 Chief Auditor (1) and 0935 Business Tax Director (1).

   C. Are there legal mandates requiring the use of contractual services?  
      Yes  No  

   D. Are there federal or state grant requirements regarding the use of contractual services?  
      Yes  No  

   E. Has a board or commission determined that contracting is the most effective way to provide this service?  
      Yes  No  

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? Yes, subject to the outcome of the RFP process.

PERSONAL SERVICES CONTRACT SUMMARY

DATE: 09/30/2010 (30-day Union Notice) 11/01/2010 (to DHR)

DEPARTMENT NAME: San Francisco Public Utilities Commission  DEPARTMENT NUMBER: 40

TYPE OF APPROVAL: ☑ REGULAR  (OMIT POSTING _________ )
☐ EXPEDITED  ☐ CONTINUING  ☐ ANNUAL

TYPE OF REQUEST: ☑ INITIAL REQUEST  ☐ MODIFICATION (PSC# _________ )

TYPE OF SERVICE: Sampling of Deep Groundwater Wells (Groundwater Monitoring Program)
                   (CS-179)

FUNDING SOURCE: Water Enterprise Water Resources Division – Operating Fund

PSC AMOUNT: $350,000  PSC DURATION: 02/01/2011 to 12/31/2014

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
      The purpose of this contract is to provide professional services to SFPUC for purging, collection and monitoring of groundwater samples from wells and other support to the Groundwater Monitoring Program. Such services will include collection and transport to the testing lab of groundwater extracted from existing monitoring wells and production wells on a semi-annual basis to assist in the annual characterization of groundwater conditions and support of local and regional groundwater resource management throughout the SFPUC's water system including the Westside Basin in San Francisco and San Mateo Counties.
   B. Explain why this service is necessary and the consequences of denial:
      Service is necessary to provide continued implementation of the SFPUC's groundwater monitoring program which facilitates sustainable management of the groundwater resources. Findings from this program provide important inputs to two Water System Improvement Program (WSIP) Groundwater Project and Local Groundwater Projects. If denied, the SFPUC will no longer be able to effectively monitor or manage a large portion of groundwater resources within SFPUC water systems.
   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
      This service was being provided by consultants through a small purchase order contract. However an increase in the number of wells within the groundwater basin, specifically the increase in deep groundwater monitoring wells, makes it more efficient to set up a multi year contract to cover this work as it is ongoing.
   D. Will the contract(s) be renewed: Yes.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

   L21, L1021
   Shamica Jackson  09/30/2010 (30-day Union Notice)
   Signature of person mailing/faxing form  11/01/2010 (to DHR)
   Date

FOR DEPARTMENT OF HUMAN RESOURCES USE  NOV 01 2010
******************************************************************************

PSC# 1057  STAFF ANALYSIS/RECOMMENDATION: CIVIL SERVICE COMMISSION ACTION:

B. MCGEE  0025  PSC FORM 1 (9/96)
City and County of San Francisco

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:

   Knowledge and understanding of groundwater, geology and hydrogeology of groundwater wells. At least 5 years of experience implementing groundwater sampling techniques in accordance with American Society for Testing and Material standards. Experience purging and sampling groundwater wells with depth to water up to 250 feet below top of casing. City departments also do not maintain needed submersible pumps, controllers, generators, flow through cells and related parameter monitoring equipment needed to complete the testing.

   B. Which, if any, civil service class normally performs this work?

   None Known. This work is not currently performed by any civil services class.

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:

   No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:

   Currently no classes have the required experience, qualifications, availability as well as required equipment to complete the required work such as submersible pumps, controllers, generators, flow through cells and related parameter monitoring equipment mounted on a work truck. We are currently utilizing City staff to perform water level measurements at all monitoring wells. We also utilize City staff to sample shallow monitoring wells where existing City equipment can be used. City staff will continue to measure all water levels and sample shallow wells with low purge volumes.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.

   Sampling is conducted on a semi-annual basis and would likely have a duration of about 3-4 weeks per event. As such a new class created to conduct this work would have no additional tasks for approximately 80% of the work year. Purging and sampling equipment not currently owned by the City, would be expensive to purchase and maintain in part due to the infrequent use. This infrequent use of the expensive equipment would also make purchasing equipment less practical from a cost–benefit analysis.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?

   Yes [ ] No [X]

   B. Will the contractor train City and County employees?

   Yes [ ] No [X]

   • Describe the training and indicate approximate number of hours.
   • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.

   C. Are there legal mandates requiring the use of contractual services?

   Yes [ ] No [X]

   D. Are there federal or state grant requirements regarding the use of contractual services?

   Yes [ ] No [X]

   E. Has a board or commission determined that contracting is the most effective way to provide this service?

   Yes [ ] No [X]

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?

   Yes [ ] No [X]

Pursuant to recently negotiated provisions in the City’s memoranda of understanding ("MOUs") with City labor unions, Departments must now send such notices to affected unions either at the time the City issues a Request for Proposals/Request for Qualifications, or 30 days prior to the submission of a PSC request to DHR and/or the Commission, whichever occurs first. Such notice must include a copy of the draft PSC summary form.
PERSONAL SERVICES CONTRACT SUMMARY

DATE: 11/18/2010
DEPARTMENT NAME: Office of Economic and Workforce Dev. DEPARTMENT NUMBER: 21

TYPE OF APPROVAL: [ ] EXPEDITED [ ] REGULAR (OMIT POSTING ____ ) [ ] CONTINUING [ ] ANNUAL

TYPE OF REQUEST: [ ] INITIAL REQUEST [X] MODIFICATION (PSC #) 3120-09/10

TYPE OF SERVICE: Real estate economic feasibility, cost/benefit and fiscal analysis services.

FUNDING SOURCE: Time & materials administrative charges paid by private Development Agreement applicant.

PSC AMOUNT: $48,000 PSC DURATION: July 15, 2010 – December 15, 2010
Mod #1 amount: $35,000 Mod #1 duration: December 15, 2010 – March 31, 2011

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   Contractor will provide in-depth, independent fiscal and economic analysis and generate reports to assist the City during negotiation of the proposed Parkmerced Development Agreement. Conduct review and analysis of project pro forma assumptions, financial feasibility and the value of proposed community benefits package. Calculate the proposed project's net fiscal impact on the City General Fund and other funds during the life of the project, from construction through stabilized occupancy.

   B. Explain why this service is necessary and the consequence of denial:
   The services are necessary to assist the City with an independent review of the financial feasibility of the project, to ensure that proposed public benefits exceed those otherwise required through existing Code requirements, and to fully understand the project's fiscal and economic impacts on the City. A modification for amount and duration is requested as the approvals schedule for the project has been delayed. Denial of these services would limit the City's ability to negotiate the best possible outcome for the public and substantially reduce the accuracy and appropriateness of the City's internal economic analysis.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   Nearly identical technical services have been provided to OEWD to support negotiation of development agreements at Shipyard Candlestick and Treasure Island; however these contracts have been executed through the Redevelopment Agency and the Treasure Island Development Authority.

   D. Will the contract(s) be renewed? NO

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedure):

FOR DEPARTMENT OF HUMAN RESOURCES USE

PSC# 41058-10/11

STAFF ANALYSIS/RECOMMENDATION:

CIVIL SERVICE COMMISSION ACTION:

NOV 17 2010
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Must have specific skills and expertise in the San Francisco/Bay Area residential real estate market, development project financial pro forma analysis and cash flow management. Must also have skilled and expertise in fiscal analysis; economic forecasting; estimating and analyzing the fiscal and economic impacts of phased real estate development.

   B. Which, if any, civil service class normally performs this work?
      Classes 0933 – Manage V, 0932 – Manager IV, and 1824 – Principle Administrative Analyst

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      Highly specialized – can't find anywhere else. The City is seeking services which are highly specialized and specific to the San Francisco/Bay Area residential real estate market, which cannot be provided by existing Civil Service classifications. In addition, as this analysis is of proposed community and public benefits, it is important that it be an independent, third-party analysis. The analysis will support OEWD in its negotiations with a private developer over the proposed public benefits granted under a development agreement.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No. The City is seeking an independent, third-party analysis. The work is short-term and highly specialized in nature.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?
      [ ] Yes [ ] No

   B. Will the contractor train City and County employees?
      [ ] Yes [ ] No
      • Describe the training and indicate approximate number of hours.
      • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate numbers to be trained.

   C. Are there legal mandates requiring the use of contractual services?
      [ ] Yes [ ] No

   D. Are there federal or state grant requirements regarding the use of contractual services?
      [ ] Yes [ ] No

   E. Has a board or commission determined that contracting is the most effective way to provide this service?
      [ ] Yes [ ] No

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?
      [ ] Yes [ ] No

THE ABOVE INFORMATION IS SUBMITTED AS COMPLETE AND ACCURATE ON BEHALF OF THE DEPARTMENT HEAD:

PERSONAL SERVICES CONTRACT SUMMARY

DATE: 11-10-2010
(REvised)

DEPARTMENT NAME: Telecom & Information Services
DEPARTMENT NUMBER: 75

TYPE OF APPROVAL: ☐ EXPEDITED ☑ REGULAR (OMIT POSTING _____)

TYPE OF REQUEST: ☐ CONTINUING ☐ ANNUAL

 INITIAL REQUEST ☑ MODIFICATION (PSC# 4101-07/08)

TYPE OF SERVICE: Computer Programming and Testing

FUNDING SOURCE: Interdepartmental work order

Original PSC Amount: $2,600,000 Duration: December 1, 2007 - November 30, 2010
1st Modification: ($98,491) Duration: January 1, 2008 - November 30, 2010
2nd Modification: $480,000 Duration: December 1, 2010 - June 30, 2012
Total PSC Amount: $3,080,000 Duration: December 1, 2007 - June 30, 2012

1. DESCRIPTION OF WORK:
   A. Concise description of proposed work: The contractor provides system software and special technical support services for the City’s mainframe in the following areas: operating system (OS) system upgrades and customization, CICS (customer information control system) transaction server migration, Web-to-Host implementation, exploration of USS (Unix System Services) features, and technical system support for FAMIS (Financial Accounting Management Information System), the City’s financial and budgeting system.
   
   B. Explain why this service is necessary and the consequence of denial: We request approval of this modification to extend the duration and increase compensation due to a proprietary system application that the contractor provides to support the City’s mission critical operations on the mainframe and the current migration efforts in process. In addition, this contract will serve as an interim agreement as the Department assesses the City’s current mainframe systems requirements in order to conduct a thorough Request for Proposal (RFP) process to address services going forward after completion of the City’s Data Center move project. It is imperative that the City maintains the services the contractor provides throughout migration to the new mainframe at 200 Paul Street. There would be significant risk and exposure without an existing contract in place for this service since it would leave the City without an ability and process to recover and restore these applications and services.
   
   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number): This service has been provided by a contractor under PSC 4101-07/08.
   
   D. Will the contract(s) be renewed? Possible extended service on a month-to-month basis and depending on the City’s need for qualified candidates with mainframe skills and experience.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedure):

FOR DEPARTMENT OF HUMAN RESOURCES USE

PSC# 4101-07/08
STAFF ANALYSIS/RECOMMENDATION:

CIVIL SERVICE COMMISSION ACTION:
3. **DESCRIPTION OF REQUIRED SKILLS/EXPERTISE**
   A. Specify required skills and/or expertise: **Expert knowledge, experience in the advanced systems programming disciplines, problem analysis and resolution skills, which are essential to support mission critical systems on the mainframe.**
   B. Which, if any, civil service class normally performs this work? **1043, Senior IS Engineer; 1044, Principal IS Engineer.**
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain: **No.**

4. **WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM**
   A. Explain why civil service classes are not applicable: **No single City employee possess the multiple skill sets and expansive working knowledge needed to support the more than 75 software programs that run on the City's mainframe. The contractor uses a pool of specialists to support our needs. The contractor is required to have its own data center, which enables it to implement and test system enhancements at its own site, leaving City operations unaffected. Also, this project requires only 40% of one person's time.**
   B. Would it be practical to adopt a new civil service class to perform this work? Explain. **No. 1042 through 1044 classes apply.**

5. **ADDITIONAL INFORMATION** (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees? **No**
   B. Will the contractor train City and County employees?
      - **Yes**
      - Describe the training and indicate approximate number of hours.
      - Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate numbers to be trained.
      As needed, IS Engineers (1042, 1043, and 1044) if DTIS encounters production problems associated with mainframe operations or with the 75 software programs running on it. Less than 50 hours per year.
   C. Are there legal mandates requiring the use of contractual services? **Yes**
   D. Are there federal or state grant requirements regarding the use of contractual services? **Yes**
   E. Has a board or commission determined that contracting is the most effective way to provide this service? (See copy attached: BOS Resol. No. 293-10, Prop J contract). **No**
   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? **Yes**

1. DESCRIPTION OF WORK
   A. Concise description of proposed work: The contractor provides system software and special technical support services for the City's mainframe in the following areas: operating system (OS) system upgrades and customization; CICS (customer information control system) transaction server migration, Web-to-Host implementation, exploration of USS (Unix System Services) features, and technical system support for FAMIS (Financial Accounting Management Information System), the City's financial and budgeting system.

   B. Explain why this service is necessary and the consequence of denial: The mainframe provides computing services to several of the City's critical processes, financial systems, payroll, business tax, and record management for law enforcement departments. This service is necessary to maintain operating system infrastructure that support these mission critical systems in the mainframe. For justice systems, the public and officer safety measures could be seriously jeopardized if technical problems are not resolved quickly. For the citywide system, serious performance problems can affect all City departments in conducting their normal business operations.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number): This service has been provided by a contractor under PSC 4101-07/08.

   D. Will the contract(s) be renewed? Possible extended service on a month-to-month basis and depending on the City's need for qualified candidates with mainframe skills and experience.

Resolution concurring with the Controller's certification that services previously approved can be performed by private contractor for a lower cost than similar work performed by City and County employees, for the following services: budget analyst (Board of Supervisors); absentee voter ballot distribution (Department of Elections); LGBT Anti-violence Education and Outreach Program (District Attorney); central shops security, convention facilities management, janitorial services, and security services (General Services Agency–City Administrator); security services–1680 Mission Street (General Services Agency–Public Works); mainframe system support (General Services Agency–Technology); security services (Human Services Agency); Project S.A.F.E. (Police); and food services (Sheriff).

WHEREAS, The Electorate of the City and County of San Francisco passed Proposition J in November 1976, allowing City and County Departments to contract with private companies for specific services which can be performed for a lower cost than similar work by City and County employees (Charter Section 10.104.15); and,

WHEREAS, The City has previously approved outside contracts for the services listed below; and,

WHEREAS, The Controller has determined that a Purchaser's award of a contract for the services listed below to a private contractor will continue to achieve substantial cost savings for the City; and,

WHEREAS, The City and County of San Francisco must reconcile a projected $483 million budget deficit for Fiscal Year 2010-2011 with a Charter obligation to enact a balanced budget each fiscal year; and,
WHEREAS, The Mayor has determined that the state of the City's budget for Fiscal Year 2010-2011 as indicated herein has created an emergency situation justifying a Purchaser's award of a contract for budget analyst (Board of Supervisors); absentee voter ballot distribution (Department of Elections); LGBT Anti-violence Education and Outreach Program (District Attorney); central shops security, convention facilities management, janitorial services, and security services (General Services Agency–City Administrator); security services–1680 Mission Street (General Services Agency–Public Works); mainframe system support (General Services Agency–Technology); absentee voter ballot distribution (Department of Elections); security services (Human Services Agency); Project S.A.F.E. (Police); and janitorial services (Sheriff); and,

WHEREAS, The Controller's certification, which confirms that said services can be performed at lower costs to the City and County by private contractor than by employees of the City and County, is on file with the Clerk of the Board of Supervisors in File No. 100742, which is hereby declared to be part of this resolution as if set forth fully herein; now, therefore be it;

RESOLVED, That the Board of Supervisors hereby concurs with the Controller's certification, and the Mayor's determination of an emergency situation, and approves the Proposition J Resolution concerning the Purchaser's award of a contract to a private contractor for the services listed below for the period of July 1, 2010 through June 30, 2011.

Resolution concurring with the Controller's certification that services previously approved can be performed by private contractor for a lower cost than similar work performed by City and County employees, for the following services: budget analyst (Board of Supervisors); absentee voter ballot distribution (Department of Elections); LGBT Anti-violence Education and Outreach Program (District Attorney); central shops security, convention facilities management, janitorial services, and security services (General Services Agency-City Administrator); security services-1680 Mission Street (General Services Agency-Public Works); mainframe system support (General Services Agency-Technology); security services (Human Services Agency); Project S.A.F.E. (Police); and food services (Sheriff).

June 22, 2010 Board of Supervisors - ADOPTED
Ayes: 10 - Avalos, Campos, Chu, Chu, Daly, Duffy, Elsbernd, Mar, Maxwell and Mirkarim
Excused: 1 - Alloto-Pier

I hereby certify that the foregoing Resolution was ADOPTED on 6/22/2010 by the Board of Supervisors of the City and County of San Francisco.

Angela Calvillo
Clerk of the Board

Date Approved

Mayor Gavin Newsom
