Subject: Personal Services Contracts Approval Request

This report contains thirteen (13) personal services contracts (PSCs) in accordance with the revised Civil Service Commission (CSC) procedures for processing PSCs that became effective on July 1, 1996.

The services proposed by these contracts have been reviewed by Department of Human Resources (DHR) staff to evaluate whether the requesting departments have complied with City policy and procedures regarding PSCs. The proposed PSCs have been posted on the DHR website for seven (7) calendar days. CSC procedures for processing PSCs require that any appeal of these contracts be filed in the office of the CSC, Executive Officer during the posting period.

No timely appeals have been filed regarding the PSCs contained in this report. These proposed PSCs are being submitted to the CSC for ratification/approval.

DHR has prepared the following cost summary for personal services contracts that have been processed through the Department of Human Resources to date:

<table>

PERSONAL SERVICES CONTRACT SUMMARY

DATE: October 21, 2011

DEPARTMENT NAME: AIRPORT COMMISSION

DEPARTMENT NUMBER: 27

TYPE OF APPROVAL: ☐ EXPEDITED ☒ REGULAR (OMIT POSTING ___)

TYPE OF REQUEST: ☒ INITIAL REQUEST ☐ MODIFICATION

TYPE OF SERVICE: Maintenance of Water Perimeter Security Zone

FUNDING SOURCE: Airport Operating Funds

PSC AMOUNT: $100,000 PSC DURATION: 1/3/2012-12/31/2016

1. DESCRIPTION OF WORK

A. Concise description of proposed work: To perform on-going inspection, maintenance and necessary repair/replacement of San Francisco International Airport’s water perimeter buoy system, which standard maintenance includes annual above and annual below water inspections, hardware repair and replacement, installation, and/or reconnection of new or recovered buoys.

B. Explain why this service is necessary and the consequences of denial: To provide visual barrier and deterrent to Airport’s Water Perimeter Security Zone for vessels traversing bay waters. This service also provides the 200 foot security demarcation point for responding security personnel to approach intruding vessels. Not maintaining buoy system for visual barrier and deterrent would significantly reduce the Airport’s ability to respond to a threat.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number): The services have been previously provided through a contract, most recently under PSC # 3051-10/11.

D. Will the contract(s) be renewed? Yes, if there continues to be a need for such services at the Airport.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedure):

FOR DEPARTMENT OF HUMAN RESOURCES USE

PSC #: 4069 - 11/12

STAFF ANALYSIS/RECOMMENDATION:

CIVIL SERVICE COMMISSION ACTION:
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Duties include: 1) ability to operate a work skiff (boat with outboard motor) in navigable water and maintain buoy assemblies above and underwater; 2) ability to dive using surface supplied breathing apparatus; and 3) familiarity with CAL OSHA regulations related to diving.
   B. Which, if any, civil service class normally performs this work?
      The following classifications may perform a part of this work: Class 9330 Pile Worker, Class 9332 Piledriver Supervisor I, and Class 9355 Wharfinger I may assist a diver and/or operate a skiff but do not have the expertise in underwater repair of buoys which are part of a water perimeter security system.
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain: No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      Civil service classifications are not applicable as the work is intermittent and entails a couple of people for short periods of time.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No, the amount of work required is anticipated to require no more than six eight hour work days per year.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees? Yes  No

   B. Will the contractor train City and County employees?
      • Describe the training and indicate approximate number of hours.
      • Indicate occupational type of City and County employees to receive training (e.g., clerks, civil engineers, etc.) and approximate numbers to be trained.

   C. Are there legal mandates requiring the use of contractual services? Yes  No

   D. Are there federal or state grant requirements regarding the use of contractual services? Yes  No

   E. Has a board or commission determined that contracting is the most effective way to provide this service? No, however, Airport Commission has approved Resolution #11-0205 to issue a RFP for this service.

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? Yes  No

THE ABOVE INFORMATION IS SUBMITTED AS COMPLETE AND ACCURATE ON BEHALF OF THE DEPARTMENT HEAD:

PSC FORM 1 (9/96)
RESOLUTION AUTHORIZING AIRPORT STAFF TO ISSUE A REQUEST FOR PROPOSALS (RFP) FOR MAINTENANCE OF THE AIRPORT'S WATER PERIMETER SECURITY BUOY SYSTEM, AND TO ENTER INTO NEGOTIATIONS WITH THE TOP RANKED PROPOSER

WHEREAS, the current SFO Water Perimeter Security Zone incorporates 25 buoys, along with anchoring hardware, located 200 feet from the Airport's perimeter which act as the delineation point for the Airport's restricted area and the public waterways; and

WHEREAS, constantly shifting tidal currents and a harsh maritime environment create significant stress on the current buoy system subjecting each part of every buoy and anchoring hardware to constant varying forces such as gyration, corrosion, tidal currents, and sunlight; and

WHEREAS, it is necessary to conduct routine maintenance of the SFO Water Perimeter Security Zone to ensure that all pieces of this security zone function as intended; and

WHEREAS, the Airport purchased the original supply and installation of its buoy system through a blanket purchase order process in July 2004; and

WHEREAS, in April 2008, the Airport entered into a formal maintenance and repair agreement with Underwater Resources, Inc. for period of two (2) years; and

WHEREAS, on January 11, 2011, proposals were accepted for the maintenance of the system with the award going to DRS Marine, Inc. for a period of one (1) year; and

WHEREAS, effective January 31, 2012, the current contract with DRS Marine, Inc. will expire and there will be no means for the Airport to provide for regular maintenance on the current SFO Water Perimeter Security Zone system and/or address any possible emergency situations; now, therefore be it

RESOLVED, that the Commission authorizes Airport staff to issue an RFP for maintenance and repairs to the SFO Water Perimeter Security Zone and authorizes staff to conduct negotiations with the highest ranked proposer and, should the staff be unable to successfully conclude negotiations, staff is authorized to commence negotiations with the next highest ranked proposer for an initial three-year term with three one-year renewal options exercisable at the sole discretion of the Commission. The source of funds is within the existing Aviation Security budget and the initial three-year award shall not exceed $60,000. Staff will return to the Commission to award the contract to the successful proposer.

Thenceby certify that the foregoing resolution was adopted by the Airport Commission

at its meeting of SEP 06 2011

PERSONAL SERVICES CONTRACT SUMMARY

DATE: October 21, 2011
DEPARTMENT NAME: AIRPORT COMMISSION
DEPARTMENT NUMBER: 27

TYPE OF APPROVAL: [X] REGULAR (OMIT POSTING ___)
[ ] EXPEDITED [ ] CONTINUING [ ] ANNUAL

TYPE OF REQUEST: [X] INITIAL REQUEST [ ] MODIFICATION

TYPE OF SERVICE: Design-Build Services for Checked Baggage Inspection System (CBIS) Modernization Program and Baggage Handling System Improvements

FUNDING SOURCE: Airport Capital and Federal Transportation Security Administration Funds

TOTAL PSC AMOUNT: $68,000,000
TOTAL PSC DURATION: 1/3/2012 – 1/3/2015

1. DESCRIPTION OF WORK

A. Concise description of proposed work: This request is for design-build services, separate from the design and integration services approved under PSC #4099-09/10 on June 6, 2011. The Airport’s design consultant, approved under PSC #4099-09/10, will prepare bridging documents for the design-build request for proposal. The selected design-build contractor under this request will prepare the final design, as the Engineer of Record for the following tasks:

International Terminal and Terminal 3, Boarding Area F - Checked Baggage Inspection System (CBIS) Modernization Program: Design-build services required for the TSA’s CBIS modernization program to replace security screening and associated baggage handling system (BHS) equipment that is obsolete or beyond its useful life.

International Terminal - Baggage Handling System Improvements: Design-build services required for the Airport’s International Terminal BHS improvements project to replace BHS equipment that is obsolete and beyond its useful life.

Terminal 3 Boarding Area E and F BHS Transfer Lines: Design-build services required for new BHS transfer lines connecting the Boarding Area E and F BHS and CBIS. The transfer lines are necessary to provide for increasing BHS and CBIS capacity and flexibility requirements.

B. Explain why this service is necessary and the consequences of denial: The TSA initiated a Recapitalization Program for the purpose of funding the modernization of the TSA’s CBIS equipment and associated BHS equipment. The International Terminal and Terminal 3, Boarding Area F CBIS is obsolete and at the end of its service life. The Airport has executed Other Transaction Agreements with the TSA for 90% reimbursement of design and construction costs under the TSA’s Recapitalization Program. The CBIS has insufficient capacity and reliability to support Airport checked baggage operations, and TSA requires new equipment to reduce maintenance. All of this requires BHS design-build services.

The International Terminal BHS, outside the TSA’s CBIS area, has insufficient capacity and reliability for the twenty five airlines that occupy the facility. This includes BHS mechanical, electrical and controls equipment that are beyond their service life, and must be replaced to maintain operations. This project is...
integrated with the International Terminal CBIS Modernization Program and must be performed under the same design-build contract.

Aircraft gate allocations assigned under the terms of the Airport’s Lease and Use Agreement with the airlines have resulted in new requirements for increased BHS and CBIS capacity and flexibility. New transfer line conveyors and controls are required between the Terminal 3, Boarding Areas E and F BHS and CBIS to maintain operations. This project is integrated with the Terminal 3, Boarding Area F CBIS Modernization Program and must be performed under the same design-build contract.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
Related design and integration services have been previously provided through a contract under PSC # 4099-09/10. The baggage handling systems have been performed under design-build contracts.

D. Will the contract(s) be renewed? Yes, if there continues to be a need for such services at SFO.

FOR DEPARTMENT OF HUMAN RESOURCES USE

PSC # 4070-11/12
STAFF ANALYSIS/RECOMMENDATION:

CIVIL SERVICE COMMISSION ACTION:

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
A. Specify required skills and/or expertise: Baggage Handling Systems design, construction and integration is unique to this specialized industry. Design requires a combination of specialized expertise in baggage handling conveyor systems, programmable logic controls, electronics, motor controls, and TSA explosives detection systems. The design and construction must meet TSA certification standards and testing to be licensed for operation.

B. Which, if any, civil service class normally performs this work? There are no current civil service classes that can design baggage handling systems. However, civil service classes participate in Airport baggage handling systems in capacities such as building electrical power and infrastructure design. A project manager II and IV (5504 and 5508 class) will be managing this project.

C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain: No.
4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable: There are currently no civil service classes which have the technical expertise in the design, programming, and integration of these specialized Airport operating systems.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain. No, because once the baggage handling system are designed, built and integrated, the service is no longer required.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?  
      [X] No  

   B. Will the contractor train City and County employees?
      [X] No
      - Describe the training and indicate approximate number of hours.
      - Indicate occupational type of City and County employees to receive training (e.g., clerks, civil engineers, etc.) and approximate numbers to be trained.

   C. Are there legal mandates requiring the use of contractual services?  
      [X] No  

   D. Are there federal or state grant requirements regarding the use of contractual services?  
      [X] No  

   E. Has a board or commission determined that contracting is the most effective way to provide this service? No, however, Airport Commission has approved Resolutions #11-0200 and #11-0223 to issue a RFQ/P for this service.

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? A RFQ/P has been issued and the results of that process are not known at this time.

THE ABOVE INFORMATION IS SUBMITTED AS COMPLETE AND ACCURATE ON BEHALF OF THE DEPARTMENT HEAD:

Larry,

Here is the portion of the RFQ with the scope of work. If you want the entire RFQ (since it quite lengthy), let me know.

Thanks,

Cynthia

Larry,

Let me know what is it you are really looking for since I don’t have the PSCs by Airport Division. If I gave you copies of all PSCs related to baggage handling system improvements would that help Local 21 to make a determination since I can do that?

Hopefully the DHR system will be in place and L21 will be able to search all of this soon. Let me know.

Thanks,

Cynthia

Hi Cynthia,

Before L21 provides comment on this PSC, could you take a moment at provide a listing summary of "ALL" PSCs/Contracts that Airport has to date?

I know this PSC appears similar to the 4099-09/10 for the similar overall work; but this PSC is a Design-Built while the 4099-09/10 is the consultant for bridging documents.

Larry,
Attached is the SFO’s DRAFT PSC Design-Build Services for Checked Baggage Inspection System as well as PSC 4099-09/10 which was approved on June 6, 2011 for the Design and Integration Services related to this Design-Build request. We will send you the notice of the RFP as soon as it is posted (estimated for next week).

Please let me know if you have further questions. Thanks,

AIRPORT COMMISSION
CITY AND COUNTY OF SAN FRANCISCO
RESOLUTION NO. 11-0200

AUTHORIZATION TO ISSUE A REQUEST FOR QUALIFICATIONS AND A REQUEST FOR PROPOSALS FOR DESIGN-BUILD SERVICES FOR CONTRACT NO. 9024.A, INTERNATIONAL TERMINAL AND BOARDING AREA F CHECKED BAGGAGE INSPECTION SYSTEM MODERNIZATION PROGRAM AND INTERNATIONAL TERMINAL BAGGAGE HANDLING SYSTEM IMPROVEMENT PROJECT CONSTRUCTION

WHEREAS, the TSA initiated a Recapitalization Program for the purpose of funding the modernization of the TSA’s Explosive Detection Systems (EDS) equipment within airport bag room Checked Baggage Inspection Systems (CBIS); and

WHEREAS, both the International Terminal and Boarding Area F EDS equipment is at the end of its service life, and the CBIS areas are obsolete; and

WHEREAS, on August 16, 2011, by Resolution No. 11-0177, the Commission authorized the Director to execute an OTA with the TSA for 90% reimbursement of construction costs, including CM support services during construction, for the International Terminal and Boarding Area F Checked Baggage Inspection System Modernization Program (Program) under the TSA’s Recapitalization Program, in an amount not to exceed $40,456,890; and

WHEREAS, the Airport will pay for 10% of the construction cost and CM support of the Modernization Program from FY 11/12 capital funds, in the amount of $4,495,210, and the total construction cost and CM support for the Modernization Program is not to exceed $44,952,100; and

WHEREAS, the estimated construction cost of the Program is 41,000,000; and

WHEREAS, the Airport has budgeted for International Terminal Baggage Handling System (BHS) Improvements outside the CBIS area under the Airport’s capital plan to replace equipment and systems that are beyond their useful life and that impact the reliability of the BHS; and

WHEREAS, the Airport’s BHS Improvements are integrated with the TSA Program and should be installed concurrently by the same contractor to avoid coordination, phasing, and scope-gap issues; and

WHEREAS, the estimated construction cost for the Airport’s BHS improvements is $18,334,000; and

WHEREAS, the total estimated construction cost for Contract 9024.A, including the Modernization Program and the Airport’s BHS improvements is $59,344,000; and

WHEREAS, the duration of the proposed contract is 30 months; and

WHEREAS, a design-build approach is necessary to achieve cost savings and time efficiencies, making it in the public’s best interest to contract for the proposed work under a design-build approach; and

WHEREAS, the contract will be on an actual-cost-plus-fixed-fee basis, in accordance with Federal Acquisition Regulations (FAR); and
WHEREAS, a qualified evaluation team will be established to review the contractors’ proposals and to determine which proposal provides the best value to the Airport in accordance with FAR requirements; and

WHEREAS, based on the scores provided by the evaluation team, staff will rank the firms, and return to the Commission with a recommendation to award a contract to the highest scoring design-build firm; and

WHEREAS, due to the federal funding component for these services, staff will work with Airport Small Business Affairs personnel to develop a small business program for these services to engage the participation of local, small, and disadvantaged businesses; now, therefore be it

RESOLVED, that the Commission approves the proposed resolution authorizing the Director to issue a Request for Qualifications and Request for Proposals for design-build services for Contract No. 9024.A, International Terminal and Boarding Area F Checked Baggage Inspection System Modernization Program and International Terminal Baggage Handling System Improvement Project construction.

I hereby certify that the foregoing resolution was passed by the Airport Commission at its meeting of SEP 06 2011

[Signature]
Secretary
AUTHORIZATION TO AMEND THE REQUEST FOR QUALIFICATIONS AND REQUEST FOR PROPOSAL FOR CONTRACT NO. 9024.A, INTERNATIONAL TERMINAL AND BOARDING AREA F CHECKED BAGGAGE INSPECTION SYSTEM MODERNIZATION PROGRAM, AND THE INTERNATIONAL TERMINAL BAGGAGE HANDLING SYSTEM IMPROVEMENT PROJECT

WHEREAS, the TSA initiated a Recapitalization Program for the purpose of funding the modernization of the TSA’s Explosive Detection Systems (EDS) equipment within airport bag room Check Baggage Inspection Systems (CBIS); and

WHEREAS, both the International Terminal and Boarding Area F EDS equipment is at the end of its service life and the CBIS areas are obsolete; and

WHEREAS, on August 16, 2011, by Resolution No. 11-0177, the Commission authorized the Director to execute an OTA with the TSA for 90% reimbursement of construction costs, including CM support services during construction, for the International Terminal and Boarding Area F Checked Baggage Inspection System Modernization Program (Modernization Program) under the TSA’s Recapitalization Program, in an amount not to exceed $40,456,890; and

WHEREAS, the Airport will pay for 10% of the construction cost and CM support of the Program from FY 11/12 capital funds, in the amount of $4,495,210, and the total construction cost and CM support for the Program is in the amount of $44,952,100; and

WHEREAS, the estimated construction cost of the Modernization Program is in the amount of $41,000,000; and

WHEREAS, the Airport has budgeted for International Terminal Baggage Handling System (BHS) Improvements outside the CBIS area under the Airport’s capital plan to replace equipment and systems that are beyond their useful life and impact the reliability of the BHS; and

WHEREAS, the estimated construction cost for the Airport’s BHS Improvements is in the amount of $18,344,000; and

WHEREAS, the total estimated construction cost for Contract 9024.A, including the Modernization Program, and the Airport’s BHS Improvements is in the amount of $59,344,000; and

WHEREAS, on September 6, 2011, by Resolution No. 11-0200 the Commission authorized the Director to issue a RFQ and RFP for design-build services for Contract No. 9024.A; and

WHEREAS, the Airport has determined that baggage handling system transfer line conveyors are required to allow for airline flexibility to direct bags from all Terminal 3 ticket counters to Boarding Area E and F; and

WHEREAS, the baggage transfer line conveyors are integrated with the Boarding Area F elements of the Modernization Program, and should be installed concurrently, and by the same contractor to avoid coordination, phasing and scope gap issues; and
WHEREAS, the Airport has budgeted for the baggage transfer conveyors under the Airport’s Capital Plan, and the estimated construction cost is in the amount of $5,000,000; and

WHEREAS, the revised total construction cost estimate for Contract 9024.A, including the Modernization Program, the Airport’s BHS Improvements, and the baggage transfer conveyors, is in the amount of $64,344,000; and

WHEREAS, the duration of the contract is proposed to increase from 30 to 36 months to accommodate the additional scope; now, therefore be it

RESOLVED, that the Commission approves the proposed resolution authorizing the Director to amend the Request for Qualifications and Request for Proposal for Contract No. 9024.A, International Terminal and Boarding Area F Checked Baggage Inspection System Modernization Program, and the International Terminal Baggage Handling System Improvement Project construction to include the Boarding Area E and F baggage transfer conveyors, and to increase the duration of the proposed contract to 36 months.

I hereby certify that the foregoing resolution was adopted by the Airport Commission

at its meeting of ___________________________

DEPARTMENT NAME: Arts Commission
DEPARTMENT NUMBER: 28

DATE: 11/4/11

TYPE OF APPROVAL: ☑ REGULAR (OMIT POSTING ________ )
☑ INITIAL REQUEST ☐ MODIFICATION (PSC# ________ )

TYPE OF SERVICE: Artist design, fabrication of artwork

FUNDING SOURCE: Art Enrichment

PSC AMOUNT: $132,000 PSC DURATION: 12/1/11-11/30/14

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   Artist will provide design development and construction documents and fabricate artwork designed for Municipal Railway Maintenance Facility at Islais Creek.

   B. Explain why this service is necessary and the consequences of denial:
   City administrative code section 3.19 requires 2% of capital improvement construction cost be allocated to art enrichment. Denial would prohibit fulfillment of this requirement.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   This service was originally approved under PSC# 3008-08/09 (7/22/2008) but the term has expired and the scope has increased due to additional elements being added to the artist’s contract.

   D. Will the contract(s) be renewed:
   No

TYPE OF SERVICE: Art Enrichment for Islais Creek Muni Maintenance and Operations Facility

FUNDING SOURCE: Direct Charge (Work Authorization)

PSC AMOUNT: $45,000
PSC DURATION: July 8, 2008 – July 8, 2011

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
      Artist will fabricate, deliver, and install an artwork for the Islais Creek Muni Maintenance and Operations Facility.

   B. Explain why this service is necessary and the consequences of denial:
      Art enrichment is mandated by City Ordinance – Administrative Code 3.19. The artist has completed the design of the artwork and is ready to proceed with its fabrication and installation.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
      This is a new service. Each art enrichment project is a separate specialized and unique service.

   D. Will the contract(s) be renewed:
      No.

3. **DESCRIPTION OF REQUIRED SKILLS/EXPERTISE**
   A. Specify required skills and/or expertise:
      Experience designing and fabricating artwork.
   B. Which, if any, civil service class normally performs this work?
      None. Artists are not a civil service classification.
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      No

4. **WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM**
   A. Explain why civil service classes are not applicable:
      There is no civil service classification for artists. Services required are unique and short term. An independent selection panel reviews slides, materials and presentation of a specific proposal to determine selection of an artist for the art project, and evaluates the quality, skill, and originality reflected in past work.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No. Each project is unique and requires different skills, as determined by an independent selection panel.

5. **ADDITIONAL INFORMATION** (if "yes", attach explanation)

Subject: FW: PSC for Artist design/fabrication for MUNI

Dear Ed and Larry;
At Maria Ryan’s suggestion, I am requesting that Local 21 and SEIU waive their 30 day review requirement for the attached PSC. This PSC is for an artist to design and fabricate an artwork for the MUNI Maintenance Facility at Islais Creek as part of the city’s art enrichment ordinance, which requires 2% of the construction cost of city capital projects be dedicated to art enhancement. Since artist is not a civil service position, we would appreciate your help in expediting the CSC approval process. If you have any questions, please do not hesitate to contact me. Thank you!

Subject: Re: PSC for Artist design/fabrication for MUNI

Hi, Susan.

As this PSC is over $50,000, the 30-day notice period is in effect, and expires on 12/7. After that point I could begin my review. The CSC has not yet determined 2012 hearing dates, and therefore I cannot tell you the meeting date this would be for, most likely early January.

As the work is not normally performed by SEIU, nor Local 21, you should contact the unions and ask them to waive the notice period. You should try to speak to Larry Wong at Local 21 lwong@lfte21.org, as he seems to be the staff most responsive to responding back on PSCs. At SEIU, try to reach Ed Warshauer ed.warshauer@seiu1021.org He has communicated with me via email and has been fairly responsive.

If you can get them to waive the period, and send me some communication to that effect, by next Tuesday 11/15, then your PSC will be included in the posting on 11/18 for the December 5th CSC meeting.

Sincerely,

Maria Ryan | Department of Human Resources | City & County of San Francisco | 415.551.8948

PERSONAL SERVICES CONTRACT SUMMARY

DATE: 11/18/2011

DEPARTMENT NAME: Emergency Management

DEPARTMENT NUMBER 77

TYPE OF APPROVAL: ☑️ REGULAR

☑️ INITIAL REQUEST

MODIFICATION (PSC#)

TYPE OF SERVICE: Consultant for regional catastrophic event planning pertaining to Public Information and Warning

FUNDING SOURCE: Homeland Security Grant Funding- Urban Areas Security Initiative Grant

PSC AMOUNT: $800,000

1. DESCRIPTION OF WORK

A. Concise description of proposed work: The contractor will assist Bay Area counties and cities with an evaluation and gap analysis of the UASI Region’s Public Information and Warning capabilities and systems with an emphasis on access and functional needs populations. The Contractor will deliver a five year strategic plan (including a sustainability component) of messaging, response and performance standards as well as policies and protocols for appropriate general and specific messaging to effectively communicate with first responders/providers and the public.

B. Explain why this service is necessary and the consequences of denial: In a catastrophic event, timely and effective communication through appropriate and coordinated messaging is paramount. This proposed contract will identify the current state of Public Information and Warning response resources and develop a strategic plan for developing capabilities in counties and jurisdictions in the 12-county UASI area. Denial of these services will prevent the region from completing plans for effective communications during a catastrophic event.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number): Not Applicable.

D. Will the contract(s) be renewed: No.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

STAFF ANALYSIS/RECOMMENDATION:

CIVIL SERVICE COMMISSION ACTION:

NOV 22 2011

0026
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise: Extensive expertise and knowledge in regional Public Information and Warning planning and project management. This project requires facilitation of multiple government agencies and jurisdictions in a capabilities assessment and in developing a five year strategic plan for Public Information and Warning.

   B. Which, if any, civil service class normally performs this work? Civil service Class 5291 – Planner III is the classification that can perform the work, as noted below in 4A

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain: No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable: The contract service is a regional planning project, involving 12 Bay Area counties, and requires extensive Public Information planning experience with a preference for a neutral organization not affiliated with any of the participating jurisdictions.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain. No, this project is not a continuing function. A neutral, non-affiliated, organization to facilitate stakeholder participation, and assist participating jurisdictions in assessing their own capabilities and developing a regional strategic plan within a tight time frame is needed.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees? Yes No

   B. Will the contractor train City and County employees?
      • Describe the training and indicate approximate number of hours.
      • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.

   C. Are there legal mandates requiring the use of contractual services? Yes No

   D. Are there federal or state grant requirements regarding the use of contractual services? Yes No

   E. Has a board or commission determined that contracting is the most effective way to provide this service? Yes No

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? Yes No

THE ABOVE INFORMATION IS SUBMITTED AS COMPLETE AND ACCURATE ON BEHALF OF THE DEPARTMENT HEAD:

To: Kim-Molina, Mkyung
Cc: Levaro, Tristan; Ryan, Maria; Joe Brenner; Larry Wong
Subject: RE: PSC FORM 1 - DEM USAI

Hi Mikyung,

Few questions.

1. Is Bay Area USAI a city agency and under which department?  
Bay Area USAI is part of the City's Department of Emergency Management (DEM).

2. Upon completion of this PSC in 2013, will there be a need for renewal?  
There will be no need for a renewal. The service is to conduct a gaps analysis and develop a strategic plan - once this is completed the service is done.

3. If there is a renewal possible, can there be in-house training?  
No renewal.

4. If there is no renewal at end of 2013, would like letter stating so unless DEM contacts Local #21 first prior to preparing renewal or modification to PSC. (Paragraph 1A is insufficient)
We will notify Local #21 first before preparing a renewal or a modification to the PSC.

PERSONAL SERVICES CONTRACT SUMMARY

DATE: October 26, 2011  Reissued October 27, 2011

DEPARTMENT NAME: San Francisco Municipal Transportation Agency
DEPARTMENT NUMBER 68

TYPE OF APPROVAL: ( ) EXPEDITED  (X) REGULAR (OMIT POSTING)
( ) CONTINUING  ( ) ANNUAL

TYPE OF REQUEST: (X) INITIAL REQUEST  ( ) MODIFICATION (PSC#)

TYPE OF SERVICE: Asbestos Removal and Rebuild of Electrical Controller

FUNDING SOURCE: SFMTA Operating Budget

PSC AMOUNT: $900,000.00  PSC DURATION: December 1, 2011 – November 30, 2016

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
      The contractor will remove asbestos from the electrical controllers taken from fifteen (15) Milan Street Cars and then rebuild them.

   B. Explain why this service is necessary and the consequences of denial:
      The Milan Street Cars were placed into service in San Francisco 12 years ago in 1999. The electrical controllers contain asbestos and during their tenure with SFMTA, they have never been overhauled. The San Francisco Municipal Transportation Agency (SFMTA) does not have a dedicated program for abating hazardous materials such as asbestos. These historical street car units are beginning to fail and maintenance estimates that they are in need of rebuilding to keep our service delivery to the public dependable. Denial of this service will result in the Milan Street Cars being placed out of service due to mechanical/electrical needs and safety concerns.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
      This service has not been provided in the past.

   D. Will the contract(s) be renewed:
      No.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

SFMTA approved  
10 - 31 - 11

STAFF ANALYSIS/RECOMMENDATION:
CIVIL SERVICE COMMISSION ACTION:

PSC FORM 1 (0/06)

OCT 31 2011
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      (1) Removal, handling and proper disposal of asbestos and hazardous materials.
      (2) Re-engineering vintage replacement parts.
      (3) Rebuild of K35KK Controller.
   B. Which, if any, civil service class normally performs this work?
      Classifications 7319 Electric Motor Repairer and 7371 Electrical Transit System Mechanic perform
      work of this nature, but SFMTA positions do not possess the specialized expertise in rebuilding
      controls for vintage street cars plus work with asbestos removal on such equipment.
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      Yes, we do not have a facility to handle asbestos abatement.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      More than one discipline is involved in this rebuild or re-manufacturing process:
      (1) Asbestos abatement; (2) component tear down; (3) re-engineering & performance testing;
      (4) Re-manufacturing or rebuild of vintage equipment; and (5) installation and/or assembly and
      performance testing.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No. This work is being done only on an as needed basis.

5. ADDITIONAL INFORMATION (If "yes", attach explanation) Yes No
   A. Will the contractor directly supervise City and County employees? ( ) (X)
   B. Will the contractor train City and County employees?
      - Describe training and indicate approximate number of hours.
      - Indicate occupational type of City and County employees to receive training
        (i.e., clerks, civil engineers, etc.) and approximate number to be trained. ( ) (X)
   C. Are there legal mandates requiring the use of contractual services? ( ) (X)
   D. Are there federal or state grant requirements regarding the use of
      contractual services? ( ) (X)
   E. Has a board or commission determined that contracting is the most
      effective way to provide this service? ( ) (X)
   F. Will the proposed work be completed by a contractor that has a
      current personal services contract with your department? ( ) (X)

PERSONAL SERVICES CONTRACT SUMMARY

DATE: November 9, 2011

DEPARTMENT NAME: Port of San Francisco

DEPARTMENT NUMBER: 39

TYPE OF APPROVAL: ☑ REGULAR

TYPE OF REQUEST: ☑ INITIAL REQUEST

TYPE OF SERVICE: Hazardous Waste Removal Contract

FUNDING SOURCE: Port Operating/Project Fund

PSC AMOUNT: $375,000.00

PSC DURATION: January 1, 2012 – December 31, 2014 (3 years)

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   The Contractor shall provide all services, labor, materials, and equipment necessary to provide hazardous waste packaging, removal, transportation and disposal-related tasks. Critical is the ability for the contractor to provide service with little notice, e.g., 24 hrs., 72 hrs., etc.

   B. Explain why this service is necessary and the consequences of denial:
   The Port property is extensive and open and subject to the abandonment of hazardous wastes. For purposes of safety and regulatory compliance, the Port requires very timely transportation and disposal services of these materials. Without this service the Port is likely to incur repeated notices of violations for failure to manage these materials in a timely way that protects public health and the SF Bay.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   This service has been provided using administrative work orders to other departments for use of their contractors. This process has proven to be too lengthy to satisfy regulatory and safety requirements. We have done work through purchases orders but OCA has requested that we process a PSC because the work requires special expertise.

   D. Will the contract(s) be renewed:
   This will be an ongoing need, therefore, the contract will need to be renewed and rebid on an ongoing basis.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

FOR DEPARTMENT OF HUMAN RESOURCES USE

PSC# 4074 - 11/12

STAFF ANALYSIS/RECOMMENDATION:

CIVIL SERVICE COMMISSION ACTION:
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Because the work involves hazardous material handling or work in and around potentially hazardous or environmentally sensitive areas, it requires highly trained workers capable of working in hazardous environments in compliance with 29CFR 1910.120. It will also require to abate asbestos, lead and mold, profile hazardous wastes, provide routine and emergency hazardous waste removal, transportation and disposal and recycling. This will also require firms that are state certified asbestos contractors and certified lead workers.

   B. Which, if any, civil service class normally performs this work?
      6130 – Safety Analyst (IFPTE, L21)
      6138 – Industrial Hygienist (IFPTE, L21)

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      Yes, they will provide supplies such as steel and poly drums, absorbent, packaging materials, and other material handling equipment, safety equipment and transportation vehicles.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      This is specialty work that is highly regulated and with significant risks. The safe performance of this work is dependent upon extensive training and regular opportunities to utilize the training.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      It would not be practical to adopt a new civil service class. This is specialty work that is highly regulated. The safe performance of this work is dependent upon extensive training and regular opportunities to utilize the training. The Port's need is sporadic and infrequent enough that a new civil service class is not required, nor is it reasonable to accept the liabilities of the work.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?  
      Yes  No
   B. Will the contractor train City and County employees?
      • Describe the training and indicate approximate number of hours.
      • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.

   C. Are there legal mandates requiring the use of contractual services?  
      Yes  No
   D. Are there federal or state grant requirements regarding the use of contractual services?  
      Yes  No
   E. Has a board or commission determined that contracting is the most effective way to provide this service?  
      Yes  No
   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?  
      Yes  No

PERSONAL SERVICES CONTRACT SUMMARY

DATE: 11/04/2011 (30-day Union Notice)
12/07/2011 (to DHR)
12/13/2011 (to DHR)-Revised

DEPARTMENT NAME: San Francisco Public Utilities Commission
DEPARTMENT NUMBER: 40

TYPE OF APPROVAL: ☑ REGULAR (OMIT POSTING ________ )
☐ EXPEDITED
☐ CONTINUING
☐ ANNUAL

TYPE OF REQUEST: ☑ INITIAL REQUEST
☐ MODIFICATION (PSC# ________ )

TYPE OF SERVICE: Outreach and Marketing Services, Power Enterprise (CS-227)

FUNDING SOURCE: Hetch Hetchy Power

PSC AMOUNT: $1,500,000
PSC DURATION: 03/01/2012 - 08/01/2016

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   CleanPowerSF will soon enroll residential energy customers throughout the City. The Consultants will design and implement an outreach program that will rely on neighborhood literature dissemination at residents' homes, television advertising, online advertising and more to educate customers and support customer retention.
   
   B. Explain why this service is necessary and the consequences of denial:
   Customers will have the opportunity to opt-out of CleanPowerSF and stay with PG&E. We also expect PG&E to compete fiercely and encourage customers to opt-out. Without customers, CleanPowerSF will not meet its goals. That's why CleanPowerSF needs an aggressive outreach/marketing program to educate and retain customers.
   
   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   This service hasn't been provided in the past.
   
   D. Will the contract(s) be renewed: No.

******************************************************************************
FOR DEPARTMENT OF HUMAN RESOURCES USE

PSC# 4075-11/12
STAFF ANALYSIS/RECOMMENDATION:

CIVIL SERVICE COMMISSION ACTION:

K. DOMINGO

PSC FORM 1 (9/96)
3. **DESCRIPTION OF REQUIRED SKILLS/EXPERTISE**
   A. Specify required skills and/or expertise:
   CleanPowerSF needs marketing and advertising experts seasoned in persuasion strategies in order to educate and retain customers. Experts must excel at implementing those strategies through varying mediums, which could include T.V. advertising, door-to-door outreach, mail, internet advertising and more.
   B. Which, if any, civil service class normally performs this work?
The 5408 civil service class has on occasion planned and implemented limited, low-budget public education campaigns. However, no civil service class can fully replace or substitute for a professional advertiser.
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
   No.

4. **WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM**
   A. Explain why civil service classes are not applicable:
The outreach/public education campaign for CleanPowerSF will require skilled experts that can write television scripts, determine adequate lighting for television commercial productions, buy online advertising space (Facebook + Google) and much more. No civil service class can adequately perform all of these functions.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
   No, it would not be practical to adopt a new civil service class. This intense customer education and retention program will cease once the program is established.

5. **ADDITIONAL INFORMATION** (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees? Yes No
   B. Will the contractor train City and County employees?
      - Describe the training and indicate approximate number of hours.
      - Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.
   C. Are there legal mandates requiring the use of contractual services? Yes No
   D. Are there federal or state grant requirements regarding the use of contractual services? Yes No
   E. Has a board or commission determined that contracting is the most effective way to provide this service? Yes No
   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? Yes No

Please consider the environment before printing this email
Pursuant to recently negotiated provisions in the City's memoranda of understanding ("MOUs") with City labor unions, Departments must now send such notices to affected unions either at the time the City issues a Request for Proposals/Request for Qualifications, or 30 days prior to the submission of a PSC request to DHR and/or the Commission, whichever occurs first. Such notice must include a copy of the draft PSC summary form.

PERSONAL SERVICES CONTRACT SUMMARY

DATE: 11/30/11

DEPARTMENT NAME: Controller
DEPARTMENT NUMBER: 09

TYPE OF APPROVAL: ☑ REGULAR (OMIT POSTING ________ )
☐ EXPEDITED
☐ CONTINUING
☐ ANNUAL

TYPE OF REQUEST:
☐ INITIAL REQUEST ☑ MODIFICATION (PSC# 3052-09/10)

TYPE OF SERVICE: Hostbridge Software Development and Training Services

FUNDING SOURCE: San Francisco Public Utilities Commission (SFPUC)

Original Amount: $47,475
Modification Amount: $75,525
Total Amount: $123,000

PSC Duration:

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   The City seeks Hostbridge software development and training services to (1) integrate the City’s financial accounting and management information system (FAMIS) managed by the Controller’s Office with SFPUC’s web-based MAXIMO purchase order web service and SFPUC’s web-based online invoice processing system (SOLIS), as a pilot project, as well as (2) develop and train additional City department staff on other potential interfaces between FAMIS and City department systems to integrate and reconcile data.

   B. Explain why this service is necessary and the consequences of denial:
   Due to differing individual department needs, the City is unable to upgrade FAMIS to include the functionality provided by systems developed and used by other City departments, including SFPUC. This project provides a cost-effective method to: (1) allow an interface between systems to extend FAMIS’ useful life; (2) reduce duplication of City employee effort in inputting, maintaining, and reconciling data in FAMIS and other City department systems; (3) allow the integration of referenced systems without affecting FAMIS transactions or security; and (4) allow the Controller’s Office to manage and control the increased traffic to FAMIS. Without the interface development services, duplicate data-entry will be required and reconciliation of information between systems will be difficult.
   The training will allow City staff to develop and maintain integration modules themselves. Without access to training services, the cost to the City will be higher from potentially relying on additional external consulting services or result in the City’s inability to develop or maintain interface development using our own staff.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   This service has been provided under PSC#3052-09/10.

   D. Will the contract(s) be renewed: The contract may be amended to allow other City departments access to software development, training or consulting assistance using Hostbridge.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

FOR DEPARTMENT OF HUMAN RESOURCES USE

PSC# 3052 - 09/10

STAFF ANALYSIS/RECOMMENDATION:

CIVIL SERVICE COMMISSION ACTION:
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:

   Provide HostBridge Process Automation software development (coding) and employee training/knowledge transfer, requires expert technical knowledge of the Hostbridge product including XML and Javascript programming knowledge, functional specification writing, design specification writing, and extensive prior experience with teaching users how to use the product.

   B. Which, if any, civil service class normally performs this work?

1070 IS Project Director, 106x series IS Programmer Analysts, 105x series IS Business Analysts.

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:

   No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:

   This is a short-term, highly specialized service requiring expertise with the Hostbridge Process Automation product and the ability to train City staff in its use.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.

   No, the work is short-term and highly specialized in nature.

3. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?

   Yes
   No

   B. Will the contractor train City and County employees?

   Yes
   No

   • Describe the training and indicate approximate number of hours.
     The onsite classes will train staff to use the components of HostBridge to build web services and Excel-based services to and from legacy applications. There was an initial 32 hours of onsite training, with additional training to be provided on an as-needed basis.
     • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.
     IT and accounting staff with IT experience from City Departments will receive training in the use of the HostBridge tools.
     Number of staff to be trained is approximately 12, with the potential for more.

   C. Are there legal mandates requiring the use of contractual services?

   Yes
   No

   D. Are there federal or state grant requirements regarding the use of contractual services?

   Yes
   No

   E. Has a board or commission determined that contracting is the most effective way to provide this service?

   Yes
   No

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?

   Yes
   No

THE ABOVE INFORMATION IS SUBMITTED AS COMPLETE AND ACCURATE ON BEHALF OF THE DEPARTMENT HEAD:

Union notification for PSC Modification for 3052-09/10, Hostbridge Software Development and Training Services

Attached below for your review is a PSC Modification for 3052-09/10, Hostbridge Software Development and Training Services.

The modification increases the contract amount by $75,525 for a new total of $123,000 and also extends the term of the contract from January 11, 2014 to January 11, 2016 (an increase of 2 years).

The purpose of the modification is to accommodate as-needed training for City staff by Hostbridge over the next 4 years.

PERSONAL SERVICES CONTRACT SUMMARY

DATE: November 30, 2011 Reissued December 9, 2011

DEPARTMENT NAME: San Francisco Municipal Transportation Agency
DEPARTMENT NUMBER: 35

TYPE OF APPROVAL: ( ) EXPEDITED (X) REGULAR (OMIT POSTING)

( ) CONTINUING ( ) ANNUAL

TYPE OF REQUEST: ( ) INITIAL REQUEST (X) MODIFICATION (PSC#4098-08/09)

TYPE OF SERVICE: Development of Request for Proposal (RFP) and Project Oversight of Installation of Security Cameras in MUNI's Subway Stations.

FUNDING SOURCE: Security Grant from Transportation Security Administration (TSA)

PSC AMOUNT: $ 99,000.00
MODIFICATION: $181,280.00
TOTAL: $280,280.00

PSC DURATION: 03/30/09 - 03/30/12
PSC DURATION: 11/19/09 - 06/30/13
PSC DURATION: 11/19/09 - 06/30/13

1. DESCRIPTION OF WORK:
A. Concise description of proposed work:
Contractor will provide additional technical design assistance, project coordination and integration with BART, +C3 (Central Control & Communications) and New Central Subway Projects. In addition to the procurement services and project oversight services that the Contractor is providing to the S.F. Municipal Transportation Agency (SFMTA), they will modify the Closed Circuit Television (CCTV) systems design documents (drawings and specifications) to include artificial intelligence-based video analytics (VA) capabilities (hardware and software) using technology that was previously not available.

B. Explain why this service is necessary and the consequences of denial:
This service is necessary and serves the subway system and its perimeter that we learned is owned and maintained by BART. This is a critical infrastructure enhancement that would provide a higher level of security at various SFMTA facilities and on revenue vehicles. The Department of Homeland Security (DHS), through the TSA, has made it a national priority to upgrade the security structures and programs of major public transit agencies as part of its ongoing efforts to mitigate anti-terror activities. Consequences of denial would make SFMTA facilities and employees more vulnerable to potential terrorist acts. The SFMTA could also lose the funding for this project. Additionally, denial of the contract modification will affect the SFMTA's ability to monitor and secure its underground subway system thereby impacting passenger safety and security.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
This service was previously approved by the Civil Service Commission (PSC# 4098-08/09).

D. Will the contract(s) be renewed: No

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

STAFF ANALYSIS/RECOMMENDATION:
CIVIL SERVICE COMMISSION ACTION:

PSC FORM 1 (9/96)

12-9-11
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE

A. Specify required skills and/or expertise:
   Five (5) or more years of the required skills below are needed:
   • Creating and implementing a Master Plan for multiple CCTV projects;
   • Developing engineering drawings using CAD technology;
   • Developing detailed specification for equipment, materials, logistics and requirements for implementing CCTV project installations in a wide array of highly sensitive environments;
   • Developing project RFPs for a broad range of high technology video installation platforms.

B. Which, if any, civil service class normally performs this work?
   Although civil service classes 1824 Principal Administrative Analyst, 1825 Principal Administrative Analyst II, and 9180 Manager VI Municipal Transportation Agency can develop the RFP, these classes do not possess the requisite skills/experience of detailed specification for equipment, materials, logistics and requirements for implementing CCTV project installations in a wide array of highly sensitive environments and for a broad range of high technology video installation platforms.

C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
   No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM

A. Explain why civil service classes are not applicable:
   The scope of this service requires specialized and extensive knowledge and expertise in the field of security systems.

B. Would it be practical to adopt a new civil service class to perform this work? Explain.
   No. This is a one-time, specialized project. It would not be practical to adopt a new civil service class.

5. ADDITIONAL INFORMATION (if "yes", attach explanation)

A. Will the contractor directly supervise City and County employees?
   ( ) Yes (X) No

B. Will the contractor train City and County employees?
   ( ) Yes (X) No

C. Are there legal mandates requiring the use of contractual services?
   ( ) Yes (X) No

D. Are there federal or state grant requirements regarding the use of contractual services?
   ( ) Yes (X) No

E. Has a board or commission determined that contracting is the most effective way to provide this service?  
   SFMTA Board Resolutions No. 09-179 approved October 20, 2009.
   (X) Yes ( ) No

F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?  Yes, Alta Consulting Services Inc.
   (X) Yes ( ) No

TYPE OF REQUEST: (X) INITIAL REQUEST

( ) MODIFICATION (PSC#)

TYPE OF SERVICE: Development of Request for Proposal (RFP) and Project Oversight of Installation of Security Cameras in MUNI's Subway Stations.

FUNDING SOURCE: Security Grant from Transportation Security Administration (TSA)

PSC AMOUNT: $99,000.00

PSC DURATION: 03/30/2009 – 03/30/2012

1. DESCRIPTION OF WORK

A. Concise description of proposed work:
   Contractor will provide technical assistance with the procurement of a new Closed Circuit Television (CCTV) system to be installed in subway stations and other SFMTA facilities. The contractor will draft technical specifications for the system, as well as generate associated technical documentation and program write-up. In addition, the contractor will assist with system design and installation specifications and act as the Project Manager during the installation of the system.

B. Explain why this service is necessary and the consequences of denial:
   This is a critical infrastructure enhancement that would provide a higher level of security at various SFMTA facilities and on revenue vehicles. The Department of Homeland Security (DHS), through the TSA, has made it a national priority to upgrade the security structures and programs of major public transit agencies as part of its ongoing efforts to mitigate anti-terror activities. Consequences of denial would make SFMTA facilities and employees more vulnerable to potential terrorist acts. The SFMTA could also lose the funding for this project.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   This service has not been provided in the past.

D. Will the contract(s) be renewed:
   Yes, the contract may be renewed.

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE

A. Specify required skills and/or expertise:
   Three (3) or more years of the required skills below are needed:
   - Creating and implementing a Master Plan for multiple CCTV projects;
   - Developing engineering drawings using CAD technology;
   - Developing detailed specification for equipment, materials, logistics and requirements for implementing CCTV project installations in a wide array of highly sensitive environments;
   - Developing project RFPs for a broad range of high technology video installation platforms.

B. Which, if any, civil service class normally performs this work?
   Although civil service classes 1824 Principal Administrative Analyst, 1825 Principal Administrative Analyst II, and 9180 Manager VI Municipal Transportation Agency can do RFP, these classes do not possess the requisite skills/experience of detailed specification for equipment, materials, logistics and requirements for implementing CCTV project installations in a wide array of highly sensitive environments and for a broad range of high technology video installation platforms.

C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
   No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM

A. Explain why civil service classes are not applicable:
   This project requires specialized skills in the area of modern video technology, such as video analytics, lighting and system integration. There is no one single civil service classification that possesses the training and expertise that is needed to perform the analysis, specifications and implementation for this project.

B. Would it be practical to adopt a new civil service class to perform this work? Explain.
   No, it would be too costly and time-consuming to undertake such a task.

5. ADDITIONAL INFORMATION (if "yes", attach explanation)

A. Will the contractor directly supervise City and County employees?  Yes ( )  No (x)

B. Will the contractor train City and County employees?  ( )  (x)

C. Are there legal mandates requiring the use of contractual services?  ( )  (x)

401 Van Ness Ave, Room 320 San Francisco, CA 94102
WHEREAS, The federal Department of Homeland Security has created the Transit Security Grant Program (TSGP) to create a sustainable effort in the protection of regional transit systems' critical infrastructure from terrorism; and,

WHEREAS, On October 21, 2008, SFMTA received a letter awarding FY 2006 TSGP grant funds, a large portion of which are intended for the planning and installation of Closed Circuit Television (CCTV) cameras and equipment in the subway; and

WHEREAS, Given that TSGP funds cannot be used for in-house staff costs, SFMTA therefore must rely on outside consultants to review the security needs, evaluate technologies, recommend the design specifications and installation requirements, and assist with project oversight for the installation contractor; and

WHEREAS, The SFMTA issued a Request for Proposals on February 10, 2009, inviting firms with expertise in the design and installation of CCTV systems to submit proposals to provide this technical assistance; and

WHEREAS, Five proposals were received and the top three proposals were reviewed by a panel of SFMTA senior executives; and

WHEREAS, The evaluation panel selected Alta Consulting Services, Inc., 2107 N. 1st Street, Suite 470, San Jose, CA 95131, as the highest-ranked proposer; and

WHEREAS, The SFMTA has successfully negotiated contract terms and conditions with Alta Consulting Services; now, therefore, be it

RESOLVED, That the SFMTA Board of Directors authorizes the SFMTA, through its Executive Director/CEO (or his designee), to execute Contract No. SFMTA 2008/09-18, Closed Circuit TV System Technical Installation Project, with Alta Consulting Services, Inc., to provide technical assistance and develop a master plan for a closed circuit television camera system in the subway, and provide project oversight during the installation of cameras and related security equipment; in an amount not to exceed $230,030, and for a term of three years, with two one-year options to extend the term at the sole discretion of the SFMTA.

I certify that the foregoing resolution was adopted by the San Francisco Municipal Transportation Agency Board of Directors at its meeting of OCT 20 2009.

PERSONAL SERVICES CONTRACT SUMMARY

DATE: 11-8-11

DEPARTMENT NAME: Police

DEPARTMENT NUMBER 38

TYPE OF APPROVAL: ☑ REGULAR (OMIT POSTING _________)

TYPE OF REQUEST:

☐ INITIAL REQUEST ☑ MODIFICATION (PSC# 4037-08/09)

TYPE OF SERVICE: Confidential Document Destruction

FUNDING SOURCE: General Fund

Original Amount: $110,000
Modification Amount $54,000 (Admin Approved 7-18-11)
$100,000

Total Amount $264,000

PSC Duration: 2-1-09 – 1-31-2014

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
      Recycling and Shredding of Confidential Documents.

   B. Explain why this service is necessary and the consequences of denial:
      This service is necessary because if it were not performed through a PSC, then two full time Police Officers would have to perform the functions, thus taking them away from their patrol duties.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
      This service is currently being performed under PSC 4037-08/09.

   D. Will the contract(s) be renewed: Unknown at this time.

   FOR DEPARTMENT OF HUMAN RESOURCES USE

   PSC# 4037-08/09
   STAFF ANALYSIS/RECOMMENDATION:

   CIVIL SERVICE COMMISSION ACTION:
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Expertise in confidential document shredding, recycling and the security measures involved in performing such a service.

   B. Which, if any, civil service class normally performs this work?
      No Civil Service Classification performs this work.

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      Yes, the contractor uses his own facility and equipment to perform the service.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      This is a specialized service that no Civil Service Classification performs.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No it would not be practical due to the immediate need and due to the fact that the amount of work varies from month to month.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?  
      No

   B. Will the contractor train City and County employees?
      No

   C. Are there legal mandates requiring the use of contractual services?  
      Yes

   D. Are there federal or state grant requirements regarding the use of contractual services?  
      Yes

   E. Has a board or commission determined that contracting is the most effective way to provide this service?  
      Yes

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?
      Yes

MEMORANDUM

DATE: July 7, 2011
TO: Maria Ryan, PSC Coordinator
Department of Human Resources (Dept. 33)
FROM: Officer Shawn Wallace #1104, PSC Coordinator
Police Department (Dept. #38)
RE: Request for Administrative Approval of PSC Modification (less than 50%)

PSC No: 4037-08/09 Approval Date: October 6, 2008
Description of Service(s): Recycling and Shredding of the Police Departments Confidential Documents.
Original Approved Amount: $110,000 Original Approved Duration: 2-1-09 – 1-31-14
Modification Amount: $ 54,000 Modification of Duration: none
Total Amount as Modified: $164,000 Total Duration as Modified: 2-1-09 – 1-31-14

Reason for the modification:
Money is being added to the contract to cover the cost of more than anticipated shredding of confidential documents due to the turnover of employees and the re-locating of several investigative units.

NOTICE OF CIVIL SERVICE COMMISSION ACTION

SUBJECT: REVIEW OF REQUEST FOR APPROVAL OF PROPOSED PERSONAL SERVICES CONTRACT NUMBERS 4031-08/09 THROUGH 4042-08/09 AND 4014-05/06.

At its meeting of October 6, 2008 the Civil Service Commission had for its consideration the above matter.

PLEASE NOTE: It is important that a copy of this action be kept in the department files as you will need it in the future as proof of Civil Service Commission approval.

It was the decision of the Commission to:

(1) Withdraw PSC #4033-08/09 at the request of the San Francisco Fire Department.
(2) Postpone PSC #4039-08/09 to the meeting of October 20, 2008 at the request of the Public Utilities Commission.
(3) Adopt the Human Resources Director’s report on PSC #4031-08/09 subject to the condition that the Department of Children, Youth & Their Families meet with IIPTE Local 21 and discuss with Local 21 the possible use of certain classifications to perform part of the evaluation services and that such discussions take place in good faith on all sides. Notify the offices of the Controller and the Purchaser.
(4) Adopt the Human Resources Director’s report on PSC #4035-08/09 subject to the condition that 1) The Municipal Transportation Agency meet and discuss with IIPTE Local 21 the utilization of existing classifications to perform part of the work and that such discussions take place in good faith on all sides; 2) Should civil service classifications be identified which can perform some portion of the work, the work which is contracted out be adjusted accordingly, and; 3) Within thirty (30) days, both the Municipal Transportation Agency and IIPTE Local 21 report to the Commission the progress of the discussions.
(5) Adopt the Human Resources Director’s report on PSC #4036-08/09. Notify the offices of the Controller and the Purchaser. (Vote of 2 to 1; Vice President Gorrono dissents.) Continue to the meeting of October 20, 2008. (Three (3) votes are needed for Commission action.)
(6) Adopt the Human Resources Director’s report on all remaining contracts. Notify the offices of the Controller and the Purchaser.

If this matter is subject to Code of Civil Procedure (CCP) Section 1094.5, the time within which judicial review must be sought is set forth in CCP Section 1094.6.

WHEREAS, The San Francisco Public Utilities Commission benefits from legislative representation and advocacy service before the California State Legislature and state agencies in the areas of water, energy, wastewater, and natural resources; and

WHEREAS, It is necessary to procure the services of a qualified and registered lobbyist to supplement Government Affairs staff; and

WHEREAS, The estimated cost of services is not to exceed $200,000 annually; and

WHEREAS, Funds for this agreement will be available at the time of award from the General Manager’s Budget; and

WHEREAS, Services are anticipated to begin in March 2007 and end in March 2010 with the option to renew until 2012 with Commission approval; now, therefore be it

RESOLVED, That this Commission hereby authorizes the General Manager, San Francisco Public Utilities Commission to approve the selection of Edelstein and Gilbert for Agreement No. CS-850, Legislative Representation and Advocacy Services for the San Francisco Public Utilities Commission, for an amount not to exceed $200,000 per year for three years with an option to extend the agreement for two additional years at the Commission’s discretion, and authorize the General Manager, San Francisco Public Utilities Commission to negotiate and execute a professional services agreement.

I hereby certify that the foregoing resolution was adopted by the Public Utilities Commission at its meeting of January 9, 2007

[Signature]
Secretary, Public Utilities Commission
PUBLIC UTILITIES COMMISSION
City and County of San Francisco

RESOLUTION NO. 10-0016

WHEREAS, On January 9, 2007, this Commission awarded Agreement
No. CS-850, State Legislative Representation and Advocacy Services for the San
Francisco Public Utilities Commission (SFPUC), and authorized the General Manager of
the SFPUC to negotiate and execute a professional services agreement, in an amount not
to exceed $200,000 per year, and with a term of three (3) years, concluding on March 9,
2010, with an option to extend the agreement for two (2) additional years at the
Commission’s discretion, with Edelstein, Gilbert, Robson and Smith; and

WHEREAS, Amendment No. 1 is being requested to extend the agreement term
by two (2) years to March 9, 2012, in order to conduct state legislation and advocacy
services on behalf of the SFPUC; and

WHEREAS, A Human Rights Commission (HRC) sub consulting goal of 15%
Local Business Enterprise (LBE) participation (of the total value of services to be
provided) has been established for this agreement; and

WHEREAS, Funds for this agreement are available from Strategic Planning
Legislative Affairs Index Code Designation; now, therefore, be it

RESOLVED, That this Commission hereby approves Amendment No. 1 to
Government Affairs Funded Agreement No. CS-850, State Legislative Representation
and Advocacy Services for the San Francisco Public Utilities Commission (SFPUC), with
Edelstein, Gilbert, Robson and Smith to provide state legislative representation and
advocacy services for the SFPUC and authorize the General Manager of the San
Francisco Public Utilities Commission to execute this amendment extending the time of
this agreement for two (2) years.

I hereby certify that the foregoing resolution was adopted by the Public Utilities
Commission at its meeting of February 9, 2010

4. **WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM**
   A. Explain why civil service classes are not applicable:
   **No class has the specific qualifications and the work must be performed in Washington DC.**

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
   **No, because the work has to be performed in Washington DC.**

5. **ADDITIONAL INFORMATION** (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?  
   **Yes**  
   **No**

   B. Will the contractor train City and County employees?  
   - Describe the training and indicate approximate number of hours.
   - Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.
   **Yes**  
   **No**

   C. Are there legal mandates requiring the use of contractual services?  
   **Yes**  
   **No**

   D. Are there federal or state grant requirements regarding the use of contractual services?  
   **Yes**  
   **No**

   E. Has a board or commission determined that contracting is the most effective way to provide this service? SFPUC Resolution Nos. **07-0020 and 10-0017.**  
   **Yes**  
   **No**

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?  
   **Yes**  
   **No**

PERSONAL SERVICES CONTRACT SUMMARY

DATE: 10/16/06

DEPARTMENT NAME: San Francisco Public Utilities Commission  DEPARTMENT NUMBER: 40

TYPE OF APPROVAL: ☐ EXPEDITED ☐ REGULAR (OMIT POSTING ________)
☐ CONTINUING ☐ ANNUAL
☐ INITIAL REQUEST ☐ MODIFICATION (PSC# ________)

TYPE OF SERVICE: CS-850, Professional Services – State Legislative Advocacy and Representation
FUNDING SOURCE: General Manager’s Office Operating Budget
PSC AMOUNT: $1,000,000  PSC DURATION: March 1, 2007 to March 1, 2012

1. DESCRIPTION OF WORK:
A. Concise description of work: Legislative representation and advocacy before the California State Legislature and State Administration in areas of water, wastewater, energy and natural resources.

B. Explain why this service is necessary and the consequences of denial: A lobbyist can ably perform services in legislative representation and advocacy before Congress in areas of water, wastewater, and natural resources. If these services are denied, the SFPUC may risk the loss of critical funding opportunities.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
PSC# 4077-004/05

D. Will the contract(s) be renewed. Yes

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

STAFF ANALYSIS/RECOMMENDATION:
CIVIL SERVICE COMMISSION ACTION:
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise: Seven (7) years of lobbyist experience specializing in the areas of water, wastewater, energy and natural resources; expert knowledge of relevant legislation and initiatives that directly or indirectly affect the SFPUC; and established relations with key members of the Legislature, jurisdictional committees and appropriate government agencies.

   B. Which, if any, civil service class normally performs this work? None

   C. Will contractor provide facilities and/or equipment not currently possessed by the City?
      If yes, explain: Yes, an office in Sacramento.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable: No civil service class has the specific qualifications and the work must be preformed in Sacramento, CA.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain. No.

5. ADDITIONAL INFORMATION (if yes, attach explanation)  
   A. Will the contractor directly supervise City & County employees? YES ☐ NO ☒
   B. Will the contractor train City & County employees? YES ☐ NO ☒
   C. Are there legal mandates requiring the use of contractual services? YES ☒ NO ☐
   D. Are there federal or state grant requirements regarding the use of contractual services? YES ☒ NO ☐
   E. Has a board or commission determined that contracting is the most effective way to provide this service? PUC Resolution 03-0245. YES ☒ NO ☐
   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? YES ☒ NO ☐

Address
WHEREAS, The San Francisco Public Utilities Commission benefits from legislative representation and advocacy service before the California State Legislature and state agencies in the areas of water, energy, wastewater, and natural resources; and

WHEREAS, It is necessary to procure the services of a qualified and registered lobbyist to supplement Government Affairs staff; and

WHEREAS, The estimated cost of services is not to exceed $200,000 annually; and

WHEREAS, Funds for this agreement will be available at the time of award from the General Manager’s Budget; and

WHEREAS, Services are anticipated to begin in March 2007 and end in March 2010 with the option to renew until 2012 with Commission approval; now, therefore be it

RESOLVED, That this Commission hereby authorizes the General Manager, San Francisco Public Utilities Commission to approve the selection of Edelstein and Gilbert for Agreement No. CS-850, Legislative Representation and Advocacy Services for the San Francisco Public Utilities Commission, for an amount not to exceed $200,000 per year for three years with an option to extend the agreement for two additional years at the Commission’s discretion, and authorize the General Manager, San Francisco Public Utilities Commission to negotiate and execute a professional services agreement.

I hereby certify that the foregoing resolution was adopted by the Public Utilities Commission at its meeting of January 9, 2007

[Signature]
Secretary, Public Utilities Commission
WHEREAS, On January 9, 2007, this Commission awarded Agreement No. CS-850, State Legislative Representation and Advocacy Services for the San Francisco Public Utilities Commission (SFPUC), and authorized the General Manager of the SFPUC to negotiate and execute a professional services agreement, in an amount not to exceed $200,000 per year, and with a term of three (3) years, concluding on March 9, 2010, with an option to extend the agreement for two (2) additional years at the Commission's discretion, with Edelstein, Gilbert, Robson and Smith; and

WHEREAS, Amendment No. 1 is being requested to extend the agreement term by two (2) years to March 9, 2012, in order to conduct state legislation and advocacy services on behalf of the SFPUC; and

WHEREAS, A Human Rights Commission (HRC) sub consulting goal of 15% Local Business Enterprise (LBE) participation (of the total value of services to be provided) has been established for this agreement; and

WHEREAS, Funds for this agreement are available from Strategic Planning Legislative Affairs Index Code Designation; now, therefore, be it

RESOLVED, That this Commission hereby approves Amendment No. 1 to Government Affairs Funded Agreement No. CS-850, State Legislative Representation and Advocacy Services for the San Francisco Public Utilities Commission (SFPUC), with Edelstein, Gilbert, Robson and Smith to provide state legislative representation and advocacy services for the SFPUC and authorize the General Manager of the San Francisco Public Utilities Commission to execute this amendment extending the time of this agreement for two (2) years.

I hereby certify that the foregoing resolution was adopted by the Public Utilities Commission at its meeting of February 9, 2010

Total Amount: $18,000,000  Total Duration: 09/01/2009 to 01/01/2017

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:

   See Supplemental Attachment A:

   B. Explain why this service is necessary and the consequences of denial:

   Federal and State Environmental and Regulatory Agencies require reporting and compliance in numerous areas including Water Quality, Hazardous Materials, Waste, Health and Safety Services. The as-needed services provided by these contracts include, but are not limited to: Occupational Safety & Health Administration (OSHA) policies and procedures interpretation and compliance, hazardous materials and waste management and planning; soils and ground water sampling and testing, regulatory agency liaison services, and code of safe practices development.

   Denial of these contracted services could lead to fines from the regulatory agencies and other civil penalties.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):

   These services were previously provided under PSC 4162-08/09 (CS-971).

   D. Will the contract(s) be renewed: No.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

CIVIL SERVICE COMMISSION ACTION:

P. YUN

5551

PSC FORM 1 (9/96)
City and County of San Francisco

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Specialized and technical skills related to water utility operations and management including hydrologic
      modeling, hydroelectric systems expertise, regulatory compliance, laboratory services, water quality studies,
      process optimization, risk assessment, business planning, sustainability analysis, asset management, performance
      assessment and health and safety services.
   B. Which, if any, civil service class normally performs this work?
      Regulatory Specialist (5620), Utility Specialist (5602), Water Operations Analyst (5148), can perform some of
      these types of duties on a limited basis. For example, studies involving naturally occurring asbestos on SFPUC
      land require extensive expertise and depth of knowledge in that particular element. Our civil service classes do
      not cover this expertise, but our employees work closely with contractors to apply their knowledge to SFPUC
      operations.
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain: No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      Civil service classes are performing some of the applicable work as project managers. However, the contract is
      needed because the work is short term, technical, highly specialized, and may require a third party to maintain
      transparency with the public. Referring to the example in 3B above, it would not be practical for the City to
      permanently hire the technically-specialized experts regarding naturally occurring asbestos to do one-time
      studies. However, those studies are necessary in order to meet regulatory requirements and protect worker.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No, it would not be practical to adopt a new civil service class to perform this work because it is as-needed for
      short-term, technical and highly specialized work.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?  
      Yes  No
   B. Will the contractor train City and County employees?
      ✔
      • Describe the training and indicate approximate number of hours.
      • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and
      approximate number to be trained.
   C. Are there legal mandates requiring the use of contractual services?
      ✔
   D. Are there federal or state grant requirements regarding the use of contractual services?
      ✔
   E. Has a board or commission determined that contracting is the most effective way to provide this service?
      ✔
   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?
      ✔

PSC FORM 1 (9/96)
Supplemental Attachment A:

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
      Specialized and technical as-needed services in the areas of water supply, storage, and transport services; water quality services; water treatment services; and enterprise operations and management services. The SFPUC is requesting a modification of the existing PSC for CS-971 due to its anticipation of additional work required. The additional work anticipated stems from continuing Federal and State environmental and regulatory agency reporting requirements, ongoing studies and implementation planning to meet the requirements of the Water System Improvement Program, and additional short term, technical, highly specialized tasks.

STAFF ANALYSIS/RECOMMENDATION:

CIVIL SERVICE COMMISSION ACTION:
DESCRIPTION OF REQUIRED SKILLS/EXPERTISE

A. Specify required skills and/or expertise:
Specialized and technical skills related to water utility operations and management including specially licensed biologists and surveyors, hydroelectric systems expertise, hydrologic modeling, regulatory compliance, laboratory services, water quality studies, process optimization, risk assessment, business planning, sustainability analysis, asset management, performance assessment and health and safety services.

B. Which, if any, civil service class normally performs this work?
Regulatory Specialist (5620), Utility Specialist (5602), Water Operations Analyst (5148), Biologist III (2484) can perform some of these types of duties on a limited basis.

C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain: No.

WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM

A. Explain why civil service classes are not applicable:
Civil service classes are not applicable because the work is short term, technical and highly specialized.

B. Would it be practical to adopt a new civil service class to perform this work? Explain.

WHY IT WOULD NOT BE PRACTICAL TO ADOPT A NEW CIVIL SERVICE CLASS TO PERFORM THIS WORK BECAUSE IT IS AS-NEEDED FOR SHORT TERM, TECHNICAL AND HIGHLY SPECIALIZED WORK.

ADDITIONAL INFORMATION (if "yes," attach explanation)

A. Will the contractor directly supervise City and County employees? ☐ Yes ☒ No

B. Will the contractor train City and County employees?
   - Describe the training and indicate approximate number of hours.
   - Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.

C. Are there legal mandates requiring the use of contractual services? ☒ Yes ☐ No

D. Are there federal or state grant requirements regarding the use of contractual services? ☐ Yes ☒ No

E. Has a board or commission determined that contracting is the most effective way to provide this service? ☒ Yes ☐ No

F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? ☒ Yes ☐ No

PERSONAL SERVICES CONTRACT SUMMARY

DATE: 10-02-07

DEPARTMENT NAME: San Francisco Public Utilities Commission  DEPARTMENT NUMBER: 40

TYPE OF APPROVAL: ☐ EXPEDITED ☐ REGULAR (OMIT POSTING) ☐ CONTINUING ☐ ANNUAL ☐ INITIAL REQUEST ☐ MODIFICATION (PSC # 4003-06/07)

TYPE OF SERVICE: Specialized and Technical As-Needed Services (CS-837)

FUNDING SOURCE: SFFUC Water Enterprise, Capital and Operating Budgets

PSC AMOUNT: Original Amount: $6,400,000  PSC DURATION: Orig. Duration: 9/12/2006 – 9/30/2011
Total Amount: $9,600,000  Total Duration: 9/12/2006 – 9/30/2011

1. DESCRIPTION OF WORK:
A. Concise description of work: Four as-needed consultants will assist SFPUC staff by providing services in the areas of water supply, treatment, and handling; water quality; watershed and right-of-way management; construction management; corrosion control; management improvement; asset management; specialized technical operations and maintenance; security, control and emergency response; environmental and regulatory compliance, hazardous materials and waste; customer service; and health and safety services.

B. Explain why this service is necessary and the consequences of denial: Short-term, specialized assistance is necessary for Water Enterprise staff to efficiently perform its required functions, and to comply with regulatory requirements. Denial will result in expensive and time-consuming inefficiency, and will possibly lead to regulatory violations resulting in fines or other civil penalties.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number): This service is currently provided under PSC Number 4003-06/07.

D. Will the contract(s) be renewed. No.

PSC# ____________

STAFF ANALYSIS/RECOMMENDATION:
CIVIL SERVICE COMMISSION ACTION:
3. **DESCRIPTION OF REQUIRED SKILLS/EXPERTISE**
   A. Specify required skills and/or expertise: Specialized and technical skills required include regulatory compliance, hazardous waste expertise, laboratory services, construction management, surveying, process optimization, financial management, risk assessment, business planning, sustainability analysis, asset management, performance assessment and health and safety services.

   B. Which, if any, civil service class normally performs this work? The following civil service classes may perform some of the general type of studies and services: 5620 (Regulatory Specialist), 5602 (Utility Specialist), 5148 (Water Operations Analyst), 1052 (Business Analyst), 2482 (Water Quality Tech III), 2484 (Biologist III), and 5241 (Engineer). While background in these service areas possessed by these classifications is helpful and utilized in scoping and oversight of the consultant efforts, the degree of technical specialization required to deliver these projects is not commonly associated with the aforementioned classes. These classifications are generalists, typically without the necessary specialized expertise and some cross-disciplines needed to perform the work.

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain: The consultant must provide necessary licenses, specialized equipment, and extensive experience in multiple professional fields.

4. **WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM**
   A. Explain why civil service classes are not applicable: While some civil services classes obviously provide general knowledge in the contract service areas, as listed above, applicable civil service classifications do not exist for much of the required work at the specialized level necessary. Many of these consultants possess special licenses for biological surveys or specialize in specific water quality constituents.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain: No. Tasks under this contract will be irregular, short term, one time only and will involve many different areas of professional expertise. It would be impractical for the City to hire the many varied, and very expensive, specialized and technical skills and professional experience required in this contract on a permanent, full-time basis.

5. **ADDITIONAL INFORMATION (if yes, attach explanation)**
   YES ☐ NO ☒
   A. Will the contractor directly supervise City & County employees? ☐ ☒
   B. Will the contractor train City & County employees? ☐ ☒
   C. Are there legal mandates requiring the use of contractual services? ☐ ☒
   D. Are there federal or state grant requirements regarding the use of contractual services? ☐ ☒
   E. Has a board or commission determined that contracting is the most effective way to provide this service? 12/15/03 #03-245 ☒ ☐
   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? Yes. Contractor is performing work under the current personal services contract number for this amendment.

NOTICE OF CIVIL SERVICE COMMISSION ACTION

SUBJECT: REVIEW OF REQUEST FOR APPROVAL OF PROPOSED PERSONAL SERVICES CONTRACT NUMBER 4162-08/09.

At its meeting of July 20, 2009 the Civil Service Commission had for its consideration the above matter.

PLEASE NOTE: It is important that a copy of this action be kept in the department files as you will need it in the future as proof of Civil Service Commission approval. Please share it with everyone responsible for follow-up.

It was the decision of the Commission to adopt the Human Resources Director's report. Notify the offices of the Controller and the Office of Contract Administration.

If this matter is subject to Code of Civil Procedure (CCP) Section 1094.5, the time within which judicial review must be sought is set forth in CCP Section 1094.6.

CS-229 DRAFT PSC FORM TO UNIONS 11072011.DOC

Pursuant to recently negotiated provisions in the City’s memoranda of understanding ("MOUs") with City labor unions, Departments must now send such notices to affected unions either at the time the City issues a Request for Proposals/Request for Qualifications, or 30 days prior to the submission of a PSC request to DHR and/or the Commission, whichever occurs first. Such notice must include a copy of the draft PSC summary form.
