Subject: Personal Services Contracts Approval Request

This report contains 13 (thirteen) personal services contracts (PSCs) in accordance with the revised Civil Service Commission (CSC) procedures for processing PSCs that became effective on July 1, 1996.

The services proposed by these contracts have been reviewed by Department of Human Resources (DHR) staff to evaluate whether the requesting departments have complied with City policy and procedures regarding PSCs. The proposed PSCs have been posted on the DHR website for seven (7) calendar days. CSC procedures for processing PSCs require that any appeal of these contracts be filed in the office of the CSC, Executive Officer during the posting period.

No timely appeals have been filed regarding the PSCs contained in this report. These proposed PSCs are being submitted to the CSC for ratification/approval.

DHR has prepared the following cost summary for personal services contracts that have been processed through the Department of Human Resources to date:

The program includes over 30 Bay Area water agencies and continued to build on a highly successful, grant funded regional partnership a utility company. For the first time, the partners are collaborating with a utility company to offer customers a joint rebate in order to streamline the process for the customer and in order to capitalize on the joint marketing capacities of the water and energy utilities. The contract is being modified to accommodate the increased demand for the program. This modification is necessary because washing machine rebates are a fundamental component of the SPPUC’s water conservation program and replacing older models with efficient ones is essential to the program’s ability to meet long term demand reduction goals. The greater Bay Area region received a grant from the CA Dep’t of Water resources to implement this program and the SPPUC expects to receive $630,000 of this funding.</td>

TYPE OF SERVICE: Design, fabricate, transport and install artwork for Daggett Park

FUNDING SOURCE: In-Kind Agreement

PSC AMOUNT: $192,780
PSC DURATION: 3/1/2012 – 12/31/15

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   Contract for artist to design, fabricate, transport and install artwork for Daggett Park.

   B. Explain why this service is necessary and the consequences of denial:
   This is a specialized service only available from a qualified artist. Denial would prohibit the inclusion of an art enrichment opportunity within the park’s public right of way.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number): Contracts for an artist to design, fabricate, transport and install an artwork have been sought by the Arts Commission in the past and have been previously approved, including PSC 4062-10/11, 4104-10/11, and 4009-08/09.

   D. Will the contract(s) be renewed: NO

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Contractor must be a professional fine artist who is selected by independent selection panel and approved by the Arts
      Commission to enter into contract to design, fabricate, transport and install artwork at Daggett Park. This artist must have
      their design approved by the Arts Commission as required by City Charter.

   B. Which, if any, civil service class normally performs this work?
      None. Artist is not a Civil Service Classification.

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      There is no Civil Service classification for fine artist. Contractor must be a professional fine artist who has been selected
      by an independent selection panel and judged by the Arts Commission as being appropriate for the unique requirements
      of the site.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No. Each art enrichment project is unique and requires different skills, as determined by an independent selection panel.
      It is in the City's interest to develop an art collection that is diverse in style, media and artists represented.

5. ADDITIONAL INFORMATION (if “yes,” attach explanation)
   A. Will the contractor directly supervise City and County employees?  
      Yes  No [x]

   B. Will the contractor train City and County employees?  
      Yes  No [x]
      - Describe the training and indicate approximate number of hours.
      - Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.

   C. Are there legal mandates requiring the use of contractual services?  
      Yes  No [x]

   D. Are there federal or state grant requirements regarding the use of contractual services?  
      Yes  No [x]

   E. Has a board or commission determined that contracting is the most effective way to provide this service?  
      Yes  No [x]

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?  
      Yes  No [x]

TYPE OF REQUEST:

TYPE OF SERVICE: Design, fabricate, transport and install artworks at the Public Safety Building.

FUNDING SOURCE: Art Enrichment

PSC AMOUNT: $2,624,000

PSC DURATION: 5-1-2011 through 6-1-2015

1. DESCRIPTION OF WORK

A. Concise description of proposed work:

Contracts for multiple artists to design, fabricate, transport and install artworks in a variety of media for the Public Safety Building as part of the capital projects for the new building.

B. Explain why this service is necessary and the consequences of denial:

City Administrative code section 3.19 requires that 2% of the construction budget of new capital improvement projects be spent on art enrichment. Denial would prohibit the Police and Fire Departments from complying with this ordinance. This work is being funded under art enrichment funds generated from the construction of the new Public Safety Building capital improvement projects.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):

The most recent Civil Service approval was for design, fabrication and installation of artwork for the General Hospital Acute Care Unit projects under PSC# 4090-08/09 on FEBRUARY 2, 2009.

TYPE OF SERVICE: Refuse Rate Adjustment Application Analysis

FUNDING SOURCE: Solid Waste Impound Account Funds, Department of the Environment

PSC AMOUNT: $150,000  PSC DURATION: 7/01/12 – 9/30/13

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
      To provide financial and other analysis of the refuse rate application and related projects as needed during the rate process which will take place between September of 2012 and September of 2014. This will include general financial analysis of the rate adjustment application to determine if costs are reasonable and appropriate, performing various rate-related surveys, preparing estimates of effects on rates and miscellaneous preparation and follow-up work.

   B. Explain why this service is necessary and the consequences of denial:
      This service is designed to provide the City and County of San Francisco (CCSF) and residential garbage ratepayers with independent analyses and assessments throughout the refuse rate process. If denied, CCSF and residential ratepayers will not be able to properly evaluate the refuse rate application.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):

      This work was conducted in 2005-2006 under Civil Service Approval No. 4032-05/06.

FOR DEPARTMENT OF HUMAN RESOURCES USE

PSC# 4117-111/12

STAFF ANALYSIS/RECOMMENDATION:

CIVIL SERVICE COMMISSION ACTION:

0006
DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
A. Specify required skills and/or expertise: Knowledge of San Francisco refuse and recycling regulations, policies, programs and rate setting procedures. Specialized financial analysis and auditing experience, and ability to provide expert testimony at hearings. Understanding of complex and industry relevant analytical principals and processes. Ability to conduct targeted, industry specific surveys and use modeling tools.

B. Which, if any, civil service class normally performs this work? No class specifically performs this kind of work, although recycling staff (classes 5638, 5640, 5642, and 5644) have knowledge of the refuse and recycling regulations, policies, programs and rate setting procedures.

C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
No

WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
A. Explain why civil service classes are not applicable: The process requires expertise the City lacks, large amounts of work under very tight deadlines, and third party analysis and testimony. The Department of the Environment and Public Works receive funding or services through the refuse rate process. Therefore, an independent contractor is more appropriate to fulfill this function.

B. Would it be practical to adopt a new civil service class to perform this work? Explain.
No, this is a short term project, from September 2012 through September 2013.

ADDITIONAL INFORMATION (if "yes," attach explanation)

A. Will the contractor directly supervise City and County employees? No

B. Will the contractor train City and County employees?
   - Describe the training and indicate approximate number of hours.
   - Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.

The contractor will make presentations to City personnel on the most successful incentives for effecting behavior change among such a specialized target population. Approximately 15 City staff, including outreach personnel, supervisors, and managers will receive 4 hours of training.

C. Are there legal mandates requiring the use of contractual services? No

D. Are there federal or state grant requirements regarding the use of contractual services? No

E. Has a board or commission determined that contracting is the most effective way to provide this service? No

F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? Not Known

TYPE OF REQUEST: ■ INITIAL REQUEST  □ MODIFICATION (PSC#_______)

TYPE OF SERVICE: Refuse Rate Adjustment Application Analysis

FUNDING SOURCE: Solid Waste Impound Account Funds, Department of the Environment

PSC AMOUNT: $150,000  PSC DURATION: September 19, 2005 – May 31, 2006

1. DESCRIPTION OF WORK

A. Concise description of proposed work:
To provide financial and other analysis of the refuse rate application and related projects as needed during the rate process which will take place between September of 2005 and May of 2006. This will include general financial analysis of the rate adjustment application to determine if costs are reasonable and appropriate, performing various rate-related surveys, preparing estimates of effects on rates and miscellaneous preparation and follow-up work.

B. Explain why this service is necessary and the consequences of denial:
This service is designed to provide the City and County of San Francisco (CCSF) and residential garbage ratepayers with independent analyses and assessments throughout the refuse rate process. If denied, CCSF and residential ratepayers will not be able to properly evaluate the refuse rate application.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number): This work was conducted approximately 5-6 years ago, but the Department of the Environment was not a part of that process an it is unclear which department handled the process. We therefore have no available information regarding past Civil Service Approval.

D. Will the contract(s) be renewed:
No.

( ) CONTINUING ( ) ANNUAL

TYPE OF REQUEST: (X) INITIAL REQUEST ( ) MODIFICATION (PSC#)

TYPE OF SERVICE: Professional Service – Employee Assistance Programs

FUNDING SOURCE: Operating Budget

PSC AMOUNT: $400,000.00

PSC DURATION: March 15, 2012 – March 31, 2013

1. DESCRIPTION OF WORK:
A. Concise description of proposed work:
Provide a full service, work-site based, Employee Assistance Program (EAP) to provide clinical supervision of the staff of three full-time paid Peer Assistants, and up to 8 volunteer Peer Assistants. The contractor will also manage San Francisco Municipal Transportation Agency’s (SFMTA) Trauma Response Program for SFMTA employees involved in on-the-job critical incidents, such as an accident in a Muni vehicle that results in serious injuries of fatalities; crisis support and counseling for assaults and threats. The program is designed to assist in the identification and resolution of productivity problems associated with employees impaired by personal concerns, including but limited to health, family, financial, alcohol, drug, legal, emotional, stress or other personal concerns which adversely affect job performance.

B. Explain why this service is necessary and the consequences of denial:
This service is necessary due to the Memorandum Of Understanding between The Transport Workers’ Union and the San Francisco Municipal Transportation Agency that establishes the need for Employee Assistance Programs (EAP) and Peer Assistant Programs (PAP).

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
This service was provided in the past through a professional service contract with Claremont Behavioral Services, Inc. The most recent contract for EAP & PAP was PSC #4013-08/09.

Address
WHEREAS, Article 32 of the current Memorandum of Understanding between the Transport Worker's Union, Local 250-A and the San Francisco Municipal Transportation Agency ("SFMTA") requires the Agency to provide Employee Assistance and Peer Assistance Programs; and,

WHEREAS, Through its Trauma Response Program, the SFMTA provides trauma counseling services to SFMTA employees involved in serious accidents, as well as employees subjected to assaults and threats, which has reduced absenteeism and workers' compensation costs; and,

WHEREAS, The contract with Claremont Behavioral Services, Inc., the current provider for these professional services, expires on June 30, 2008; now therefore be it,

RESOLVED, That the Municipal Transportation Agency Board authorizes the Executive Director/CEO to issue a Request For Proposals to solicit proposals from qualified firms to manage and provide clinical supervision for the San Francisco Municipal Transportation Agency's Employee Assistance, Peer Assistance, and Trauma Response Programs for a contract amount not to exceed $1,000,000 and for a term of three years with a one year extension at the SFMTA's sole discretion.

I hereby certify that the foregoing resolution was adopted by the Municipal Transportation Agency Board at its meeting of JUN 17 2008.

ARTICLE 26. ALCOHOL AND DRUG REHABILITATION EMPLOYEE ASSISTANCE PROGRAM

Section 26.1 Employee Assistance Program

303. FOR INFORMATIONAL PURPOSES ONLY: Unit members are eligible to participate in the City-wide Employee Assistance Program made available by the Health Service System.

Section 26.2 Confidentiality

304. Participation in the EAP shall be confidential and shall be conducted in accordance with DOT and DHHS standards.

Section 26.3 Continuation of Peer Assistance System

305. No later than September 1, 2011, the parties agree to meet and confer with all affected Unions about whether or not to reduce the staffing level for the Peer Assistance System described in this Article.

306. SFMTA offers the Operators the following Employee Assistance program for the term of the Agreement:

Section 26.4 Overview of EAP Program

307. This Employee Assistance Program (“EAP”) shall cover employees only, and is designed to assist employees, in consultation with their families where clinically appropriate, with problems that may affect their ability to perform their jobs. The EAP shall offer counseling services, including assessment, referral, and follow-up services.

308. EAP’s offer assistance by helping employees assess and identify problems arising from a variety of personal areas.

309. EAP’s assist employees by referring them to services which lead to solutions.

310. EAP’s provide training and consultation services to management and union leadership regarding assisting troubled employees.

311. The primary goal of the EAP will be to maintain employee’s ability to be fully productive on the job. EAP’s help employees, management, and supervisors maintain a high level of service by:

312. Motivating employees to help;
Helping supervisors identify troubled employees with job performance problems that may be related to personal problems;

Assessing employees with alcohol abuse, drug abuse, family problems, depression, stress and other problems that can result in performance problems;

Providing easily accessible quality helping services which include short-term problem-solving and referrals to more intensive care;

Providing crisis intervention services;

Providing follow-up assistance to support and guide employees through the resolution of their problems; and by

Acting as an education and training resource.

Employees shall be able to access the EAP through calling directly (self-referral), through the Peer Assistants, or through a supervisory referral based on job performance. Participation in the EAP is voluntary.

Establishing a voluntary EAP to compliment the mandatory testing program is intended to encourage employees to seek treatment early and on their own. The EAP will assist employees in obtaining information, guidance, and counselling to help them handle their problems before they become a drug testing or disciplinary issue.

An outside vendor has been selected and will perform the following duties:

Maintain toll-free telephone access for referrals and respond to calls in no more than sixty (60) seconds.

Provide union/management consultation relative to the development and integration of organizational policies and procedures necessary for effective Employee Assistance Program implementation.

Orient employees regarding the purpose, scope, nature and use of the Employee Assistance Program.

Train Union (including Division Chairpersons and any other Union officials), supervisory and management staff to develop the knowledge and skills necessary to effectively utilize the program in the performance of their responsibilities.

Provide direct one-to-one counseling utilizing licensed professional staff for crisis management and to identify and evaluate personal concerns among Employer's employees and/or their immediate dependents. Such direct counseling shall provide for three (3) sessions per family per year.
Fees for any counseling sessions exceeding three (3) will become the financial responsibility of the employee and/or dependent, unless otherwise arranged for by the employer. For non-urgent situations, an appointment will be offered within seventy-two (72) hours of request. For urgent situations, an appointment will be offered on the same day as the request for service.

327. Provide legal consultation, medical advice, financial consultation; one (1) consultation per incident is provided for each service, up to three (3) incidents per service, per year.

328. Provide referral services to professional community resources for treatment and/or assistance, as may be appropriate.

329. Provide continuing liaison and contact, when appropriate, between the employee, treatment agent or agency, and Employer to determine case status.

330. Provide monthly statistical evaluation of program activity, and other reports, as needed.

331. Send its principal or his designated representative to monthly meetings of the Municipal Railway Improvement Fund Board of Trustees, and any other meetings as reasonably required.

332. Assess all employees involved in Critical Incidents (e.g., on the job assaults, threats and/or accidents) that occur while on duty.

333. Provide up to three (3) counseling visits per employee involved in a Critical Incident.

335. Provide Critical Incident Case management, including:

(a) Determination regarding an employee’s ability to perform duties, including coordination with management and union personnel for employees who require time off work as a result of a Critical Incident;

(b) Assisting employees in securing additional counseling visits beyond the three (3) Critical Incident/trauma response visits described above, when necessary.
Section 26.5 Organization

1. The Joint Labor-Management Committee:

336. a. Membership and Meetings: Five (5) Committee members and two (2) alternate members to be appointed by the Unions. Five (5) Committee members to be appointed by SFMTA.

337. If MUNI chooses to appoint less than five persons, it shall still have voting strength equal to that of the Unions. On the matters that come before the Committee, MUNI shall have one vote and the Unions shall have one vote. The vote of each side shall be controlled by the votes of the Committee members present for each respective side.

338. The Committee shall elect from its ranks a Chairperson and a Co-Chair, one of whom shall be a MUNI appointee and the other the Unions’ appointee. The Chair shall be held by one side for a year, then relinquished to the other side for the next year. Either MUNI or the Unions may replace their named Chair or Co-Chair at any time. The Chair shall preside over meetings of the Committee. In the absence of the Chair, the Co-Chair shall so preside. The Executive Director/CEO or his/her designee shall provide staff support to the Committee as appropriate.

339. A quorum for the transaction of business by the Committee shall consist of three (3) Union Committee members and a majority of MUNI appointed Committee members.

340. b. Functions: To receive and review information regarding the Substance Abuse and Peer Assistance Programs.

341. c. Consolidation of Committees: The parties to this Agreement and to the Agreement concerning drug and alcohol testing and EAP between TWU Local 250A and MUNI may elect to combine the joint labor-management committee established here and in the Local 250A Agreement.

2. Substance Abuse Program:

342. The Executive Director/CEO or his/her designee will manage all aspects of the FTA-mandated Substance Abuse Program. He/she shall have appointing and removal authority over all personnel working for the Substance Abuse Program personnel, and shall be responsible for the supervision of the SAP.
3. EAP Services:

The SFMTA and the Unions have concluded that it is in the best interests of all concerned to establish a uniform EAP Program for all employees. On this basis, the parties agree that the SFMTA Improvement Fund shall engage an outside contractor to provide these services.

4. The Peer Assistance System:

a. Structure:

The outside contractor selected to provide EAP services shall also be directly responsible for the clinical and administrative management of the Peer Assistance Program. This Program shall be established on a 24-hour, seven-day a week basis. The peer assistants shall provide coverage during regular business hours (Monday - Friday, 8:30 a.m. - 5:00 p.m.) for all SFMTA worksites or sections. A system-wide EAP crisis hotline shall be established. Night, weekend and holiday crisis coverage shall be provided by one of the peer assistants and shall be rotated among the peer assistants, who shall be available on a pager. The full compensation of the Peer Assistant providing such night, weekend and holiday coverage shall be pager pay. Pager pay will not be provided for regular daily coverage.

b. Peer Assistance Oversight Committee:

This Committee, composed of one representative from Locals 250A, 200, 6, 790 and 1414, shall be responsible for trouble-shooting and making decisions on program operations.

c. MIF Liaison:

The MIF Liaison shall be an individual designated by the Executive Director/CEO or his/her designee to serve as SFMTA's emissary in matters such as labor relations and administrative issues.

d. Qualifications:

A SFMTA employee who has previous counseling experience or is interested in peer counseling and is willing to make a two year commitment to pursue training and
education toward certification as a drug and alcohol counselor

OR

348. A SFMTA employee who was a former substance abuser who has been clean and sober for at least two years and who continues to participate in a twelve step program

OR

349. A SFMTA employee who has had experience with family members' substance abuse and who has participated in a self-help group for co-dependency

AND

350. A SFMTA employee who is respected by their peers, the union, and the management

AND

351. A SFMTA employee who is committed to the goals of the Peer Assistance Program.

e. Duties:

352. Assist employees in accessing the Voluntary Substance Abuse Program and EAP.

353. Provide on-going support and case management for clients in the Voluntary Substance Abuse Program.

354. Abide by state and federal confidentiality laws.

355. Publicize the EAP verbally and through distribution of literature.

356. Provide employees with information regarding the EAP and Voluntary Substance Abuse programs and create a forum for employees to discuss their concerns.

357. Assist in publication of Voluntary Substance Abuse Program newsletter.

358. Seek out opportunities to participate in training programs to further develop knowledge and skills.
359. Develop and implement new ideas to increase utilization and maximize the effectiveness of the EAP and Voluntary Substance Abuse Programs.

360. Develop and maintain a professional environment in which to interact with clients.

361. Develop a group of volunteers in the divisions to support the goals of the EAP and Voluntary Substance Abuse Programs.

362. Assist in education and training sessions for new and existing employees.

363. Keep accurate records of client contacts and promotional activities.

f. Staffing:

364. There shall be a clinician employed by the outside contractor for EAP Services who will be on-site a minimum of 20 hours a week. The clinician shall report directly to the outside contractor, Peer Assistance Oversight Committee and the MIF liaison. There shall be three (3) full-time Peer Assistants reporting to the outside contractor.

g. Volunteer Peer Assistants:

365. 1. Up to eight (8) Volunteer Peer Assistants.

366. 2. Assist peer assistants upon request during their off-duty time.

367. 3. They shall participate in designated training.

368. 4. Their activities shall be within the limits of their training.

369. 5. Volunteer peer assistants will receive no compensation for their services.

h. Functions:

370. The outside contractor, in consultation with the Peer Assistance Oversight Committee, shall develop procedures for the Peer Assistance Program.

i. Civil Service Commission Approval:

Memorandum of Understanding Between
Transport Workers Union, Local 250-A (9163) and Municipal Transportation Agency
July 1, 2011 – June 30, 2014

62
371. The use of peer assistants shall be subject to the approval of the Civil Service Commission.

**Section 26.6 Pay Status During Voluntary Self-Referral Treatment**

(Voluntary Substance Abuse Program)

372. An employee who has a drug and/or alcohol abuse problem and has not been selected for drug and/or alcohol testing can voluntarily refer him/herself to the EAP for treatment. The EAP will evaluate the employee and make a specific determination of appropriate treatment. An employee who has completed two rehabilitation programs may not elect further rehabilitation under this program.

373. In the case of the up to two voluntary, employee-initiated referrals, SFMTA will pay the employee the difference between his/her SDI benefits, use of accrued paid leaves, and any catastrophic illness benefits, and the employee’s regular hourly base pay, for up to the eight hours per day for full-time employees and up to three hours per day for Part-Time employees, up to a maximum of 21 work days during a five-year period. This provision shall not apply in the event the employee does not receive SDI benefit payments or during the follow-up period established by the SAP after a positive test.

**Section 26.7. Non-Paid Status During Treatment After Positive Test**

374. After receiving a positive drug or alcohol test result, an employee who is not terminated, and who participation in the EAP will be in a non-pay status during any absence for evaluation or treatment, while participating in a rehabilitation program.

**Section 26.8 Education and Training**

375. The foundation of this Program is education and voluntary compliance. It is recognized that alcohol and chemical dependency may make voluntary cessation of use difficult, and one of the Program’s principal aims is to make voluntary steps toward ending substance abuse easily available.

376. The outside contractor shall review and develop on-going educational and training information on the adverse consequences of substance abuse and the responsibility to avoid being under the influence of alcohol or chemicals at work. Certain training required by the DOT Regulations shall be the responsibility of the Substance Abuse Program.

377. Any proposed discipline resulting from the FTA Drug and alcohol testing program shall be in accordance with the SFMTA Substance Abuse Policy And Procedures Handbook (June 2010). The SFMTA recognizes the rights of employees and/or the Union, to challenge such discipline pursuant to Article 19 and 22. The Executive Director/CEO or his/her designee will act in a fair and equitable manner, and shall prescribe that no personnel hired, contracted, selected or directly involved in the drug and alcohol testing program shall propose or render discipline.

378. If there is any conflict between this Article and the SFMTA Substance Abuse Policy And Procedures Handbook, the SFMTA Policy and Procedures shall prevail. SFMTA shall not make any changes to the Handbook on matters that are mandatory subjects of bargaining without first providing the Union with notice and an opportunity to bargain, and completing any required bargaining process.
1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
      The contractor will provide a Vendor Managed Inventory (VMI) Services two-year pilot program to manage, support staff, and supply parts for its Rail Fleet maintenance program. Four materials storerooms are operated in support of the Rail Fleet: Green, Muni Metro East (MME), Cable Car, and Overhead Lanes. The San Francisco Municipal Transportation Agency (SFMTA) has developed the following objectives for management of parts for the Rail Fleet only that consists of 151 Breda LRVs, 39 historic streetcars, and 31 cable cars: Supply vehicle parts on a cost-effective and efficient basis, providing inventory planning and automated replenishment of spare parts, with strict performance guidelines requiring defined response times and fill rates; Ensure parts provided allow SFMTA to meet its objectives in terms of reliability (i.e., Mean Distance Between Failures (MDBF), service interruptions); and ensure SFMTA safety standards are met in any program activity.

   B. Explain why this service is necessary and the consequences of denial:
      This service represents an effort to enhance the reliability of the fleet by streamlining the parts acquisition and inventory management process. Fleet operations are impacted by financial limitations, e.g. cash flow, other agency priorities, and difficulty locating critical parts in a timely manner. This service will allow the parts acquisition and inventory processes to be protected by external influences, and additionally provide parts accessibility and improved pricing opportunities through economies of scale. If denied, funding, cash flow issues, and subsequent potential delays in receipts of needed parts, will continue to negatively impact Muni transportation reliability and service, as well as place SFMTA safety standards at risk.

   C. Explain how this service has been provided in the past (If this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
      This service has not been provided in the past.

   D. Will the contract(s) be renewed:
      If the pilot program is successful, SFMTA may extend the contract for up to three additional years.

2. UNION NOTIFICATION: Copy of this summary is to be sent to employee organizations as appropriate (refer to instructions for specific procedures):

   3-6-12
3. **DESCRIPTION OF REQUIRED SKILLS/EXPERTISE**
   
   **A. Specify required skills and/or expertise:**
   The contractor will have the ability to supply critical parts to Rail Maintenance yards within a 24-hour delivery turnaround from point of demand via documented contractual agreements. They are required to possess documented four years of experience in VMI services for Rail fleets; and expertise in complex supply chain management.
   
   **B. Which, if any, civil service class normally performs this work?**
   1950 Assistant Purchaser, 1952 Purchaser, 1942 Materials Coordinator, 5241 Engineer, and 5212 Principal Engineer.
   
   **C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:**
   Yes. Contractor will provide state of the art inventory management systems, including data storage, vending machinery, to facilitate accurate and timely parts management.
   
4. **WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM**
   
   **A. Explain why civil service classes are not applicable:**
   Civil service classes do not have the resources available to provide timely logistical support to rail fleet. The requirement is one of systems rather than simply positions.
   
   **B. Would it be practical to adopt a new civil service class to perform this work? Explain.**
   No, classifications already exist. VMI services will provide support by working in conjunction with SFMTA employees to fulfill product requests.
   
5. **ADDITIONAL INFORMATION (if "yes", attach explanation)**

   **A. Will the contractor directly supervise City and County employees?**
   
   Yes  
   
   **B. Will the contractor train City and County employees?**
   - Describe training and indicate approximate number of hours.
   - Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.
   
   **C. Are there legal mandates requiring the use of contractual services?**
   No
   
   **D. Are there federal or state grant requirements regarding the use of contractual services?**
   No
   
   **E. Has a board or commission determined that contracting is the most effective way to provide this service?**
   Yes
   
   *The SFMTA will seek both the SFMTA Board & Board of Supervisors approval.*
   
   **F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?**
   No

PERSONAL SERVICES CONTRACT SUMMARY

DATE: March 7, 2012

DEPARTMENT NAME: Port of San Francisco

TYPE OF APPROVAL: ☑ REGULAR

DEPARTMENT NUMBER: 39

TYPE OF REQUEST: ☑ INITIAL REQUEST

CONTINUING

MODIFICATION (PSC#)

TYPE OF SERVICE: As-Needed Engineering & Related Services

FUNDING SOURCE: Port Operating, Capital Budget and Bond Program

PSC AMOUNT: $4,500,000.00

PSC DURATION: 07/01/2012 – 06/30/2016

1. DESCRIPTION OF WORK

A. Concise description of proposed work:
The Port intends to issue a Request for Qualifications to establish a pool of three (3) qualified consultant teams capable of providing a wide range of engineering and related services on an as-needed basis for Port capital and on-going projects. Such projects are usually Maritime related for maintenance and improvements of the Port’s aging infrastructure.

B. Explain why this service is necessary and the consequences of denial:
These services are necessary because although the Port’s Engineering Division provides multi-disciplinary engineering services to all Port Divisions, at times, the required services exceed the available staff resources. The need for consultant services is sporadic and the required expertise is often highly specialized. Denial would impact revenues and services.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
These services have been provided in the past under PSC #4101-08/09.

D. Will the contract(s) be renewed: The RFQ will provide a one-year option to renew.

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Training, knowledge, license (as applicable), skill and ability in performing civil, structural, marine, electrical, mechanical, geotechnical and/or soils engineering, coastal engineering, cruise terminal operations, maritime security, historic preservation architecture, landscape architecture, surveying, project management, special testing and inspections; etc.

   B. Which, if any, civil service class normally performs this work?
      5203 Assistant Engineer (Local 21)  
      5211 Engineer/Architect/Landscape Architect Senior (Local 21)  
      5218 Structural Engineer (Local 21)  
      5241 Engineer (Local 21)  
      5268 Architect (Local 21)  
      5274 Landscape Architect (Local 21)  
      ... and various classes in the Engineering and Architectural Assistant and Associate series.

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      None anticipated.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      The services will be required on an as-needed and generally less than full-time basis. Although some of the work can be performed by Port and other City staff, the timing of the service needs does not always align with staff workloads and availability to perform the work. In some cases, the expertise is highly specialized and otherwise not available.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      It would not be practical to adopt new civil service classifications for work that will be sporadically needed or only needed for a single project.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?
      Yes  
      No
   B. Will the contractor train City and County employees?
      Yes  
      No
      • Describe the training and indicate approximate number of hours.
      • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.

   C. Are there legal mandates requiring the use of contractual services?
      Yes  
      No
   D. Are there federal or state grant requirements regarding the use of contractual services?
      Yes  
      No
   E. Has a board or commission determined that contracting is the most effective way to provide this service?
      Under previous PSCs and pending March 13, 2012 action at the Port Commission, Resolution No. 12-21
      Yes  
      No
   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? This will be a competitive procurement and thus unknown.
      Yes  
      No

PORT COMMISSION  
CITY AND COUNTY OF SAN FRANCISCO  

RESOLUTION NO. 12-21  

WHEREAS, The Port of San Francisco's Engineering Division must often respond to requests for essential services that require resources beyond those available to the Port and other City departments; and  

WHEREAS, the Port is anticipating an increase in the need for engineering and related professional services based upon the requirements of the Port's Ten Year Capital Plan; and  

WHEREAS, Port staff has managed engineering resource demands through three existing "as-needed" engineering and related professional services contracts to augment staffing of important projects; and  

WHEREAS, the Port's as-needed architectural and engineering services contracts have provided a timely and cost-effective vehicle for the provision of professional services, but those contract terms are scheduled to expire June 30, 2013 and further services are needed; and  

WHEREAS, Port staff intend to obtain approval from the Civil Service Commission on May 7, 2012, authorizing the Port to contract out engineering and related professional services on an as-needed basis; and  

WHEREAS, Port staff are drafting a Request for Qualifications (RFQ) to solicit as-needed engineering and related professional services as outlined in the staff memorandum accompanying this resolution; and  

WHEREAS, in the RFQ solicitation, staff will incorporate a 22% subconsulting goal for Local Business Enterprises as recommended by the Human Rights Commission (HRC); now, therefore be it  

RESOLVED, that the San Francisco Port Commission hereby authorizes Port staff to advertise a Request for Qualifications for three engineering and related professional services contracts for as-needed services, each in an amount not to exceed $1,500,000, with a term of three years, and an option to extend the term for one additional year in the Port's sole discretion, subject to approval of the Civil Service Commission.

I hereby certify that the foregoing resolution was adopted by the Port Commission at its meeting of March 13, 2012.

TYPE OF SERVICE: File Conversion/File Relocation Services for 525 Golden Gate (CS-244)

FUNDING SOURCE: Operations and Maintenance Budget

PSC AMOUNT: $400,000       PSC DURATION: 05/07/2012 to 12/31/2012

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
      Provide file conversion/file relocation services between San Francisco Public Utilities Commission (SFPUC) staff, contractors, vendors, etc. for the SFPUC's move to its new headquarters at 525 Golden Gate Avenue.

   B. Explain why this service is necessary and the consequences of denial:
      SFPUC's new administrative building, located at 525 Golden Gate Avenue, will have considerably less file storage space than what currently exists at 1145/1155 Market St. Therefore, the SFPUC needs to hire a consultant to plan and execute a file conversion strategy for SFPUC. Denial of this service would result in a delay of the SFPUC's move to its new headquarters and associated costs for the continued lease of office space at 1145 and 1155 Market St.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
      This service was never previously provided.

   D. Will the contract(s) be renewed: No.

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Required expertise consists of experience in file management, space planning, and relocation of large organizations.
   B. Which, if any, civil service class normally performs this work?
      There is no civil service class that normally performs this work.
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      No facilities or equipment will be provided.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      Classes specializing in coordinating large-scale organization moves are not currently available in civil service.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      It would not be practical to adopt a new civil service class to perform this work because this work is specialized, is short-term, and not a re-occurring need.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees? Yes No
      ☒
   B. Will the contractor train City and County employees?
      ☒
      • Describe the training and indicate approximate number of hours.
      • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.

☐ INITIAL REQUEST ☑ MODIFICATION (PSC# 4111-10/11)

TYPE OF SERVICE: First Offender Prostitution & Early Intervention Prostitution Program

FUNDING SOURCE: Special Fund

PSC AMOUNT: $72,500 PSC DURATION: July 1, 2011-June 30, 2012
Modification Amount: $72,500 PSC DURATION: July 1, 2012-June 30, 2013
Total Amount: $145,000

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   This contract will provide services to women and transgender individuals who have experienced sexual exploitation and violence and professional services coordinating monthly FOPP classes as a diversion model for men arrested for their first prostitution offense. The proposed contract would include speakers, logistics, training and support of FOPP speakers. This program also acts as a diversion model for women, providing them an opportunity to receive counseling and education as an alternative to incarceration.

   B. Explain why this service is necessary and the consequences of denial:
   This modification is to extend the grant period and add funding for continuation of the same services. By providing education, classes to the first offenders, there has been less than a one percent recidivism rate among men in the First Offender diversion class. Without this service, the first offenders will not change their attitude or behavior and continue to engage and solicit the services of prostitutes.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   This service has been provided in the past through the services of this vendor through 4111-10/11 on June 6, 2011.

   D. Will the contract(s) be renewed: Yes, it may be renewed.

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Individuals performing this work should be members of the peer group and have skills and expertise to conduct prevention/education and support groups with individuals who have been sexually exploited, assaulted, abused or experienced violence which includes domestic violence and prostitution, and the ability to enlist peer educators to facilitate the educational groups for Johns while providing a social support network for program participants.
   B. Which, if any, civil service class normally performs this work?
      None.
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      There are no existing civil service classifications that perform this work or meet the required qualifications. Individuals performing this work should be members of the peer group and have skills and experience in working with women victimized by sexual exploitation, violence and prostitution.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No. For this limited scope of work, it is more practical to use outside service provider(s) who already showed achievement, knowledge and expertise in providing these services, using peer educators from the community.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise.
      Support development of a Property Assessed Clean Energy (PACE) program designed to address the particularities of creating a renewable energy and energy efficiency program through a Mello-Roos special tax district; develop a roadmap for implementation, including district formation documents, special tax district administration, and link with complimentary energy programs and funding resources; program administration including specialized marketing, property title screening, customer service; offer financing alternatives that eliminate the City’s financial liability with interim financing and bond placement.
   B. Which, if any, civil service class normally performs this work? None
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain. Yes, contractor has developed software applications and a turnkey website to manage the required information.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable.
      Due to the multitude and diverse range of very specific tasks (application processing, loan origination, technical energy program specification development and coordination, internet/web technology, marketing & communications) that need to be performed concurrently in a compressed period of time, we believe that civil service classes either existing or newly created to perform these functions could not meet program deadlines.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain. The work required by this contract is seen by the City as highly specialized so that it would not be realistic to adopt a new civil service class that could cover many diverse areas of expertise.

PSC1 submission for:

Program Administration, Special Tax Administration – GreenFinanceSF

Q. 1A Concise description of proposed work

GreenFinanceSF is a City sponsored Clean Energy Loan Program ("PACE" program) which will allow property owners (residential and commercial) to install electric and thermal solar systems and make energy efficiency improvements to their buildings and pay for the cost of such improvements over 20 years through a special tax on their property tax bills. The City will facilitate the project funding for each project through proceeds derived from the sale of special tax bonds or other borrowings secured by a special tax levy on participating landowners’ property tax bill.

The contractor will administer (and finance) the program. The administrative services include program design services; program implementation services, including: web portal with online application interface, project data tracking; program marketing and communications (web, print, in person, training materials); program administration services, including: application processing, request, and payment; program reporting, program documentation, and customer services; special tax administrative services (special tax apportionment method, data collection, boundary map preparation and recordation, contributions to disclosure documents, annual special tax levy calculation and enrollment, annual CFD administration report preparation, delinquent special tax reporting, repayments of special tax liens).

Q. 1B Explain why this service is necessary and the consequences of denial:

The contract is necessary to operate the GreenFinanceSF Program, and to fulfill Board of Supervisors approved resolutions and ordinances that establish the “San Francisco Sustainable Financing” special tax district to support voluntary assessment contracts entered by private property owners to finance the costs of energy efficiency, water conservation, and renewable energy improvements on residential and nonresidential properties. Not implementing the administrative services portion would mean that the Department would not be compliance with Board of Supervisors direction.

The Green FinanceSF program still has funds available to continue the program. In order to continue the program, the Department of the Environment needs to extend the services of the contractor who administers the website, processes applications and payments, and provides required program reporting. Not to continue to provide these services would mean that the program would have to be cancelled.

Resolution approving administrative terms and conditions for the San Francisco Sustainable Financing Program; identifying the San Francisco Department of the Environment or its City agency designee as the Program Administrator for the City; setting reporting requirements; authorizing the execution of an administrative services agreement; and related matters.

WHEREAS, Under Ordinance Nos. 196-08 and 216-09 (together, the "Enabling Ordinance") the Board of Supervisors (the "Board of Supervisors") of the City and County of San Francisco (the "City") has adopted the San Francisco Special Tax Financing Law, an ordinance providing authority for the establishment of a unique type of Mello-Roos special tax district to finance energy efficiency, renewable energy, water conservation and water pollution control improvements to privately-owned real property; and,

WHEREAS, The Enabling Ordinance provides that such a district may be formed with no participating properties at its formation, with special taxes to be paid only by those property owners electing to join the district in order to finance a qualifying retrofit project; and,

WHEREAS, By its Resolution Nos. 464-09 and 465-09, respectively, the Board of Supervisors has adopted a resolution of intention to establish City and County of San Francisco Special Tax District No. 2009-1 (San Francisco Sustainable Financing) (the "Special Tax District"), along with a resolution of intention for such Special Tax District to incur bonded indebtedness; and,

WHEREAS, This Resolution has been submitted for consideration in connection with several pieces of legislation that, if approved, together would authorize the formation of the Special Tax District for the purpose of financing approved projects (together, the "District Formation Legislation"); and,
WHEREAS, On January 30, 2009 the Controller’s Office of Public Finance issued a request for proposals (the “RFP”) in respect of administrative and financial services in support of the implementation and operation of the Special Tax District; and,

WHEREAS, Renewable Funding LLC (“Renewable Funding”) was selected as the highest ranked proposer under the RFP; and,

WHEREAS, Renewable Funding and City staff have negotiated a form of administration services agreement relating to the Special Tax District, which is on file with the Clerk of the Board of Supervisors in File No. 091452 (the “Administration Services Agreement”); and

This Board of Supervisors now wishes to establish administrative terms and conditions and related processes to implement and operate the proposed Special Tax District and its financing structure; now, therefore, be it

RESOLVED, That, upon due approval of the District Formation Legislation this Board of Supervisors hereby directs the establishment of the San Francisco Sustainable Financing Program (the “Program”), and that such program shall be implemented and operated according to the terms and conditions set forth in this Resolution; and be it

FURTHER RESOLVED That the Program shall be administered on behalf of the City by the San Francisco Department of the Environment, or such other City agency as the Executive Director of the San Francisco Department of the Environment shall designate (the “Administrator”); and, be it

FURTHER RESOLVED That the Administrator shall establish and publish terms and conditions for City property owners to apply for Program financing and, if approved, to opt into the Special Tax District, approve the levy of the special tax, and obtain such financing, and at a minimum such terms and conditions shall include the following:

Mayor Newsom, Supervisor Mar
BOARD OF SUPERVISORS
Supervisors endorses the concept of loading order, where cost effective energy efficiency measures are pursued in advance of or in conjunction with more costly renewable energy projects.

g. Regulatory compliance. The Administrator should develop Program terms that assist in ensuring that all improvements are installed and constructed in accordance with applicable laws and regulations; and be it

FURTHER RESOLVED, That the Administrator shall publish and file with the Clerk of the Board of Supervisors an initial status report on the progress of the program not more than six months from the date the Program first accepts applications, with further annual reports on the Program's performance to be so published and filed on or around the anniversary of such date, and such reports shall include, at a minimum:

a. Total dollar amount and number of projects financed;

b. A projection of future financing demand;

c. Program costs, including funds drawn from state or federal grant sources;

d. Program funding capacity under existing financial agreements;

e. Current list of eligible projects;

f. A description of emerging technologies or transaction types that appear to be likely to grow in the coming year based on Program experience; and

Recommendations for changes to the Program legal or administrative structure, if any.
a. Application procedures. These procedures shall include a funding reservation
system along the lines of that employed by the GoSolarSF program.

b. Financial terms. These terms should include a clear statement of the
effective interest cost of a project financing as well as related costs to be paid by
borrower, such as application and other administrative fees.

c. Property eligibility criteria. These criteria shall be established as a means to
demonstrate the ability of the subject property to secure the repayment obligation
associated with the proposed retrofit project. At minimum these criteria shall include
some demonstration that the property's value exceeds the aggregate total of all private
debt secured by the property plus the principal amount of the proposed special tax
financing.

d. Project eligibility criteria. These criteria shall be established to identify
whether a proposed project or group of projects is of a size and character appropriate
in relation to the size of and approved funding source for the Program.

e. List of eligible improvements. The Administrator shall develop a list of
improvements that are eligible for Program financing. The initial list should build off of
the projects eligible for funding from existing state and federal grant programs, with
new improvements to be added upon a demonstration of numerous successful
applications providing cost-effective energy or water savings.

f. Energy and water rating requirements. In accordance with the state and
federal policies relative to retrofits in general and property tax lien financing programs
in particular, the program shall include a strategy to encourage energy and/or water
audits, ratings or similar systematic analysis as a prerequisite to financing approval, as
well as the translation of such analyses to desired outcomes in terms of the
implementation of energy and water efficiency retrofits. In particular this Board of

1. DESCRIPTION OF WORK

A. Concise description of proposed work: Since the 1980s, SFO has successfully implemented a Noise Insulation Program (NIP) to comply with the State of California Department of Transportation requirements related to mitigation of aircraft noise in the vicinity of the Airport, and to meet commitments with the County of San Mateo. The Airport needs to continue the NIP, and this requires the support of a specialized Noise Insulation consultant, particularly on tasks such as: assistance understanding changes in requirements by the California Department of Transportation; assistance if preparation of grant applications to obtain FAA funding for the NIP, since 80% of the work is eligible for FAA grants; review of County records and updated noise impact boundaries to identify properties that may qualify for noise insulation; coordination of aircraft noise easement acquisition & recording; coordination of insulation design and construction; handling of inquiries from property owners regarding eligibility for insulation.

B. Explain why this service is necessary and the consequences of denial: Work is needed to ensure that Airport continues to meet its commitments with the County of San Mateo regarding mitigation of aircraft noise. Accordingly, SFO must continue to: administer and manage existing noise abatement programs, rules, regulations and procedures; work with the County and local communities to monitor new developments in the noise impact area to identify new incompatible land uses; and eliminate incompatible land uses through acoustic treatment of eligible units and/or acquisition of new easements.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
The services have been previously provided most recently under PSC # 4068-08/09.

D. Will the contract(s) be renewed? Yes, if there continues to be a need for such services at SFO.

   STAFF ANALYSIS/RECOMMENDATION: Received 4/11/12

CIVIL SERVICE COMMISSION ACTION:

3. **DESCRIPTION OF REQUIRED SKILLS/EXPERTISE**
   A. Specify required skills and/or expertise: Successful experience in administration and management of aircraft noise insulation programs in communities near commercial airports in the United States, particularly in California, including coordination of design and construction of noise insulation improvements, experience on acquisition of aircraft noise easements, and solid understanding of the State of California Noise Standards for Airports.

   B. Which, if any, civil service class normally performs this work? None. Airport staff in the following classifications may provide coordination with the consultant: 5264 Airport Noise Abatement Specialist and 5271 Senior Noise Abatement Specialist; however these positions are responsible for the daily operation and maintenance of the Airport's noise monitoring system, flight tracking system and responding to citizen's concerns and not the coordination with the acquisition of easements and insulation improvements to residential properties.

C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain: No.

4. **WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM**
   A. Explain why civil service classes are not applicable: Different, specialized services requiring diverse, expert knowledge will be required on an as-needed basis. Need professionals with experience in administration and management of aircraft noise insulation programs, particularly related to commercial airports in California; professionals should be intimately familiar with the State of California Noise Standards for Airports.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain. No. Project requires work on an "as-needed basis" as requests are made from homeowners in the impacted areas.

5. **ADDITIONAL INFORMATION** (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?  
      [ ] Yes  [X] No

   B. Will the contractor train City and County employees?
      [ ] Yes  [X] No
      - Describe the training and indicate approximate number of hours.
      - Indicate occupational type of City and County employees to receive training (e.g., clerks, civil engineers, etc.) and approximate numbers to be trained.
C. Are there legal mandates requiring the use of contractual services? [X]

D. Are there federal or state grant requirements regarding the use of contractual services? [X]
   No, however, approximately 80% of the cost may be reimbursed by FAA grants. Contractor must perform work in accordance with requirements established by the FAA.

E. Has a board or commission determined that contracting is the most effective way to provide this service? [X]
   No, however, Airport Commission has approved Resolution #11-0222 for this service.

F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? [X]
   The Airport conducted an RFQ and C Kell Smith and Associates was the top ranked firm.

DEPARTMENT NAME: AIRPORT COMMISSION
DEPARTMENT NUMBER: 27

TYPE OF APPROVAL: [X] REGULAR (OMIT POSTING ___)
[ ] EXPEDITED  [ ] ANNUAL

TYPE OF REQUEST: [X] INITIAL REQUEST  [ ] MODIFICATION

TYPE OF SERVICE: Consulting services related to Airport's Noise Insulation Program

FUNDING SOURCE: Airport Funds and FAA Grant Funds

PSC AMOUNT: $500,000  PSC DURATION: 12/22/08 – 12/21/11 (3 years)

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   SFO is seeking a qualified consultant for support on the Noise Insulation Program, particularly on tasks such as: review of County records and updated noise impact boundaries to identify properties that may qualify for noise insulation improvements; coordination of aircraft noise easement acquisitions and recording; coordination of noise insulation design and construction work; handling inquires from property owners regarding eligibility for noise insulation improvements funded by the FAA and the Airport; and, preparation of outlay reports for FAA grant reimbursements.

   B. Explain why this service is necessary and the consequences of denial:
   This service is necessary to ensure that the Airport continues to meet all requirements set forth under the California Code of Regulations, Title 21, Chapter 2.5, Subchapter 6, Section 5012 on Noise Standards.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   To date, administration and management of noise insulation work and easement acquisition have been the responsibility of the County of San Mateo and the various cities in the noise-impacted areas. However, for future phases of the Airport’s Noise Insulation Program, the cities and County of San Mateo are relinquishing their role, and SFO will have to coordinate these activities.

   D. Will the contract(s) be renewed? Yes, as there continues to be a need for such services at the Airport.

AWARD OF CONTRACT NO. 9108 FOR NOISE INSULATION CONSULTING SERVICES TO C. KELL-SMITH & ASSOCIATES WITH AN INITIAL FUNDING NOT-TO-EXCEED $750,000.

WHEREAS, on April 5, 2011, through Resolution No. 11-0099, the Airport Commission authorized the Airport to prepare and issue a Request for Qualifications ("RFQ") to select a qualified consultant to provide support services to the Airport for its Noise Insulation Program ("NIP"); and,

WHEREAS, the Airport issued the RFQ on June 2, 2011; and,

WHEREAS, two submittals were received by the July 29, 2011 deadline; and,

WHEREAS, these submittals were evaluated by a selection panel based on the predetermined criteria stated in the RFQ; and,

WHEREAS, the submittal by C. Kell-Smith & Associates met all the RFQ requirements and received the highest total combined score; now, therefore be it

RESOLVED, that the Airport Commission awards Contract No. 9108 for Noise Insulation Consulting Services to C. Kell-Smith & Associates for a period of three years with two one-year options exercisable at the sole discretion of the Commission, in an initial amount not-to-exceed seven hundred fifty thousand dollars ($750,000) to cover consulting fees related to administration of the NIP, including project management, identification of units eligible for noise insulation improvements, outreach to the community, assistance in preparation of grant applications and securing reimbursements of FAA grants, architectural design, acoustical engineering, mechanical engineering related to design of ventilation and other mechanical upgrades on eligible units, evaluation of hazardous materials and recommendations for proper disposal, assistance in construction management and other related services; and, be it further

RESOLVED, that staff is directed to return to the Airport Commission to request approval of additional funding required for this contract for subsequent phases of the NIP.

I hereby certify that the foregoing resolution was adopted by the Airport Commission
at its meeting of

Cynthia,

L21 has a few questions.

1. Is it the same vendor since 2008? Name of current vendor
2. Is it about time for a new RFP?
3. If not, why not?

1. DESCRIPTION OF WORK

A. Concise description of proposed work:

Fine Art handling services for artworks in the collection of the City and County of San Francisco, including, transportation, packing, storing of fine art; de-installation and installation of artworks including those of monumental scale, design and fabrication of framing, pedestals and cases. Scope includes major installations of monumental work at S.F. International Airport and other large scale projects including transporting, storing, framing and installing major art program at PUC Headquarters. The Arts Commission will also be installing monumentally scaled artwork at the Public Safety Building and General Hospital, to name a few upcoming projects.

B. Explain why this service is necessary and the consequences of denial:

The San Francisco Arts Commission (SFAC) is charged to "maintain the works of art owned by the City and County" (Charter Section 5.103), and the City has over 3,000 art objects in its inventory. In addition, Section 3.19 of the Administrative code establishes the art enrichment program. If approval is denied, the SFAC will be unable to fulfill its responsibilities under both of these mandates. PSC amount needs to be increased to accommodate additional work for PUC, PSB and SFGH described above.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):

The Arts Commission has historically contracted for these services. Most recent CSC approval was granted under CSC: #4083-09/10, 4096-07/09.

D. Will the contract(s) be renewed: Yes, dependent on need for services and funding availability.

PSC FORM 1 (9/96)
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Requires 5 years experience in providing art handling services, including expertise in installation and de-installation of artwork, especially artwork that is monumental in scale. Requires expertise in, and adherence to, industry standards for the packing, crating, and safe transportation and handling of artwork. Able to provide safe, secure storage for artwork in climate controlled storage facility. Must have shop facilities for some construction and/or assembly of bases, cases and framing. Some jobs will require a general contractor's license. Must carry fine arts insurance to cover loss or damage to artwork.
      B. Which, if any, civil service class normally performs this work?
         None
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      Contractor will provide secure, climatized storage facilities appropriate for the storage of works of fine art; transportation vehicles and packing materials, lifts, ladders, crane, rigging, and other specialty tools and equipment necessary for the de-installation, installation, and transportation of works of art of varying sizes, including monumental sculptures weighing in excess of 5 tons.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      Art handler is not a Civil Service classification, and there are no Civil Service classifications that have the training, expertise, equipment, or experience necessary for handling fine art, especially those artworks that are large, heavy, fragile, or all three. Furthermore, the city is self-insured and does not have the insurance coverage necessary to compensate for loss or damage to the artwork, should that occur.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No. These services are of short duration and contracted for on an as needed basis

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees? Yes No
      X
   B. Will the contractor train City and County employees?
      Describe the training and indicate approximate number of hours.
      Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.
      X
   C. Are there legal mandates requiring the use of contractual services? Yes No
      X
   D. Are there federal or state grant requirements regarding the use of contractual services? Yes No
      X
   E. Has a board or commission determined that contracting is the most effective way to provide this service? Yes No

TYPE OF APPROVAL: ☑ REGULAR

TYPE OF REQUEST: ☑ MODIFICATION (PSC# 4046-11/12)

TYPE OF SERVICE: Consulting Services for Power Regulatory Compliance Training (CS-220)

FUNDING SOURCE: Hetch Hetchy Water Power Repair & Replacement, CUH976

Original Amount: $350,000  PSC Duration: 10/01/2011 to 09/30/2013
Modification Amount: $50,000  PSC Duration: 05/07/2012 to 04/01/2015
Total Amount: $400,000  Total PSC Duration: 10/01/2011 to 04/01/2015

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
      Develop a comprehensive training program for Hetch Hetchy Water and Power (HHWP) Control Room Operations System Operators to meet North American Electric Reliability Corporation (NERC) PER-002 and PER-005 regulatory requirements. Consultant will work with HHWP staff to implement a Systematic Approach to Training (SAT) process that will ensure the validity and reliability of the operator training program. The approach will utilize the following five phase SAT model: Analysis, Design, Development, Implementation and Evaluation (ADDIE).
   B. Explain why this service is necessary and the consequences of denial:
      This modification is necessary because it will align CSC authority with the terms of the final, negotiated, sole source contract. HHWP was required to become registered as a Transmission Owner and Transmission Operator with NERC on July 15, 2011. To become compliant and avoid financial penalties, HHWP must develop a comprehensive training program for the powerhouse operators. Penalties vary from $1,000 to $1,000,000 per day.
   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
      This service was not necessary in the past, as this is a new regulatory requirement.
   D. Will the contract(s) be renewed: No.

3. **DESCRIPTION OF REQUIRED SKILLS/EXPERTISE**
   A. Specify required skills and/or expertise:
   Power regulatory compliance. Must have experience implementing a training program using a Systematic Approach to Training (SAT) process for PER-002 and PER-005. In addition, must have tools available for the client to track training for auditing with NERC and Western Electricity Coordinating Council Inc. (WECC).
   
   B. Which, if any, civil service class normally performs this work?
   5602 (Utility Specialist) with NERC certification. HHWP has this classification and the position will be updating the program, once developed, as new regulatory requirements are put in place.
   
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
   Yes. The contractor will provide a tracking/audit compliance tool for the City to monitor the system operator training program per the WECC/NERC requirements. Tool capability to include job task list, learning objectives and training materials, training records, evidence of an annual training program evaluation, upload capability to NERC and audit/compliance tracking for WECC/NERC on-site audit.

4. **WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM**
   A. Explain why civil service classes are not applicable:
   HHWP has insufficient resources to perform the gap analysis and develop the initial program to meet the requirements. HHWP more than likely has sufficient staffing for maintaining the program once it is established.
   
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
   No. The civil service class 5602 (Utility Specialist) already exists.

YPE OF SERVICE: Consulting Services for Power Regulatory Compliance Training

UNDING SOURCE: HHWP R&R, CUH976

SC AMOUNT: $350,000 PSC DURATION: 10/01/2011 to 09/30/2013

DESCRIPTION OF WORK

A. Concise description of proposed work:

Develop a comprehensive training program for Hetch Hetchy Water and Power (HHWP) Control Room Operations System operators to meet North American Electric Reliability Corporation (NERC) PER-002 and PER-005 regulatory requirements. Consultant will work with HHWP staff to implement a Systematic Approach to Training (SAT) process that will ensure the validity and reliability of the operator training program. The approach will utilize the following five phase SAT model: Analysis, Design, Development, Implementation and Evaluation (ADDIE).

B. Explain why this service is necessary and the consequences of denial:

HHWP was required to become registered as a Transmission Owner and Transmission Operator with NERC on July 15, 2011. To become compliant and avoid financial penalties, HHWP must develop a comprehensive training program for the powerhouse operators. Penalties vary from $1,000 to $1,000,000 per day.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):

This service was not necessary in the past, this is a new regulatory requirement.

D. Will the contract(s) be renewed: no

AFF ANALYSIS/RECOMMENDATION:

VIL SERVICE COMMISSION ACTION:
DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
A. Specify required skills and/or expertise:
   owner regulatory compliance. Must have experience implementing a training program using a Systematic Approach to
   training (SAT) process for PER-002 and PER-005. In addition, must have tools available for the client to track training
   or auditing with NERC and Western Electricity Coordinating Council Inc. (WECC).

B. Which, if any, civil service class normally performs this work?
   502 (Utility Specialist) with NERC certification. HHWP has this classification and the position will be updating the
   program, once developed, as new regulatory requirements are put in place.

C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
   e.g., The contractor will provide a tracking/audit compliance tool for the City to monitor the system operator training
   program per the WECC/NERC requirements. Tool capability to include job task list, learning objectives and training
   materials, training records, evidence of an annual training program evaluation, upload capability to NERC and
   st compliance tracking for WECC/NERC on-site audit.

WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
A. Explain why civil service classes are not applicable:
   HHWP has insufficient resources to perform the gap analysis and develop the initial program to meet the requirements.
   HHWP more than likely has sufficient staffing for maintaining the program once it is established.

B. Would it be practical to adopt a new civil service class to perform this work? Explain.
   ot applicable

ADDITIONAL INFORMATION (if "yes," attach explanation)
A. Will the contractor directly supervise City and County employees?  
   Yes  No

B. Will the contractor train City and County employees?
   a. Describe the training and indicate approximate number of hours.
   b. Indicate occupational type of City and County employees to receive training (i.e., clerks,
      civil engineers, etc.) and approximate number to be trained.
      hours of training on the tool for the 5602, NERC certified City employee

C. Are there legal mandates requiring the use of contractual services?  
   Yes  No

D. Are there federal or state grant requirements regarding the use of contractual services?  
   Yes  No

E. Has a board or commission determined that contracting is the most effective way
   to provide this service?  
   Yes  No

F. Will the proposed work be completed by a contractor that has a current personal services
   contract with your department?  
   Yes  No

REQUEST TO SPEAK ON ANY MATTER WITHIN THE JURISDICTION OF THE CIVIL SERVICE COMMISSION AND WHICH IS NOT APPEARING ON TODAY’S AGENDA.

§ Steve Zeltzer, Member of United Public Workers for Action raised the issue as to why the Civil Service Commission hearings are not broadcast. He feels that this Commission is too important to the well being of the City and County of San Francisco and its citizens. The Commission is responsible for millions of dollars and the public needs to be aware of what goes on at the meetings.

He also raised the issue of discrimination against Municipal Transportation Agency (MTA) employees who filed Sunshine Ordinance complaints because the MTA failed to provide documentation.

§ Kevin Hughes, IBEW Local 6 Business Agent corrected the record on a statement he made at the meeting of October 3, 2011 that the MTA did not respond to being available for the October 3, 2011 meeting.

1. DESCRIPTION OF WORK

A. Concise description of proposed work:

SFPUC has partnered with a utility company to market and process regional water and energy washing machine rebate program. The program includes over 30 Bay Area water agencies and continues to build on a highly successful, grant funded regional partnership a utility company. For the first time, the partners are collaborating with a utility company to offer customers a joint rebate in order to streamline the process for the customer and in order to capitalize on the joint marketing capacities of the water and energy utilities. The contract is being modified to accommodate the increased demand for the program.

B. Explain why this service is necessary and the consequences of denial:

See Supplemental Attachment A.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):

These services are currently being provided under PSC No. 4097-08/09 (Formerly PSC No. 3090-07/08-expedited approval). This modification was previously scheduled for approval on November 21, 2011. The item was not approved when two (2) Commissioners recused themselves from voting on the item. Because three (3) votes are needed for Commission action, it was continued to a meeting when there is a full Commission seated.

D. Will the contract(s) be renewed: No.

3. **DESCRIPTION OF REQUIRED SKILLS/EXPERTISE**
   A. Specify required skills and/or expertise:
   Experience in processing rebates, tracking financials, checking customer eligibility for 30+ water utilities as well as the energy utility.
   B. Which, if any, civil service class normally performs this work?
   The internal elements will continue to be performed by SFPUC staff 1478: Senior Water Services Clerk.
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
   No.

4. **WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM**
   A. Explain why civil service classes are not applicable:
   Since this is a regional and grant funded program, we have had to send the processing to an outside entity that can process the information and financial for all agencies. There are over 30 water agencies involved, as well as the energy utility. The customer will be receiving a single check from the “program” that combines both the water and energy portions. Grant funding was contingent on the fact that this would be a centralized program.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
   No, it would not because there would still need to be a central processing agency for all the entities involved which cannot be housed in any one water utility. Furthermore, these grants funds are not reliably consistent.

5. **ADDITIONAL INFORMATION** (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?
   B. Will the contractor train City and County employees?
   - Describe the training and indicate approximate number of hours.
   - Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.
   C. Are there legal mandates requiring the use of contractual services?
   D. Are there federal or state grant requirements regarding the use of contractual services?
   E. Has a board or commission determined that contracting is the most effective way to provide this service?
   Yes by Resolution No. 09-0029 adopted on February 10, 2009.
   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?

Supplemental Attachment A:

1. **DESCRIPTION OF WORK**
   
   B. Explain why this service is necessary and the consequences of denial:

   This modification is necessary because washing machine rebates are a fundamental component of the SFPUC's water conservation program and replacing older models with efficient ones is essential to the program's ability to meet long term demand reduction goals. The greater Bay Area region received a grant from the CA Dep't of Water resources to implement this program and the SFPUC expects to receive $630,000 of this funding. The region has identified this partnership with a utility company as the vehicle for marketing and administering the funding. In order to access these funds and provide our customers with a high level of financial and technical support, the SFPUC must participate in this regional program. Denial of this request means that the SFPUC will have to forgo the grant funding and therefore will not be able to provide as many rebates to its customers. Furthermore, not being part of the regional program will send a negative message to both local water agencies as well as SFPUC customers in terms of its commitment to water conservation.

RESOLUTION NO. 09-0029

WHEREAS, San Francisco Public Utilities Commission (SFPUC) staff participated in a regional grant application to the California Department or Water Resources (DWR) for a Regional High-Efficiency Clothes Washer Rebate program; and

WHEREAS, Zone 7 Water Agency (Zone 7) is the Contracting Agency responsible for signing the grant agreement with DWR and disbursing grant funds to grant participants in accordance with the Grant Agreement; and

WHEREAS, the SFPUC's share of the grant is $517,500; and

WHEREAS, Funding for the required matching funding is available from the FY 08-09 and proposed 09-10 Water Enterprise Operating Budget; now, therefore, be it

RESOLVED, That this Commission authorizes the General Manager of the San Francisco Public Utilities Commission to request permission from the Board of Supervisors to accept and expend grant funds totaling $515,700 from the California Department of Water Resources, through the Contracting Agency Zone 7, with required local matching funds of $776,250 from the FY 08/09 and proposed 09/10 Water Enterprise Operating Budget; and to execute all required agreements.

I hereby certify that the foregoing resolution was adopted by the Public Utilities Commission at its meeting of February 10, 2009

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   Contract work consists of the following: 1. Sorting benthic invertebrate samples into major taxonomic groups in preparation for identification and identifying and sorting Polychaeta to families as needed. 2. Performing quality control (QC) on staff taxonomists by re-identifying random samples and working with staff taxonomists to resolve differences. 3. Performing taxonomic identification on samples as needed. 4. Providing training to identify freshwater aquatic invertebrates as needed.

   B. Explain why this service is necessary and the consequences of denial:
   This modification is necessary because marine invertebrate taxonomy is a requirement of the Oceanside WPCP NPDES discharge permit and freshwater invertebrate taxonomy is essential for assessing the biological integrity of the SFPUC's watershed lakes and streams. Training of in-house staff on freshwater taxonomy is an as-needed task, last provided by a training workshop in 2005. Future training needs will depend upon pending SFPUC Watershed permits and agreements with regulatory agencies. Sorting of benthic infauna samples can be performed by in-house staff, but not at current staffing levels. It is more efficient to contract out rather than hire full-time staff for three or four months' worth of work. Having taxonomic QC performed by an outside, independent professional avoids any potential perception of malfeasance, helps to keep the laboratory up to date with new taxonomic developments, and provides confidence to the regulators requiring the work. Without this contract, the SFPUC would not be able to meet reporting requirements to the U.S. Environmental Protection Agency and California Regional Water Quality Control Board for the San Francisco Bay Region, and would be subject to penalties of up to $11,000 per day.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   This service is being provided via PSC No. 4102-09/10 (CS-877).

1. DESCRIPTION OF WORK

A. Concise description of proposed work:

Contract work consists of the following: 1. Sorting benthic invertebrate samples into major taxonomic groups in preparation for identification. 2. Performing quality control on staff taxonomists by re-identifying random samples and working with staff taxonomists to resolve differences. 3. Performing taxonomic identification on samples as needed. 4. Providing training to identify freshwater aquatic invertebrates as needed.

B. Explain why this service is necessary and the consequences of denial:

This service is necessary because marine and freshwater invertebrate taxonomy is essential for assessing the biological integrity of the SFPUC’s watershed lakes and streams. Sorting of benthic samples and having taxonomic QC performed by an independent professional avoids any potential perception of malfeasance and helps to keep the laboratory up to date with new developments.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):

This service has been provided in the past via PSC No. 3126-06/07 (CS-877).

D. Will the contract(s) be renewed: Yes.

AFF ANALYSIS/RECOMMENDATION:

IL SERVICE COMMISSION ACTION:
3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
A. Specify required skills and/or expertise:
   Marine and freshwater invertebrate taxonomy.
B. Which, if any, civil service class normally performs this work?
   2483 Biologist I/II
C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
   No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
A. Explain why civil service classes are not applicable:
   Civil service classes are not applicable because in-house staff does not have the necessary training to identify watershed benthic samples.
B. Would it be practical to adopt a new civil service class to perform this work? Explain.
   It would not be practical to adopt civil service classes because this work is not continuous, but is only needed for a short period once per year.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
A. Will the contractor directly supervise City and County employees?
   Yes
   No
   X
B. Will the contractor train City and County employees?
   Describe the training and indicate approximate number of hours.
   The training will be between eight (8) and sixteen (16) hours on freshwater invertebrate taxonomy workshops regarding voucher sheets, identification keys, and voucher specimens.
   Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.
   Five (5) to eight (8) Biologists will be trained.
C. Are there federal or state grant requirements regarding the use of contractual services?
   Yes
   No
   X
D. Are there federal or state grant requirements regarding the use of contractual services?
   Yes
   No
   X
E. Has a board or commission determined that contracting is the most effective way to provide this service?
   Yes
   No
   X
F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?
   Yes
   No
