Subject: Personal Services Contracts Approval Request

This report contains nine (9) personal services contracts (PSCs) in accordance with the revised Civil Service Commission (CSC) procedures for processing PSCs that became effective on July 1, 1996.

The services proposed by these contracts have been reviewed by Department of Human Resources (DHR) staff to evaluate whether the requesting departments have complied with City policy and procedures regarding PSCs. The proposed PSCs have been posted on the DHR website for seven (7) calendar days. CSC procedures for processing PSCs require that any appeal of these contracts be filed in the office of the CSC, Executive Officer during the posting period.

No timely appeals have been filed regarding the PSCs contained in this report. These proposed PSCs are being submitted to the CSC for ratification/approval.

DHR has prepared the following cost summary for personal services contracts that have been processed through the Department of Human Resources to date:

PERSONAL SERVICES CONTRACT SUMMARY

DATE: 9/19/2013
DEPARTMENT NAME: (DCYF) Children, Youth and Families
DEPARTMENT NUMBER: 023

TYPE OF APPROVAL: ☒ REGULAR  (OMIT POSTING ___)

TYPE OF REQUEST: ☒ INITIAL REQUEST ☐ MODIFICATION (PSC # ________)

TYPE OF SERVICE: Fiscal Intermediary Services for Youth Empowerment Fund

FUNDING SOURCE: Children's Fund

PSC AMOUNT: $1,300,000  PSC DURATION: 1/1/2014 – 09/30/2016

1. DESCRIPTION OF WORK

A. Concise description of proposed work:
DCYF seeks a fiscal intermediary to provide fiscal and human resources support for the Youth Empowerment Fund. The Youth Empowerment Fund is a funding stream established by the Children's Amendment. The Children's Amendment states that a minimum of three percent of the Children's Fund must be spent on youth-initiated projects. These funds are referred to as the Youth Empowerment Fund. DCYF seeks to contract with a fiscal intermediary that can provide fiscal management for mini-grants to youth-initiated projects, hire support youth interns to act in an advisory capacity to the Fund and to manage annual youth-led events.

B. Explain why this service is necessary and the consequence of denial:
The Children's Amendment requires that 3% of the Children's Fund go to youth-initiated projects. If this request is denied, DCYF will issue an RFP and grant the funds out to a nonprofit to develop and run a youth-initiated program.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
In the past the Youth Empowerment Fund was granted to a nonprofit. DCYF is seeking to use a personal service contract to maintain strategic development of the fund and to design the activities and services provided through the Youth Empowerment Fund. The strategic development and oversight for the Fund will be provided by a DCYF Senior Planner (Classification 9774).

D. Will the contract(s) be renewed? No. This request is for funding cycle ending June 30, 2016.

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      DCYF is seeking a contractor with strong fiscal and human resource systems to manage the disbursement of Youth Empowerment Funds and to hire and manage youth advisors. The contractor must have expertise in youth development programming and experience running youth-led events.

   B. Which, if any, civil service class normally performs this work?
      The youth advisory work for the Youth Empowerment Fund is not normally performed by a civil service class. DCYF will continue to use a permanent 9774 position to set the strategic direction for the Youth Empowerment Fund.

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      The contractor will provide office space, equipment, and meeting space to support up to 3 teams of youth who will be acting in an advisory and oversight capacity for youth-initiated projects and youth-led events.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      DCYF is not structured to house and support large scale youth-led programming, which would require hiring and supporting youth advisors that meet after business hours. The youth advisors positions range from 1 to 2 year appointments. Youth work 10-15 hours per week in their advisory roles.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No, due to the part-time, temporary nature of the youth advisor roles. The primary work for the Youth Empowerment Fund is conducted by part-time, temporary youth advisors that are managed by two part-time adult allies.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees? 
      [No]

   B. Will the contractor train City and County employees?
      [No]
      - Describe the training and indicate approximate number of hours.
      - Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate numbers to be trained.

   C. Are there legal mandates requiring the use of contractual services? 
      [No]

   D. Are there federal or state grant requirements regarding the use of contractual services?
      [No]

   E. Has a board or commission determined that contracting is the most effective way to provide this service?
      [No]

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?
      [No]

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   BiblioCommons is a “Software as a Service” solution to deliver a “social discovery” experience and a much improved search to public library Catalog users. “Social discovery” allows users to comment on materials in the collection. BiblioCommons employees will review comments flagged by users and implement next steps, which may include notification and removal.

   B. Explain why this service is necessary and the consequences of denial:
   This product will not only provide library users with the best available and most user-friendly catalog interface (one that has been adopted by many of the major public libraries in the U.S. including New York, Boston, Multnomah County (Portland) etc.) but also affords them a “social discovery” and interaction platform. User comments are peer-moderated through flagging to highlight problematic posts. Only BiblioCommons staff can access and remediate comments that violate terms of service. The San Francisco City Attorney team has advised us that without implementation of this BiblioCommons staff procedure, First Amendment rights of our users could be violated and result in lawsuits against the City and County San Francisco.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   This service was not provided in the past.

   D. Will the contract(s) be renewed:

Dear SEIU representative,

For your review, the Library is submitting the attached PSC for seeking a "software as a service" contract. A RFP will not be issued because the professional services that we are seeking are directly linked to proprietary software owned by Bibliocommons.

Should you have any questions, please contact Laura Lent at 557-4220 by phone or email her at llent@sfpl.org. Thank you for your consideration.

PERSONAL SERVICES CONTRACT SUMMARY

DATE: October 16, 2013

DEPARTMENT NAME: Health Service System
DEPARTMENT NUMBER: 66

TYPE OF APPROVAL:
☐ EXPEDITED  ☑ REGULAR  (OMIT POSTING )  ☐ CONTINUING  ☐ ANNUAL

TYPE OF REQUEST:
☑ INITIAL REQUEST  ☐ MODIFICATION (PSC# )

TYPE OF SERVICE:
Marketing and Consulting Services for Wellness Programs

FUNDING SOURCE:
Health Service System Trust Fund

PSC AMOUNT: $2,250,000 ($500,000 per year)

PSC DURATION: 01/01/2014-06/30/2018

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
      As recommended by the San Francisco Board of Supervisors Budget Analyst, the Health Service System needs to develop centrally coordinated health promotion programs for employees and retirees. Health insurance for nearly 110,000 employees, retirees and their families costs over $750 million annually. During 2013 rates and benefits negotiations, The Board of Supervisors and City labor leaders expressed a strong commitment to employee and retiree health programs as an integral part of a cost containment strategy. This includes building online tools to advance decision support and patient education, expanding in-person outreach at events across departments, and promoting high levels of participation in preventive and condition management programs.

   B. Explain why this service is necessary and the consequences of denial:
      Existing staff resources are insufficient to support the scope of the proposed work. As benchmarking research shows, and the Budget Analyst report states, “high levels of participation through communication, outreach, and City department involvement” must be achieved to create a culture of wellness in the workplace. If additional professional resources are not made available, return on investment for health and wellness programs cannot be attained. Cost trends for benefits will rise at a steeper annual rate, negating the annual municipal budget and increasing long-term financial liabilities. The incidence of chronic illness, such as heart conditions, diabetes and depression, will continue to rise and negatively affect productivity and quality of life.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
      The Health Service System has not previously required the level of consulting services described in this request. Communication needs to date, focused on health benefits notification that meet legal compliance, have been met by existing one-person staff at HSS. Additional resources are needed to creatively and effectively obtain the high level of visibility and participation required to achieve success with these new programs.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      Typically, the civil service classes listed above do not perform these services on a comprehensive and strategic basis. Also, particular experience is required to achieve the broad ranging and sustained behavioral change that drives measurable improvement in population health.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No, it would be impractical to adopt a new civil service class because this is a program launch that does not require permanent job placement.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?  
      □ Yes  □ No
   B. Will the contractor train City and County employees?
      • Describe the training and indicate approximate number of hours.
      • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.

      □ Yes  □ No
   D. Are there federal or state grant requirements regarding the use of contractual services?

The contractor will conduct executive searches to identify, assess and recruit candidates for five high-level specialized management positions at the San Francisco Municipal Transportation Agency (SFMTA). Services will include: developing search strategies; identifying and recruiting potential candidates; evaluating interested candidates; presenting final candidates; and performing follow-up duties as required.

B. Explain why this service is necessary and the consequences of denial:
Executive search is necessary to provide a greater degree of exposure in order to recruit and attract the most viable potential candidates. 4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM

1. Description of Work
   A. Scope of Work:
      To provide Court Reporting Services and Transcription as needed for Disciplinary Hearings and Police
      Commission Meetings, along with the transcription of tapes from interviews done with the Police Departments
      Management Control Division and other investigative units within the Police Department.

   B. Explain why this service is necessary and the consequence of denial:
      Transcripts are necessary for a permanent record of discipline hearings, interviews and meetings. In addition to
      the Police Department having to maintain its personnel records, the Police Commission must also maintain
      records of its actions, and further if an officer appeals a disciplinary action to the Superior Court, the Department
      would have to produce a certified record of the hearings held and evidence taken by the Commission used to
      sustain the charges. If denied and further legal action is taken, no record of the proceedings will be available.

   C. Has this service been provided in the past. If so, how? If the service was provided via a PSC, provide the most
      recently approved PSC # and upload a copy of the PSC.
      This service was provided through PSC 4103-09/10 and 3066-08/09

   D. Will the contract(s) be renewed? Yes

3. **Description of Required Skills/Expertise**
   A. Specify required skills and/or expertise:
      Certified Court Reporter and Transcriptionist.

   B. Which, if any, civil service class(es) normally perform(s) this work?
      8138,  

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      Yes, the contractor would provide all of the necessary equipment in order to perform the service. The city does not possess the equipment required for this service.

4. **Why Classified Civil Service Cannot Perform**
   A. Explain why civil service classes are not applicable:
      Due to the as needed nature of the work, it would not be practical to hire a full time or part time employee for this service. The work is very intermittent and requires an immediate response when services area required. In addition, the Police Department may require more than one Court reporter at a time for multiple meetings, such as disciplinary hearings and Commission meetings which maybe held concurrently.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No, there is currently a Civil Service classification. Additionally, the Police Department does not have a regular schedule for any hearings other than the weekly Police Commission meetings to support a full time position.

TYPE OF SERVICE:

Provide intermittent, as-needed, on-call, mobile blood filtration (therapeutic apheresis), and auto transfusion services

FUNDING SOURCE:

General Fund

Original PSC Amount: $560,000 PSC Duration: 07/01/2006 – 06/30/2010

1st Modification Amount $750,000 PSC Duration: 07/01/2010 – 06/30/2014

This Modification Amount $812,500 PSC Duration: 07/01/2014 – 06/30/2019

Total Amount $2,122,500 Total PSC Duration: 07/01/2006 – 06/30/2019

1. DESCRIPTION OF WORK

A. Concise description of proposed work:

Therapeutic apheresis is a procedure in which the patient's blood is collected using automated US Food and Drug Administration (FDA)-approved devices, separated into its components (Red Blood Cells [RBC], White Blood Cells [WBC], Platelets and/or plasma) and filtered. The suspected pathologic component is discarded, and the remaining components are returned to the patient along with replacement fluids. Auto transfusion services are used in an effort to reduce allogeneic (blood from a donor) blood transfusion. It is indicated in a variety of surgical procedures whenever major blood loss is anticipated and it is the only acceptable method of transfusion for Jehovah's Witnesses patients because blood remains in continuity within the auto transfusion circuit.

B. Explain why this service is necessary and the consequences of denial:

Over the years an increasing number of patients now seen at San Francisco General Hospital Medical Center (SFGH) require this service. In the past requests for these services were extremely rare, since this type of service was provided by dialysis centers. This is no longer the practice, because the centers do not have enough slots to accommodate this less restrictive form of dialysis. Delaying therapeutic apheresis services for a patient worsens the condition and eventually full dialysis is required. SFGH has never provided therapeutic apheresis nor dialysis services. The apheresis equipment is costly and the training extensive. With the unpredictable demand for these services and the need for timely treatment critical, the current practice of providing the services through an as-needed mobile vendor is the optimal way to deliver the services, and forestall the need for full dialysis treatment for patients.

C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):

This modification of PSC# 4096-05/06 (approved 4/3/2006) extends the approval and also includes existing auto transfusion services that are performed under contract at SFGH utilizing a contract administered by the Office of Contract Administration.

D. Will the contract(s) be renewed: Yes

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   Therapeutic apheresis is a procedure in which the patient's blood is collected using automated FDA approved devices, separated into its components (RBCs, WBCs, Platelets and/or plasma) and filtered. The suspected pathologic component is discarded, and the remaining components are returned to the patient along with replacement fluids. Auto transfusion services are used in an effort to reduce alloegenic (blood from a donor) blood transfusion. It is indicated in a variety of surgical procedures whenever major blood loss is anticipated and is the only acceptable method of transfusion for Jehovah's Witnesses patients because blood remains in continuity within the autotransfusion circuit.

   B. Explain why this service is necessary and the consequences of denial:
   Over the years an increasing number of patients now seen at San Francisco General Hospital Medical Center (SFGH) require this service. In the past requests for these services were extremely rare, since this type of service was provided by dialysis centers. This is no longer the practice, because the centers do not have enough slots to accommodate this less restrictive form of dialysis. Delaying therapeutic apheresis services for a patient worsens the condition and eventually full dialysis is required. SFGH has never provided therapeutic apheresis nor dialysis services. The apheresis equipment is costly and the training extensive. With the unpredictable demand for these services and the need for timely treatment critical, the current practice of providing the services through an as-needed mobile vendor is the optimal way to deliver the services, and forestall the need for full dialysis treatment for patients.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   [This modification of PSC# 4096-05/06 (approved 4/3/2006) extends the approval and also includes existing auto transfusion services that are performed under contract at SFGH utilizing a contract administered by the Office of Contract Administration.]

   D. Will the contract(s) be renewed: Yes

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:

   Intermittent, as-needed pharmacist and pharmacy technician registry services for use during unusually high patient activity workload peaks or low staffing levels of Civil Service employees due to unscheduled staff absences or shortages.

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:

      No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:

      The requested services are supplemental, as-needed services only. The registry services are only utilized to maintain staffing levels during unusually high patient activity workload peaks or low staffing levels of Civil Service employees due to unscheduled staff absences or shortages.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.

      No. Civil Service classifications already exist. It would be impractical to establish new classes, as the required services are on an as-needed, intermittent basis. These registry services are necessary because of workload peaks and/or unscheduled Civil Service absences which result in low staffing levels.

Attachment to Personal Services Contract Summary: Pharmacist and Pharmacy Technician Registry Services

2408 Pharmacist and 2450 Pharmacy Technician positions added

SFGH has added 16 FTE pharmacists and 7 FTE pharmacy technicians in the past 4 years, despite a National shortage of pharmacist's shortage which has made it difficult to quickly fill positions and has required DPH to incorporate a variety of recruitment modalities to obtain qualified staff. Nonetheless, DPH Pharmacy has collaborated with HR to successfully hire qualified and talented Civil Service staff.

A reduction in registry use has not been possible for a variety of reasons:

1. Patient care mandates and regulatory scrutiny has heightened since 2005. Registry staff have been used to provide services until new Civil Service positions could be approved and filled.

2. The Pharmacy Department seeks to replace registry staff with Civil Service staff as much as possible. It does not use registry services as a substitute for Civil Service staff. On-call and part-time Civil Service pharmacy staff are called upon first to complete unfilled shifts. Registry staff is used only when Civil Service staff are unable to fill available shifts. Without the use of these services, Hospital licensing would be jeopardized.

New pharmacy services include:

a. Medication review and profiling in the Emergency Department;

b. Medication review of patients receiving contrast media in Radiology;

c. Pharmacy staff preparing all Intravenous medications (including NICU and ICU's).

3. Mandate to reduce overtime by Mayor's Office has resulted in a reduction in overtime by Civil Service staff and a commensurate increase in the use of Civil Service on-call and part-time staff, as well as registry personnel.

4. Continued need to back-fill sick, vacation, and other leaves. This need has increased as new Civil Service staff have been hired.

The settlement agreement called for minimum staffing in the Outpatient Pharmacy. We have done that:

Plans to reduce reliance on registry services to every extent possible:

1. Complete hiring of all vacant positions.

2. Add additional Civil Service on-call positions at SFGH.

Please specify what assignment or location each is intended for, the schedule for each position (e.g., FT or PT), as well as when the Req was approved, when the job announcement was published, and when the Department expects to fill the position.
