48955 - 13/14	CITY PLANNING	\$2,000,000.00	<p>This feasibility study represents the first step toward potential implementation of the Railyard and Boulevard project. The study has five components to analyze the potential and effects of: Boulevard I-280 in the area, Reconfiguration/Relocation of the 4th &amp; King railyard, Potential of redevelopment of the 4th &amp; King railyard, Connection and interaction of Downtown Tunnel Extension (DTX – to Transbay Transportation Center – TTC), and Potential to minimize area through the use of loop track at TTC.</p> <p>This Study will develop a neighborhood vision for the area and identify transportation investments to fulfill the neighborhood vision. The Study will include: evaluation of the technical and financial feasibility of a comprehensive transportation project that consolidates/relocates existing rail tracks underground, surfaces an existing elevated freeway, consolidates/relocates a railyard, enhances the area around the Transbay Transit Center, and creates new opportunities for neighborhood connectivity and transit-oriented development. Further, the study will look at opportunities to connect and/or consolidate the two planned stations.</p>	May 1, 2014	June 30, 2018
44212 - 13/14	DEPARTMENT OF EMERGENCY MANAGEMENT	\$132,000.00	<p>Xybix Systems, Inc. is a manufacturer and distributor of proprietary workstation furniture for 9-1-1 call centers. Department of Emergency Management (DEM) purchased the existing dispatch furniture under contract in 2008. The contract has expired requiring a new service maintenance contract for the next 5 years for parts and services. The Xybix workstations meet ergonomic functional standards to accommodate a range of Dispatchers from a 5th percentile female to a 95th percentile male. DEM has 42 work stations in use 24 hours a day 7 days a week with over 200 Dispatchers. The equipment requires adjustments and reconfiguration hourly to suit the ergonomic requirements of various staff members assigned to a work station. The demands on the workstations require service repair to lifts, cable tray, and environmental control units connected to the workstations. Under the new contract, Xybix will furnish parts and dispatch factory trained technician when repairs are required. The new contract will extend the life of the equipment an additional 5 years. A RFP will be developed in 2018 to replace all workstations.</p>	December 18, 2013	June 30, 2019
46840 - 13/14	AIRPORT COMMISSION	\$1,500,000.00	<p>As-needed environmental consulting services are required for verification of compliance with environmental laws, regulations, and standards. The as-needed consulting services will assist the Airport to maintain compliance with environmental regulations in support of operations and maintenance functions and Capital Improvement Program (CIP) projects. Services will include: site investigation for contaminant characterization, planning and design of asbestos/lead abatement and demolition of Airport buildings, construction management and technical oversight of environmental remediation, air quality control permitting and monitoring services, and environmental database support services.</p>	June 1, 2014	June 1, 2019
45705 - 13/14	AIRPORT COMMISSION	\$450,000.00	<p>The Airport requires a third party to certify for the Ground Transportation Management System &amp; Taxi Management System (GTMS/TMS) that will provide real time tracking of taxi &amp; ground transportation operators, and interface with other City agencies and other Bay Area airports and public transit agencies. The system will be built on an open source platform and will utilize a Radio Frequency Identification (RFID) device and smart card technology for tracking taxi and ground transportation (GT) operators. The system will have a taxi short monitoring solution that uses 5.9 GHz Dedicated Short Range Communication (DSRC) technology in a manner that is consistent with the latest IEEE 802.11P standard and GTMS that uses ISO 18000 6C Communications technology in a manner that is consistent with the latest ISO standard. SFO requires certification by OmniAir Certification Services (OCS) to confirm that the selected technology solutions meet the SFO requirements/standards mentioned above.</p>	April 1, 2014	April 1, 2015

PSC No	Dept Designation	PSC Amount	Description of Work	PSC Estimated Start Date	PSC Estimated End Date
42676 - 13/14	PUBLIC HEALTH	\$3,360,000.00	Contractor(s) will provide capacity building and reduce disparities in access to mental health services among Filipino, Southeast Asian (Laotian, Cambodian and Vietnamese) and Samoan populations in San Francisco, with priority given to the South of Market, Tenderloin, Bayview and Visitacion Valley communities. The work will include building the capacity of community based organizations, schools, ethnic specific cultural centers and intervention services, outreach and engagement, mental health promotion activities and psycho-social education, behavioral health screening and assessment, referrals and linkage, and short term therapeutic services.	January 1, 2014	December 31, 2018
46631 - 13/14	PUBLIC HEALTH	\$1,344,000.00	Contractor(s) will provide innovative mental health services to low income, socially isolated older adults through a system of care to integrate mental health programs, older systems of care, the community and a network of peer support services so they may work together to identify, reintegrate and engage this hard to reach population. The work emphasizes peer support and the trust found in these relationships as a novel and powerful means of engagement and linking the population to services.	January 1, 2014	December 31, 2018
48236 - 13/14	PUBLIC HEALTH	\$840,000.00	Contractor(s) will provide capacity building, policy and advocacy for adolescents and transitional age youth services (emphasis on treatment of trauma) in San Francisco.	January 1, 2014	December 31, 2018
42855 - 13/14	CONTROLLER	\$5,000,000.00	Perform specialized audit, analytical and technical assistance consulting and training services to maximize the effectiveness of the Controller's Office City Services Auditor function to assess and improve the financial condition and performance of City departments.	March 1, 2014	February 28, 2019
41256 - 13/14	AIRPORT COMMISSION	\$250,000.00	System support for SFO's Automated Vehicle Identification/Ground Transportation Information Systems (AVI/GTIS). Contractor will provide AVI/GTIS system monitoring and telephone support during business hours, bi-weekly system maintenance, AVI system preventative maintenance, and software configuration and refinement. The AVI/GTIS system measures ground transportation (GT) and taxi traffic volume that corresponds to the number of trips made for drop-offs and pick-ups at SFO.	April 1, 2014	June 30, 2016

**TOTAL AMOUNT \$14,876,000**
