Subject: Personal Services Contracts Approval Request

This report contains five (5) personal services contracts (PSCs) in accordance with the revised Civil Service Commission (CSC) procedures for processing PSCs that became effective on October 25, 2013.

The services proposed by these contracts have been reviewed by Department of Human Resources (DHR) staff to evaluate whether the requesting departments have complied with City policy and procedures regarding PSCs. The proposed PSCs have been posted on the DHR website for seven (7) calendar days. CSC procedures for processing PSCs require that any appeal of these contracts be filed in the office of the CSC, Executive Officer during the posting period.

No timely appeals have been filed regarding the PSCs contained in this report. These proposed PSCs are being submitted to the CSC for ratification/approval.

DHR has prepared the following cost summary for personal services contracts that have been processed through the Department of Human Resources to date:

Department of Human Resources

PERSONAL SERVICES CONTRACT SUMMARY ("PSC FORM 1")

Department: AIRPORT COMMISSION -- AIR

Dept. Code: AIR

Type of Request: ☑ Initial
☐ Modification of an existing PSC (PSC #__________)

Type of Approval: ☐ Expedited
☐ Regular
☐ Omit Posting

Type of Service: As-Needed Construction Management Support Services

Funding Source: Airport Capital Funds

PSC Duration: 5 years 34 weeks

PSC Amount: $6,000,000

PSC Est. Start Date: 11/01/2014 PSC Est. End Date: 06/30/2020

1. Description of Work
   A. Scope of Work:
   As-Needed Construction Management (CM) Support Services requiring specialized experience in airport construction projects including, but not limited to specific expertise in design/bid/build, design/build, and other alternative delivery method projects. CM services may include: 1) Construction Inspection Services, 2) Resident Engineering and/or Office Engineering Services, 3) Special Inspection and Testing, 4) Material Testing and Reporting, 5) Surveying Services, and 6) Other CM services as required. Contractor will provide CM support services for various projects at the San Francisco International Airport (SFO), including but not limited to projects in the design, construction and post construction phases of work. Anticipated projects include: Boarding Area A 400 Hertz System and Infrastructure Improvements, Terminal 3 East Improvements, Central Plant Renovation, Generator and Diesel Fuel System Testing, Maintenance and Repair, Firehouse Number 3 and South Field Checkpoint Relocation, and other related projects.

   B. Explain why this service is necessary and the consequence of denial:
   Along with aging infrastructure, SFO continues to experience strong passenger growth, both of which require maintenance of airport and airfield infrastructure to improve operational efficiency and safety; and to meet forecasted demand. CM support for airport and airfield improvement projects are required for various capital facility projects, runway, taxiway, apron, infield, roadway pavements, underground infrastructure, industrial waste, sewer, drainage pump stations, and telecommunication and high voltage infrastructure. Denial will cause project delays, which will affect aircraft operations and customer service, and result in lost revenues.

   C. Has this service been provided in the past. If so, how? If the service was provided via a PSC, provide the most recently approved PSC # and upload a copy of the PSC.
   This is a new request.

   D. Will the contract(s) be renewed? Yes, if there continues to be a need for such services at the SFO.

2. Union Notification: On 09/08/2014, the Department notified the following employee organizations of this PSC/RFP request:

3. Description of Required Skills/Expertise
   A. Specify required skills and/or expertise:
      As-needed CM services require specialized skills on airport projects with direct and current experience related to
      airport terminals and facilities, runways and taxiways, airfield lighting, security and special systems, navigational
      aids and power systems, utility infrastructure, redevelopment of interior spaces; and airfield and landside site
      work. Required skills include management of construction projects and project documents, and development and
      implementation of a Quality Control/Quality Assurance Program in an airport environment.

   B. Which, if any, civil service class(es) normally perform(s) this work?

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      To be determined based on the nature of the task.

4. Why Classified Civil Service Cannot Perform
   A. Explain why civil service classes are not applicable:
      Existing staff does not have the required expertise and specialized skills related to the proposed services.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No, as projects are on an as-needed, temporary basis and do not occur frequently enough to justify permanent
      staffing, with the exception of project management staff. However, contracted work will be supervised by City
      project managers and staff with appropriate airport construction expertise.

5. Additional Information (if “yes”, attach explanation)
   YES   NO
   A. Will the contractor directly supervise City and County employee?  
   B. Will the contractor train City and County employee?          n/a

As -Needed Construction Management Support Services

Term Justification

The PSC term will correspond to the contract duration of five (5) years, with anticipated start date of November, 2014, through the end of the fiscal year, June, 2020. The implementation of the Airport’s five (5)-year Capital Improvement Program requires Construction Management Services that include: technical, full-time, on-site observation and inspection, including specially inspection, of the progress and quality of the construction work. In addition, Construction Manager and Resident Engineer / Assistant Resident Engineer (RE/ARE) services to lead/support construction management teams of engineers, inspectors, surveyors and material testing lab technicians on assigned projects. This contract will augment the staff of the D&C division in Airfield Construction Management and provide specialized expertise for oversight of construction projects ensuring the airport obtains the best quality construction for the Airport’s 5-year Capital Improvement Program.

1. B. Explain why this service is necessary and the consequence of denial: (Continued)

Denial of this contract will essentially bring to a halt, an organization that has served local TB programs, TB providers, and California communities for over a decade. It has been pivotal in helping bring California and San Francisco TB case numbers down to the lowest numbers in history, although progress has stalled. It employs one employee who is the administrator of the organization and will not be able to be retained if this contract is not renewed. The CTCA is a model organization for the nation, and its practices and policies are being adopted at the national level at the National TB Controller’s Association. The San Francisco TB program has limited ability to advocate for resources high TB burden, urban communities, and CTCA is an effective voice.

1. DESCRIPTION OF WORK
   A. Concise description of proposed work:
   This request is to increase the PSC for services for the City's Readiness Initiative (which helps prepare the City for a public health emergency such as a catastrophic bioterrorism attack by providing antibiotic prophylaxis to approximately 1.2 million people in SF within the first 48 hours) by enabling administration of services for specialized review and further development of its protocols and tools for surveillance and investigation of urgent cases and outbreaks of disease, including data forms and the Integrated Case and Outbreak Management system (ICOMS). This will include review of existing protocols and tools developed for both normal operations and for the Department's Infectious Disease Emergency Response Plan (IDERP) and the creation of documentation to support disease control and immunization record keeping systems (ICOMS and ICMS), including functional descriptions, detailed specifications, and guides for configuring, administering, and troubleshooting records systems; purchase, package and inventory of Point of Dispersion (POD) equipment and supplies for all POD trailers; creating multilingual signs for use in POD sites; developing traffic routes and cubicle footage requirements for antibiotic distribution between storage, POD sites and regionally agreed upon mass prophylaxis training modules; and developing website and Internet screening processes to provide antibiotic prophylaxis.

   B. Explain why this service is necessary and the consequences of denial:
   DPH has the responsibility of ensuring the provision of antibiotic prophylaxis to approximately 1.2 million people in San Francisco (daytime population) within a 48 hour period of a bioterrorism attack. To provide for a seamless epidemiologic response of this magnitude and urgency, with minimal disruption in procedures and data collection, current systems need to be efficient and allow ongoing upgrades.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number):
   Approved on April 16, 2009 PSC 4147-08/09

   D. Will the contract(s) be renewed: Yes, only if funding is available.

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
   A. Specify required skills and/or expertise:
      Must have relevant experience in capacity development and program enhancement for medicine and supplies delivery in large scale emergencies and expertise in regional collaboration of these strategies; tracking for health services and programs such as the Immunization clinic management system (ICMS), and ICOMS; experience in system specifications and various recordkeeping systems and using different data sets used for an all operational infectious disease hazardous response.

   B. Which, if any, civil service class normally performs this work?
      None. While both the CDC and the Department of Emergency Management employ 2818 planners, their levels of expertise is to create and maintain preparedness plans and conduct exercises. None of the current employees have the expertise to create deliverables such as regional websites, internet compatible screening programs, multi lingual signs, multi-media training modules, or technical documents in a timely manner. It is the most efficient strategy to call on outside parties to accomplish these.

   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      No.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
   A. Explain why civil service classes are not applicable:
      There are currently no civil services which provide these highly specialized services. They are short term, intermittent, as needed. Funding has been provided by PHIEP to local health departments so that they may maintain these important services.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      Not at this time. These services are short term, intermittent and as needed.

5. ADDITIONAL INFORMATION (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees?
      [X] Yes  [ ] No

   B. Will the contractor train City and County employees?
      [X] Yes  [ ] No
      • Describe the training and indicate approximate number of hours.
      • Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained.

   C. Are there legal mandates requiring the use of contractual services?
      [X] Yes  [ ] No

   D. Are there federal or state grant requirements regarding the use of contractual services?
      [X] Yes  [ ] No

   E. Has a board or commission determined that contracting is the most effective way to provide this service?
      [X] Yes  [ ] No

   F. Will the proposed work be completed by a contractor that has a current personal services contract with your department?
      [X] Yes  [ ] No

Type of Service: Accredited Online, Career-Based High School Completion

Funding Source: Library Preservation Fund

PSC Duration: 3 years 21 weeks

PSC Amount: $647,750

PSC Est. Start Date: 01/02/2015 PSC Est. End Date: 05/31/2018

1. **Description of Work**

   A. Scope of Work:
   Library seeks a sole-source agreement with Cengage Learning Inc. Cengage Learning, in partnership with Smart Horizons Career Online Education, offers an 18-credit, career-based online high school diploma program designed to prepare students for entry into the workplace. Students earn an accredited high school diploma plus a career certificate. It is the only program of its kind. The Library’s new Learning & Literacy Center will administer the program, working with our Project Read staff and community partners to identify prospective students. The scope of services includes online assessment to identify students who can be successful in the program; customized and in-depth program implementation training for library staff facilitators who will work directly with the students; student coaching (online and by phone); student recruiting and marketing support, curriculum including 18 credits (14 academic and 4 career); coursework in language arts, social studies, mathematics, and science, plus career electives offering eight career tracks. The Contractor shall be required to enroll and educate 125 students during the first year, 150 students during the second year and 175 students during the third year.

   B. Explain why this service is necessary and the consequence of denial:

   The service expands the Library’s role by providing opportunities for people who have not succeeded in traditional educational settings. It is in alignment with City workforce development goals and has been identified as a priority by the Mayor. It fills a gap between what SF Unified School District and City College offer by providing opportunities for motivated adults (18 or over) to obtain diplomas & career certificates. Students who achieve diplomas through Career Online High School can pursue work in the career tracks for which they have studied and potentially go on to City College or other higher education settings. *Please See Attachment titled "1B. Why this Service is Necessary."

   C. Has this service been provided in the past. If so, how? If the service was provided via a PSC, provide the most recently approved PSC # and upload a copy of the PSC. This service has not been provided in the past.

   D. Will the contract(s) be renewed? Yes,*Please see attachment titled "1D. Will the Contract be Renewed?"

3. **Description of Required Skills/Expertise**
   A. Specify required skills and/or expertise:
      1. Ability and authority to evaluate prospective student transcripts and enter results in database managed by accredited online high school; 2. Teaching and counseling training and experience sufficient to provide support and academic coaching for high school level coursework; and 3. Ability to train Library staff to act as facilitators to students in the program.
   B. Which, if any, civil service class(es) normally perform(s) this work?
      none,
   C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
      Yes. Contractor will provide an online platform containing both administrative modules and coursework for students.

4. **Why Classified Civil Service Cannot Perform**
   A. Explain why civil service classes are not applicable:
      The work of evaluating transcripts must be done within the authority of the accredited school offering the diplomas, so City staff cannot do that part. The contractor must also provide teachers to counsel and coach students if they need assistance with the online coursework, and trainers to train library staff in how to market the program and screen candidates, use administrative software and etc.
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No. The work must be performed by the staff of an accredited online high school for adult learners, with its own dedicated web-based class curriculum, which is not financially feasible for CCSF to create.

Additional Attachment(s)
1B Why service is necessary & consequences of denial.

The service expands the Library’s role by providing opportunities for people who have not succeeded in traditional educational settings. It is in alignment with City workforce development goals and has been identified as a priority by the Mayor. It fills a gap between what SF Unified School District and City College offer by providing opportunities for motivated adults (18 or over) to obtain diplomas & career certificates. Students who achieve diplomas through Career Online High School can pursue work in the career tracks for which they have studied and potentially go on to City College or other higher education settings. The consequence of denial is less individual opportunity for residents who might be able to benefit from such a program and less opportunity for San Francisco to address issues of inequality and lack of opportunities for its less-privileged residents.
1D. Will the contract(s) be renewed?

Yes, if funding permits and if the program is a success, measured by the number of accredited high school diplomas awarded.
6B. Will the contractor train City and County employees?

Students work with library staff facilitators who are trained by Career Online High School on how to administer the program, including how to conduct additional screening beyond the online assessment. Approximately a dozen library staff (including librarians and Project Read staff, who are classified as library technicians) will receive a full-day of training at the commencement of the contract, and more will be trained as needed over the course of the contract.

1. Description of Work

A. Scope of Work:
The Fleet Management Division of GSA proposes to supplement the City's vehicle fleet by contracting with two car sharing vendors (Zipcar In, and City CarShare) to make additional vehicles available during peak demands for City employees to use on official city business. City departments would pay an hourly/mileage fee for each actual use. This proposal is consistent with Fleet Management's goals to gain efficiencies and create accountability while managing costs and lowering greenhouse gas emissions.

B. Explain why this service is necessary and the consequence of denial:
Denial of this contract would not allow these economies and efficiencies to be realized. Additionally, the City would not benefit from a reduced carbon footprint.

C. Has this service been provided in the past. If so, how? If the service was provided via a PSC, provide the most recently approved PSC # and upload a copy of the PSC.
Services have been provided in the past through earlier PSC request. See 4028-09/10

D. Will the contract(s) be renewed? Unknown

TYPE OF APPROVAL: X REGULAR (OMIT POSTING ______ )

TYPE OF REQUEST: V INITIAL REQUEST - MODIFICATION (PSC# ______ )

TYPE OF SERVICE: Car-sharing services

FUNDING SOURCE: Work order funds

PSC AMOUNT: $500,000

PSC DURATION: 8.24.09 - 8.23.12

1. DESCRIPTION OF WORK:
   A. Concise description of proposed work: The Fleet Management Division of GSA proposes to supplement the City's vehicle fleet by contracting with two car-sharing vendors (Zipcar Inc., and City CarShare) to make additional vehicles available during peak demands for City employees to use on official city business. City departments would pay an hourly/mileage fee for each actual use. This proposal is consistent with Fleet Management's goals to gain efficiencies and create accountabilities while managing costs and lowering greenhouse gas emissions.

   Some City vehicles are currently pooled and shared (e.g., City Hall Pool). However, most City vehicles are available to a single department or office, and excess demands by any one department would necessitate a new additional vehicle purchase. Vendors' vehicles are located throughout the City and are currently used mostly during evenings and weekends, leaving many vehicles parked during business hours.

   (Please see attachment for additional information)

   B. Explain why this service is necessary and the consequences of denial: Denial of this contract would not allow these economies and efficiencies to be realized. Additionally, the City would not benefit from a reduced carbon footprint.

   C. Explain how this service has been provided in the past (if this service was previously approved by the Civil Service Commission, indicate most recent personal services contract approval number): The proposed services have not been provided. Employees have used City vehicles or their personal vehicles and been reimbursed for costs.

   D. Will the contract(s) be renewed: Unknown.

CIVIL SERVICE COMMISSION ACTION:

30
DESCRIPTION OF REQUIRED SKILLS/EXPERTISE
A. Specify required skills and/or expertise: Ability to manage a car-sharing vehicle fleet program including a real-time internet based reservation and dispatch system, customer care call center and billing systems to meet the City’s needs. Ability to increase/decrease and redistribute the fleet throughout the city to meet City demands. Ability to prepare and deliver a training program on how to use their systems.

B. Which, if any, civil service class normally performs this work? Many different classes are currently involved in providing vehicle services to City employees, either through a central vehicle pool or individual department basis as well as in maintenance and repair. Fleet management is performed by the Fleet Director (Class 0933 Manager V). Employees including those in Class 7381 Automotive Mechanic, Class 7309 Automotive Painter and Class 7306 Automotive Body and Fender in vehicle maintenance and repair. Employees in IT classes (e.g., Class 1032 IS Engineer Journey) might help develop reservation and billing systems.

C. Will contractor provide facilities and/or equipment not currently possessed by the City? Yes. If yes, explain: Contractor would provide vehicles with real-time internet based reservation and dispatch technology.

WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM
A. Explain why civil service classes are not applicable: City employees will continue to work on City vehicles and to operate City vehicle pools. Car-sharing services will be provided on an as-needed basis to meet excess demands, most especially for those departments that do not need their own vehicles on a full time basis.

B. Would it be practical to adopt a new civil service class to perform this work? Explain. No. A broad range of existing classifications perform work on City vehicles.

ADDITIONAL INFORMATION (if "yes," attach explanation)
A. Will the contractor directly supervise City and County employees? Yes

B. Will the contractor train City and County employees? Yes
   - Describe the training and indicate approximate number of hours. Training would be limited on how to use the reservations system and rules for safe vehicle use.
   - Indicate occupational type of City and County employees to receive training (i.e., clerks, civil engineers, etc.) and approximate number to be trained. Unknown. Any employees using car sharing.

C. Are there legal mandates requiring the use of contractual services? Yes

D. Are there federal or state grant requirements regarding the use of contractual services? Yes

E. Has a board or commission determined that contracting is the most effective way to provide this service? Yes

F. Will the proposed work be completed by a contractor that has a current personal services contract with your department? Yes

Attachment to PSC Form 1, car sharing services, GSA/Fleet Management

Continued from page 1, Item 1A.

Under the proposed program, City employees would be first encouraged to walk, use a bicycle or take public transit. When a vehicle is necessary, City employees would have access to its own department vehicles, and if approved by the department, City employees would also have access to car-sharing vehicles to meet excess demands. Fleet Management would monitor car-sharing vehicle usage to measure demands and identify strategic City vehicle pool locations. Fleet Management believes that availability of the car-sharing vehicles will allow the City to manage our fleet growth responsibly and to reduce the City's carbon footprint. The City's program will be similar to local government programs currently operating in Berkeley, Oakland, SFUSD, Philadelphia and Seattle.

1. Description of Work

A. Scope of Work:

Within the Pavement to Parks Program, a non-profit organization will serve as technical assistance provider and fiscal sponsor for local neighborhood groups, businesses, individuals, and other interested organizations to facilitate the discussions, community design, funding, implementation, and maintenance of Pavement to Parks projects. The Technical Assistance and Neighborhood Sponsor will facilitate and establish partnerships with interested neighborhood organizations.

Before any funds are to be committed or temporary installations, the Technical Assistance and Neighborhood Sponsor must establish a Memorandum of Understanding (MOU) with such interested local neighborhood groups, business, or other organization, with prior review and approval by the Planning Department Liaison.

B. Explain why this service is necessary and the consequence of denial:

This service is necessary to provide technical assistance and serve as a fiscal sponsor to local neighborhood groups, businesses, individuals, and other interested organizations. Denial will result in significant administrative burden for local neighborhood groups, business, individuals, and other interested organizations wishing to establish a formal agreement and funding mechanism to implement a specific Pavement to Parks project in their local neighborhood.

C. Has this service been provided in the past? If so, how? If the service was provided via a PSC, provide the most recently approved PSC # and upload a copy of the PSC.

Services have been provided in the past through earlier PSC request. See 35583 - 13/14

D. Will the contract(s) be renewed? This contract/grant could be renewed, based on the outcomes.

2. Union Notification: On 09/22/14, the Department notified the following employee organizations of this PSC/RFP request:

3. Description of Required Skills/Expertise

A. Specify required skills and/or expertise:
Skills and expertise required include technical expertise and experience in working with local neighborhood groups, businesses, individuals, and other interested organizations in implementing similar projects. They would be responsible for guiding such organizations through the City’s approval process, fiscal sponsorship, project administration, administration of funding, and formalizing agreements with such organizations. They require extensive local knowledge/familiarity with neighborhood partners’ needs.

B. Which, if any, civil service class(es) normally perform(s) this work?
5278, 5291.

C. Will contractor provide facilities and/or equipment not currently possessed by the City? If yes, explain:
No.

4. Why Classified Civil Service Cannot Perform

A. Explain why civil service classes are not applicable:
The Department reviewed its staffing roles and responsibilities, and also other similar contracts and/or grants with other departments, and has determined that an organization is needed to serve as technical assistance provider and fiscal sponsor for local neighborhood groups, business, individuals, and other interested organizations.

B. Would it be practical to adopt a new civil service class to perform this work? Explain.
It would not be practical to adopt new civil service classes to provide technical assistance and serve as a fiscal sponsor for sporadic projects of this nature.

5. Additional Information (if “yes”, attach explanation)

A. Will the contractor directly supervise City and County employee?  YES  NO
B. Will the contractor train City and County employee?  YES  NO
C. Are there legal mandates requiring the use of contractual services?  YES  NO
