2015-04-20

APPLY

PSC No	Dept Designation	PSC Amount	Description of Work	PSC Estimated Start Date	PSC Estimated End Date
40697 - 14/15	AIRPORT COMMISSION	\$600,000,000.00	Project Management Support Services (PMSS) and Design-Build (DB) service teams with airport terminal design and management expertise are required to manage the design and construction of the Terminal 3 West Improvements project. Services to be provided include project controls, scheduling, document control, design management, contracts management, architectural and engineering design services, and construction of the project. The scope of work of this project includes renovation of the existing western half of Terminal 3, design and construction of an expansion of Terminal 3, a secure connector from Terminal 3 to the International Terminal, a new consolidated baggage handling system, and various utility and support infrastructure upgrades.	April 20, 2015	June 30, 2020
44277 - 14/15	AIRPORT COMMISSION	\$85,000,000.00	Project Management Support Services (PMSS) and Design-Build (D/B) Services for the design and construction of Phase 1 of the Consolidated Administration Campus (CAC) at San Francisco International Airport (SFO or Airport). The project involves the design and construction of a mixed-use building which will accommodate over 250 Airport staff from various divisions, including: Design and Construction, Information Technology and Telecommunications (ITT), Museum, and Planning. Work will include project planning, project controls, reporting, scheduling, budgeting, document control, coordination, design management and contract management for the mixed-use building and for the specialized knowledge of constructing a certified museum space.	May 1, 2015	July 1, 2019
44430 - 14/15	AIRPORT COMMISSION	\$700,000.00	Proposed work includes geotechnical engineering services appropriate for completing the planning, design development, and construction support phases including, but not limited to: consultations with building and structural designers and other geotechnical consultants; performance of foundation engineering analysis; review of existing and proposed underground structures; field sampling, investigations, calculations, analysis and interpretation and recommendations of laboratory findings for soil and water samples; and review of drawings, specifications, and cost estimates at the San Francisco Airport Commission (Airport).	May 1, 2015	December 31, 2020
45162 - 14/15	AIRPORT COMMISSION	\$12,000,000.00	The San Francisco International Airport (Airport) Finance Division has a need for investment banks to perform underwriting, remarketing, derivatives counterparty and/or commercial paper dealer services on behalf of variable rate bonds issued by the Airport. The investment banks underwriters will work with potential buyers of the Airport's bonds to ensure the lowest interest rate.	April 20, 2015	June 30, 2022
40963 - 14/15	CONTROLLER	\$20,000,000.00	PSC 48332-13-14 was approved on 5/19/14. We will not have a contract in place by 5/19/15, which means that our PSC approval will expire, so we are entering an updated PSC request for approval by the CSC. All information in this submission is the same as in 48332-13/14, except the start date, which has been moved from 7/1/2015 to 6/1/2015.	June 1, 2015	June 30, 2018
			The Controller's Office is seeking to hire a vendor to provide installation, configuration and implementation services for the new citywide Financial Management System. The replacement of the City's financial systems is a multi-year project that will be implemented in multiple phases. The Controller's Office will hire a

			City project team to manage and work on all phases of the project - from scoping to go-live. During the system implementation, the City's project team will be paired with consultants to design and develop the citywide system with the intent of City staff supporting the system upon project completion.		
47498 - 14/15	PUBLIC UTILITIES COMMISSION	\$2,500,000.00	Project Pull is a summer internship program established to provide professional guidance in a work experience setting within the City Agencies to motivate students to continue their education so they may seek employment opportunities in the public service sector or other highly disciplined career fields. Students selected from the program demonstrate an ability and interest in professional careers such as architecture, business, engineering and science. Consultant will manage the program and advance funds for all students interns' and team leaders' salaries and program enrichment activities.	May 1, 2015	May 1, 2020

TOTAL AMOUNT \$720,200,000
