1. Description of Work
   A. Scope of Work:
   Administer a 24-hour, 7-day a week, as-needed drug and alcohol testing program for employees who meet
   Department of Transportation (DOT) Federal Motor Carrier Safety Administration (FMCSA) criteria,
   non-safety-sensitive employees who meet pre-employment, reasonable suspicion, or post-Accident criteria to be

   Airport Commission Employees as indicated in the supplemental agreement to the SEIU Miscellaneous collective
   bargaining agreement.

   B. Explain why this service is necessary and the consequence of denial:
   The services are necessary to be compliant with DOT policies, the Substance Abuse Prevention Program policy
   (SAPP) and applicable memoranda of understanding with the City's labor unions. A third party administrator
   would preserve impartiality, maintain licensing requirements and minimize exposure to Health Insurance
   Portability and Accountability Act (HIPAA) violations. If denied, the City would not be in compliance with federal
   regulations for DOT testing services and could be fined $10,000 per day per incident per employee. Additionally,
   the City would not be in compliance with applicable memoranda of understanding with the City's labor unions.

      Yes, the contractor will provide all facilities and equipment necessary to conduct specimen collection, specimen storage, breath alcohol testing equipment; DHHS certified laboratories; customized database and random collection computer software.

4. Why Classified Civil Service Cannot Perform
   A. Explain why civil service classes are not applicable:
      DOT/FMCSA regulations require that drug and alcohol tests be conducted by laboratories certified by DHHS. City laboratories are not currently DHHS certified. The City and County of San Francisco prefers a third party administrator to perform the services to maintain impartiality, reduce liability and conflict of interest. Employees cannot perform the services because they could be tested.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No, the City prefers a neutral third party administrator to minimize conflict of interest and maintain impartiality of the protocols and results.

4. **WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM**
   A. Explain why civil service classes are not applicable: DOT/FMCSA regulations require that drug and alcohol tests be conducted by laboratories certified by the Dept of Health & Human Services (DHHS) consistent with the guidelines published in the Federal Register on 4/13/2004 (59FR18644.) City laboratories are not currently DHHS certified. (please see additional attachment)
   B. Would it be practical to adopt a new civil service class to perform this work? Explain.
      No. See 4A. Also, if the City were to provide this service instead of a neutral third party, it could be more difficult to assure all parties of the impartiality of the protocols, results and return-to-work plans.

5. **ADDITIONAL INFORMATION** (if "yes," attach explanation)
   A. Will the contractor directly supervise City and County employees? [ ] Yes [ ] No 
   B. Will the contractor train City and County employees?

Type of Service: Drug and Alcohol Testing Services

1. DESCRIPTION OF WORKS:

A. The contractor will provide administration; documentation and file maintenance; random selection software; specimen collection; Dept. of Health & Human Services (DHHS) Lab testing; Substance Abuse Professional (SAP); Medical Review Officer (MRO); and supervisor and employee training and training materials.

B. As-needed testing for non safety-sensitive employees is necessary to initiate pre-employment, reasonable suspicion and post-accident drug and alcohol testing and will be implemented as language is negotiated into current union contracts. As-needed testing for non safety sensitive employees will allow the City to screen both applicants and employees for substance abuse patterns and is expected to improve the provision of City services.

3. DESCRIPTION OF REQUIRED SKILLS/EXPERTISE:

A. Specify required skills and/or expertise:
the ability to develop return-to-work plans for employees who test positive; the ability to provide expert witness testimony, if needed; and the ability to ensure compliance with all DOT/FMCSA requirements and substance abuse prevention policies.

B. Which, if any, civil service class normally performs this work?
One employee in Class 9172 Manager II serves as a Substance Abuse Professional (SAP) for MTA, but SAP services are only one component of this contract.

4. WHY CLASSIFIED CIVIL SERVICE CANNOT PERFORM

A. Explain why civil service classes are not applicable:
MTA has a SAP, but all other services for MTA required by DOT regulations are under contract, including laboratory services, specimen collection, collection sites, and MRO.
1. **Description of Work**
   
   **A. Scope of Work:**
   The Contractor will develop a campaign strategy and messaging for roadway safety campaigns. The contractor will research and develop strategies, creative work and social media campaigns based on best-practices for safety campaigns that have shown actual reductions in collision rates and changes in people's behavior.

   **B. Explain why this service is necessary and the consequence of denial:**
   This work will provide the necessary strategies, designs and communications campaigns for ensuring that the City's Vision Zero efforts attain a high level of buy-in and behavior change based on national and international best practices. If this service is denied, then the goal to reduce roadway fatalities and severe collisions by implementing needed safety campaigns will not be met.

   **C. Has this service been provided in the past. If so, how? If the service was provided via a PSC, provide the most recently approved PSC # and upload a copy of the PSC.**
   A similar type of service was provided via PSC approval was 4029-13/14.

4. Why Classified Civil Service Cannot Perform
   A. Explain why civil service classes are not applicable:
      This service is necessary to develop a new communications strategy and messaging plan. It is very specialized and cannot be completed by a single person, but relies on multiple expert competencies. Due to the temporary nature of each task, it is more efficient and effective to use a contractor with the necessary expertise and experienced staffing to perform the required work.

   B. Would it be practical to adopt a new civil service class to perform this work? Explain.

Confer with San Francisco Municipal Transportation Agency (SFMTA) staff on previous surveys and identify areas for new or expanded survey questions.       No. This service is limited to skills and expertise in 3.A. The Controller's Office has acknowledged the need for City departments to obtain those services on an as-needed basis and issued RFQ # CON2009-06 to identify and contract with pre-qualified consultants.

1. Description of Work

A. Scope of Work:
Contractor will be responsible for claims management to be used by Community Behavioral Health Services (CBHS) Patient Billing, the Adult Immunization and Travel Clinic and other Public Health clinics. Vendor will provide patient insurance eligibility verification, claims scrubbing and editing to reduce the number of denied claims, claim management and tracking, and analytical tools and reports to manage claims. Vendor provides access to third party insurance eligibility in a single application. In addition, DPH needs access to clearinghouse services to submit electronic claims to Medicare and third party payers and to receive payment information in a HIPAA approved electronic format. The vendor is the largest submitter to Medicare and their proprietary application allows claims to be submitting using one submitter ID number. DPH current submits claims individually.

B. Explain why this service is necessary and the consequence of denial:
The Department only has access to patient eligibility information for Medi-Cal clients. Commercial insurance payers typically operate their own system to access insurance eligibility information, requiring the Department to have access to hundreds of payer systems. This service provides access to third party insurance eligibility in a single application. In addition, DPH needs access to clearinghouse services in order to submit electronic claims to Medicare and third party payers and to receive payment status in a Health Insurance Portability and Accountability (HIPAA)approved electronic format.

C. Has this service been provided in the past. If so, how? If the service was provided via a PSC, provide the most recently approved PSC # and upload a copy of the PSC.

Hello Jacquie,

   - **Term:** 7/1/15 - 6/30/20
   - **Amount:** $25,352,000
   This is a follow-up meeting from the Civil Service Commission meeting and conditional approval of this PSC. For this PSC, a meeting between SEIU Local 1021 and DPH has already been set for Monday, August 3, 2015 at 11:00 am - 1:00 pm on this PSC at 101 Grove, Conference Room 302.

2. **PSC 43868-14/15 - Personal Assisted Employment Services (PAES) Counseling and Pre-Vocation Services**

   - **Term:** 7/1/2015-6/30/2020

   For this PSC, we are interested in ascertaining if these are HSA services, and if so, why they are funded out of DPH.

SF Field Supervisor
SEIU 1021
Below is follow up information to SEIU on PSC 45417-14/15 Claims management services.

1. **Medicare** – Approximately 35% of clients of Community Behavioral Health Services (CBHS) have Medicare, either Medicare/Medi-Cal or Medicare only. Medicare requires providers to use an approved vendor to transmit their HIPAA 837 claim files and to receive 835 Remittance Advice/EOB files.

2. **Process for Medicare claims vs. process under PSC 45417-14/15 Claims management services:**

   Currently, CBHS uses a vendor to transmit Medicare claim files. The new vendor will also transmit Medicare claim files.

   Billing Staff will continue to perform the same functions for Medicare claims with the new vendor. These functions are to prepare and submit 837 files to the vendor; and process Medicare payments. In addition, the new vendor will provide claims data to contractor agencies about their Medicare claims and remittance advice (e.g. approved, denied, resubmitted services, etc.). Currently, we don’t have this capability.

RE: PSC 45417-14/15 Claims Management Services

This is to request that the above-referenced PSC be considered for approval at the September 21, 2015 meeting of the Civil Service Commission, as the Department of Public Health needs to move forward with the contract certification process for these services.

In response to requests for information, DPH met with SEIU Local 1021 on August 10, 2015. At that meeting, we agreed to provide further information. A meeting summary has been uploaded to the PSC database.

DPH has a continuing need for these services, as claims management services are needed to efficiently process Medicare claims for the clients of Community Behavioral Health Services (CBHS), in order to provide efficient patient care and meet regulatory and funding requirements, and we do not anticipate that Civil Service staff alone can meet every requirement.

This is a new contract. The new vendor, in addition to satisfying State and federal requirements, will provide the Department with needed claims data to providers regarding their Medicare claims and remittance advice.

We appreciate your consideration of our request and will be happy to provide more information as requested.

1. Description of Work

A. Scope of Work:
Perform title searches and to prepare tax sale reports on identified parcels of real property within the City and County of San Francisco for the purposes of determining the identity of "parties of interest," in order to provide legally required notice of tax sales and the termination of the right to redemption of tax defaulted property.

B. Explain why this service is necessary and the consequence of denial:
A full title search and parties of interest report must be done for each parcel before it is sold as mandates by the California Revenue and Taxation Code sections 3701 and 4675. The work must be completed four months before the auction in order to meet Code required noticing. Delays in contracting or completion of the work would jeopardize the City's ability to complete an auction and meet its State mandated ministerial duties.

C. Has this service been provided in the past. If so, how? If the service was provided via a PSC, provide the most recently approved PSC # and upload a copy of the PSC.  
This service was previously approved: 35031 13/14

Contractor will provide structural pest control work for City facilities. This includes inspection of buildings, recommendations for pest prevention, use of mechanical, physical and chemical controls (including pesticides, monitoring of pest populations, record keeping of infestations, and compliance with the Integrated Pest Management Ordinance. 1. Description of Work
   A. Scope of Work:
   Identify and correct sales and use tax allocation errors, identify businesses from which the City has not been receiving sales/use tax revenue, conduct local sales and use tax audits of the State Board of Equalization records and provide legislative impact analyses, identify and correct improperly registered permits; develop and maintain a database of sales tax information for use by City employees, provide as-needed tax revenue enhancement services, develop a website for sales and use tax data.

   B. Explain why this service is necessary and the consequence of denial:
   Misallocations of sales and use tax occur due to a variety of categorization and reporting errors. Without the expert sales and use tax audit, analysis and system services sought, the City/County would lose potential tax revenue to which it is entitled. The total number of undiscovered errors regarding sales and use tax allocations and improperly registered permits would increase each year, compounding the problem. Ultimately, it could cost the City millions of dollars in unrealized revenue.

   C. Has this service been provided in the past. If so, how? If the service was provided via a PSC, provide the most recently approved PSC # and upload a copy of the PSC.
   Yes PSC 40778-14/15

PSC 4047-07/08

Justification for exceeding 5 year duration on PSC Mod

Public Works issues new RFQs to establish pools of eligible as-needed consultants. Each consultant signs a contract for a term of 3-5 years, and once the contract term expires that pool also expires, and a new RFQ is issues to establish a new pool of consultants.

DHR/CSC has provided the option to submit individual PSCs each time a department establishes a pool, or to use a single PSC to cover multiple pools, and for tracking purposes Public Works has chosen the latter.

PSC 4047-07/08 was last modified to cover a pool of contracts that were awarded in 2012. Those contracts are set to expire and Public Works intends to advertise a new RFQ to award consultant contracts, as a result this PSC modification is being requested.

Receipt of Union Notification(s)
To whom it may concern:

I submitted an online modification request updating the status to union notification, but did not get a confirmation email. To ensure that you are able to review the Department's modification, below is the link to the online PSC submission. I have also attached the hard copies of the documents.

http://apps.sfgov.org/dhrdmupal/node/4768

The PSC was previously approved in 2013 through June 30, 2015. The Department has secured the services via PSC because SFGH does not have the staffing, equipment and facility to handle the extra workload that these medical and laboratory examinations for entry-level, promotive and fitness/return to work purposes would involve.

I appreciate your favorable consideration of our modification. Thank you for your assistance.

I realize that SEIU has 60 days to review modifications over $100K, but would greatly appreciate accommodation to 30 days so that we could be scheduled ASAP with the Civil Service Commission. The PSC was previously approved in 2013 through June 30, 2015. The Department has secured the services via PSC because SFGH does not have the staffing, equipment and facility to handle the extra workload that these medical and laboratory examinations for entry-level, promotive and fitness/return to work purposes would involve.

1. Description of Work

A. Scope of Work:

Organize, implement, and administer a program to primarily provide economically disadvantaged and/or at-risk San Francisco youth ages 16 through 24 with paid work experience to help maintain the Port's property including weed abatement, hand watering and manual fertilization of Port plants, graffiti removal, and litter removal.

The grantee will hire, provide work readiness training and supervision for up to ten youth employees, during the summer and school breaks. During the school year, the grantee will also provide work readiness training and supervision for up to ten youth employees but for fewer hours per week than during the summer and school breaks. The grantee will need to provide two first-line supervisors. In order to adequately perform program overview, the grantee will also need to employ at least one (1) Program Coordinator.

B. Explain why this service is necessary and the consequence of denial:

Beginning in FY 2004-05, the Mayor and Board of Supervisors added funds to the Port's budget to fund a youth employment program. The Port does not have the expertise to develop and manage a youth employment program. Since FY 2004-05, the Port has contracted through a grant agreement with the San Francisco Conservation Corps to provide a youth employment program for the Port that is the same scope of work as that currently proposed.

C. Has this service been provided in the past? If so, how? If the service was provided via a PSC, provide the most recently approved PSC # and upload a copy of the PSC. Port currently has a grant agreement with San Francisco Conservation Corps to provide this service.

D. Will the contract(s) be renewed? No. The Port will issue another RFP after the four years.

2. Union Notification: On 05/28/15, the Department notified the following employee organizations of this PSC/RFP request: SEIU 1021 Miscellaneous; Laborers, Local 261;

Port staffs are respectfully requesting a three year extension and a $265,000 amount increase of PSC #4046-12/13. The original PSC request issued in FY 12/13 was approved for 4 years and $1,060,000. In June 2013, after approval of PSC #4046 12/13, the Port Commission directed Port staff to issue a one year contract for $285,000 and to re-issue a four year RFP for $1,060,000 after the conclusion of 2013 contract. Port staff originally advertised the RFP on September 24, 2014, however, the two proposals received were deemed non-responsive for failure to meet the RFP's minimum qualifications. The RFP was subsequently re-issued in November 2014 and a notice of intent to award was granted in late December. After two hearings at the Port Commission the contract was approved for award on April 24, 2015. Port staff are requesting modification of PSC 4046 12/13, given the numerous delays and changes in schedule to the contract term and award amount. The selected contractors will provide economically disadvantaged and at-risk San Francisco youth ages 16 through 24 with paid work experience to help maintain the Port's property. The Port has administered this contract for the past 9 years.
