INTRODUCTION

Under general supervision, a Public Safety Communications Technician receives incoming emergency (911) and non-emergency telephone calls from both the public and Public Safety agencies. Essential functions of the job include: gathering, evaluating, prioritizing, documenting; documenting incident information; handling and updating record maintenance as received; typing on a computer keyboard; upholding confidentiality of information received from calls and databases; assist in the training of co-workers; providing information to callers; utilizing a multi-screen computer system, keyboard, mouse, phone system, headset, computer touch screens, while receiving calls from the public. Technician positions require considerable manual dexterity. Technicians routinely work in a fast paced environment under high stress caused by the circumstance, nature and number of emergency and non-emergency calls received. Technicians are required to work weekends, nights, holidays, and overtime. Technicians are required to work 8 or 10 hours shifts. Performing other related duties as required.

DISTINGUISHING FEATURES

This is an entry level position responsible for learning and applying methods, techniques and practices in police, fire, and emergency medical call taking. It is distinguished from a dispatcher position as the technician is responsible for the call taking related functions. Dispatchers are responsible for call taking and dispatch.

SUPERVISION EXERCISED

NONE

MAJOR, IMPORTANT, AND ESSENTIAL DUTIES
