Title: ARCHITECTURAL/LANDSCAPE ARCHITECTURAL ASSISTANT I
Job Code: 5260

DEFINITION

Under **immediate** supervision, performs entry level architectural work in the office and field in connection with comprehensive architectural services for city construction projects.

DISTINGUISHING FEATURES

The 5260 Architectural/Landscape Architectural Assistant I is the entry level class in the architectural/landscape architectural series. Positions in class 5260 Architectural/Landscape Architectural Assistant I are distinguished from those in class 5261 Architectural/Landscape Architectural Assistant II in that the latter class performs more complex and responsible duties under general supervision and may exercise limited work direction over Class 5260 Architectural/Landscape Architectural Assistant I.

SUPERVISION EXERCISED

None.

EXAMPLES OF IMPORTANT AND ESSENTIAL DUTIES

According to Civil Service Commission Rule 109, the duties specified below are representative of the range of duties assigned to this job code/class and are not intended to be an inclusive list.

1. Prepares preliminary architectural/landscape drawings of structures, landscapes, and component parts of structures, alterations and additions to existing structures, buildings landscapes and construction projects.
2. Conducts preliminary studies of proposed projects by checking site conditions to obtain planning data and information; takes field measurements and documents existing site conditions.
3. Assists in the preparation of contract specifications and cost estimates for the construction or conversion of buildings and /or landscape architectural similar projects.
4. Assists in preparation of bid documents, construction project management, funding submittals, and construction coordination.
5. Makes routine field observations of projects under construction to assure conformance with plans and specifications.
6. Maintains records, plans and files on assigned work.
7. Prepares written reports, summaries and correspondence related to architectural/landscape architectural activities.
8. Coordinates work with other office staff, consultants, end users, and administrators.
9. ~~Performs other related duties as required.~~

IMPORTANT AND ESSENTIAL KNOWLEDGE, SKILLS AND ABILITIES

**CITY AND COUNTY OF SAN FRANCISCO
DEPARTMENT OF HUMAN RESOURCES**

Title: ARCHITECTURAL/LANDSCAPE ARCHITECTURAL ASSISTANT I
Job Code: 5260

Knowledge of: Architectural/landscape architectural theory and design practices; basic construction processes and procedures; building codes, regulations and ordinances; drafting practices and techniques; mathematics and its application to architectural/landscape architectural design and drafting problems; and processes and procedures for preparation of architectural/landscape architectural drawings, specifications and final contract documents.

Ability and Skill to: Apply architectural/landscape architectural principles to the solution of architectural/landscape architectural design problems; make field observations to insure conformance with standard construction industry practices and contract documents; make architectural/landscape architectural computations and cost estimates; use spreadsheet and word processing software; and write reports and correspondence; use electronic architectural/landscape architectural drafting and/or 3D modeling software for building information modeling (BIM).

MINIMUM QUALIFICATIONS

These minimum qualifications are to be used as a guide for establishing the education, training, experience, special skills and/or license(s) which may be required for employment in the class. Please note, additional qualifications (i.e. special conditions) may apply to a particular position and will be stated on the exam/job announcement.

Education:

Possession of a baccalaureate degree in Architecture/Landscape Architecture or an architecture/landscape architecture related field (such as Environmental Design or Interior Architecture) **from an accredited college or university.**

Experience:

License and Certification:

Possession of a valid California driver's license.

Substitution

A professional degree in Architecture/Landscape Architecture (Bachelor of Architecture/Landscape Architecture or Master of Architecture/Landscape Architecture) from an accredited college or university **may substitute for the required education.**

BUSINESS UNIT(S): COMMN, SFMTA

CITY AND COUNTY OF SAN FRANCISCO
DEPARTMENT OF HUMAN RESOURCES

Title: LANDSCAPE ARCHITECT
Job Code: 5274

DEFINITION

Under general administrative direction, leads and facilitates professional landscape architectural work in connection with the design, construction, maintenance and conversion of public landscapes. Under direction, is responsible for planning, designing and inspecting landscaping and related architectural work for City parks and recreational areas; and performs related duties as required.

Requires responsibility for: Interpreting, carrying out and enforcing existing landscape architectural procedures and methods; making regular important contacts with other departmental personnel, outside agencies and organizations, and the general public relative to landscaping and parks and recreation development; preparing and reviewing detailed and complex architectural plans, drawings and related data and information.

In conjunction with managing and performing the technical aspects of projects summarized above, the 5274 Landscape Architect provides comprehensive project planning and coordination services, including maintaining client relationships, support of contract negotiation and administration, public and user group presentations, and maintenance of budgets and schedules for the assigned projects. The Landscape Architect also participates in the professional development of support personnel.

DISTINGUISHING FEATURES

Positions in class 5274 Landscape Architect are distinguished from those in class 5211 Senior Landscape Architect in that the latter class has major responsibility over a large group of support personnel and/or multiple projects of advanced complexity, whereas positions in class 5274 Landscape Architect are normally responsible for moderately complex projects, and/or a moderately sized group of support personnel.

The class of Landscape Architect differs from Assistant Landscape Architect in that this class is responsible for large landscape projects. This class has major responsibility for planning and designing park and playground areas as well as the location of lawns, shrubs, trees, walks and shelters; prepares contract specifications; prepares cost and quantity estimates; recommends materials; makes inspections and investigations.

SUPERVISION EXERCISED

Supervises subordinate staff.

EXAMPLES OF IMPORTANT AND ESSENTIAL DUTIES

According to Civil Service Commission Rule 109, the duties specified below are representative of the range of duties assigned to this job code/class and are not intended to be an inclusive list.

- ~~1. Prepares, plans, and designs for park and playground areas including the location of lawns, shrubs, trees, walks, shelters and related features.~~
- ~~2. Designs and prepares preliminary plans and sketches for review and prepares final working drawings.~~

CITY AND COUNTY OF SAN FRANCISCO
DEPARTMENT OF HUMAN RESOURCES

Title: LANDSCAPE ARCHITECT
Job Code: 5274

- ~~3. Recommends quality of materials used and evaluates performance of contractors and acceptance or rejection of completed projects.~~
- ~~4. Writes and edits construction specifications; prepares reports, memoranda, and all correspondence related to landscape architectural work.~~
- ~~5. Coordinates landscaping work with other phases of development projects~~
- ~~6. Makes investigations and prepares reports in connection with improving existing landscaped areas.~~
- ~~7. Meets and confers with other departments and agencies regarding landscape improvements throughout the City and prepares plans as required.~~
- 1. Supervises and participates in the preparation of complex and difficult conceptual, schematic and detailed design through final landscape architectural contract documents, bidding and supplemental documents, preliminary and final construction cost estimates, project schedules and budgets for a wide variety of construction and maintenance projects.**
- 2. Prepares and facilitates communication between disciplines, clients, agencies, consultants and contractors. Prepares and conducts presentations to clients, public interest groups and commissions.**
- 3. Participates in the preparation of Proposals for Services and agreements with clients and consulting architects and engineers. Supervises the expenditure of the project budget.**
- 4. Participates in the leadership of the department, division and section (or workgroup where assigned) and in the supervision, training and mentoring of support personnel and establishing goals for annual work plans and professional development.**
- 5. Participates and supervises the preparation of project programming, cost estimates and summaries of the size and scope of projects and contracts. Researches, analyzes and interprets regulatory requirements; facilitates project approvals and permits from regulatory agencies.**
- 6. Coordinates the preparation of environmental impact statements and feasibility studies and reports for landscape architectural projects.**
- 7. Researches and analyzes project data; selects and specifies landscape furnishings, systems, materials and finishes.**

CITY AND COUNTY OF SAN FRANCISCO
DEPARTMENT OF HUMAN RESOURCES

Title: LANDSCAPE ARCHITECT
Job Code: 5274

- 8. Plans, distributes and coordinates work by staff. Coordinates the work of multiple design and engineering disciplines. Checks drawings and specifications prepared by staff, consulting architects and engineers for conformance with prescribed federal, state, city and county standards, including project design criteria and codes.**
- 9. Examines, analyzes and makes recommendations on submitted construction bids and consultant qualifications and proposals; reviews and analyzes contract modifications and makes recommendations accordingly.**
- 10. Reviews and checks contractors' correspondence, reports, change order requests, payment requests and submittals including shop drawings, material samples and substitutions and ensure contract compliance and conformity with the design intent.**
- 11. Coordinates with contractors, construction managers, inspectors, project managers, and code officials; conducts field observation of work in progress to ensure contract compliance.**

KNOWLEDGE, SKILLS AND ABILITIES

Knowledge of: Landscape architectural theory, practice and procedures; **construction methods and materials and their application to landscape architectural and design phases of construction projects; the laws, ordinances and regulations applicable to construction projects.** -landscape architectural design and site development; modern construction methods and techniques, particularly as applied to the landscape architectural phases of development and construction projects.

Ability and Skill to: **Initiate, plan, organize and supervise the work of support personnel; prepare technical and professional reports, communicate, coordinate and work effectively with client representatives for City departments, commissions, public interest groups or other project stakeholders, regulatory agencies, professional engineers, architects, contractors and other professional groups; requires a high degree of analytical ability and professional judgment; prepare complete landscape architectural plans, specifications and presentations; use electronic architectural drafting and/or 3D modeling and/or graphic design software.** Initiate and prepare landscape architectural plans, specifications and estimates; coordinate landscaping activities with a variety of interested groups and to deal tactfully and courteously with such groups; review technical papers and reports. The application of landscape architectural theory to practical field problems; the preparation of complete landscape plans and specifications; the use of drafting instruments.

MINIMUM QUALIFICATIONS

These minimum qualifications are to be used as a guide for establishing the education, training, experience, special skills and/or license(s) which may be required for employment in the class. Please note, additional qualifications (i.e. special conditions) may apply to a particular position and will be stated on the exam/job announcement.
