DEFINITION

Under supervision, the Junior Administrative Analyst assists with and performs professional level work in analyzing operations of City departments and agencies as they relate to the formulation and execution of the annual budget, grants, legislative/administrative policy, financial/fiscal policy and/or contract administration. Class 1820 Junior Administrative Analyst is the entry-level class of the series.

DISTINGUISHING FEATURES

Class 1820 Junior Administrative Analyst is the entry-level class of the series performing professional level work in analyzing, researching and reporting functions related to department operations. This class is distinguished from Class 1822 Administrative Analyst in that the latter is the journey level of the series that performs duties of difficult and complex nature related to administrative policy analysis, legislative analysis, economic analysis, budgetary analysis, complex financial/fiscal analysis and reporting, data analysis, and development/administration of competitive bid processes, contractual agreements or grants.

SUPERVISION EXERCISED

None

Title: Administrative Analyst
Job Code: 1822

DEFINITION

Under direction, the Administrative Analyst performs difficult and detailed professional-level analytical work in a variety of functional areas, such as; development and administration of competitive bid processes and contractual agreements; grant administration and monitoring; budget development and administration; legislative analysis; development and evaluation of management/administrative policy; program evaluation and planning; quantitative and qualitative data analysis; or complex financial/fiscal analysis and reporting.

DISTINGUISHING FEATURES

Class 1822 Administrative Analyst is distinguished from Class 1823 Senior Administrative Analyst in that the latter performs duties of a more difficult and complex nature. Class 1822 Administrative Analyst is distinguished from Class 1820 Junior Administrative Analyst in that the latter is an entry level class performing less difficult and complex duties.

SUPERVISION EXERCISED

Depending on assignment, may serve as lead worker to clerical, technical staff and/or subordinate professional staff.

EXAMPLES OF IMPORTANT AND ESSENTIAL DUTIES

According to Civil Service Commission Rule 109, the duties specified below are representative of the range of duties assigned to this job code/class and are not intended to be an inclusive list.

1. Performs research, compiles and analyzes information/data regarding a variety of administrative, management, fiscal and organizational issues: identifies issues and determines analytical standards in consultation with supervisor, manager, departmental personnel and other individuals/experts; gathers relevant data, information and/or documentation from a variety of sources; analyzes information and documentation and develops tentative findings; discusses and/or coordinates analysis and tentative findings with supervisor, management staff and/or other appropriate individuals; develops or assists in developing recommendations and/or course of action; gathers additional information and/or revises methodology as needed.

2. Prepares or assists in the preparation of a variety of management reports: compiles and evaluates information in preparation for writing report; presents background information and description of analytical standards; outlines findings and recommendations and prepares logical supporting documentation; writes or assists in writing final reports and documentation for evaluation by administrative and/or management staff; presents reports, including formal presentations to groups.

3. Performs analysis for development of administrative, management, program and organizational policies and procedures: consults with managers, administrators and other staff to determine parameters for analysis and other background information; analyzes existing
Title: Administrative Analyst  
Job Code: 1822

policies, programs, procedures and work practices; analyzes the effect of proposed and existing legislation, regulations and law on organizational policies and procedures; compiles information and documentation in preparation for producing reports and/or drafts reports for management/administration.

4. Performs analysis for budget development and resource planning: performs or assists in needs analysis and trend analysis based on research and consultation with managers and administrative staff; consults with managers and assists in resource planning and development of annual budget estimates; reviews and analyzes budget requests from administrators; compiles information and documentation in preparation for producing reports and/or drafts reports related to budget and resource planning issues.

5. Performs analysis for budget administration and/or fiscal/financial reporting: monitors and analyzes expenditures and accounts to ensure compliance with budget parameters; gathers information and prepares documentation related to fiscal/financial reporting; performs and/or assists in fiscal/financial analysis; compiles information and documentation in preparation for producing and/or drafts fiscal/financial reports.

6. Performs analysis for development and administration of competitive bid processes and contractual agreements: identifies and analyzes needs, goals, available funding and other criteria; develops or assists in development of contract/lease specifications; preparing requests for proposals and bid solicitation; performs or assists in analysis of bid information provided by contractors; assists in establishment/maintenance of contractual relationships; performs or assists in analysis for monitoring and enforcement of legal agreements to ensure compliance.

7. Performs analysis for monitoring of grants received by department; writes or assists in writing grant proposals; analyzes funding parameters and other requirements specified by grantor; monitors departmental expenditures to ensure funding parameters are met; analyzes other criteria to ensure compliance with standards required by grantor.

8. Performs related duties as required

KNOWLEDGE, SKILLS, AND ABILITIES

Knowledge of: the principles, procedures and legal standards required to provide professional-level analytical assistance to administrative staff in such areas as: budget development and monitoring; financial/fiscal analysis and reporting; development of management/administrative policies and procedures; analysis of existing and proposed legislation, legal standards and regulatory mandates; development and administration of contractual agreements; and/or grant monitoring and administration.

Ability and Skill to: identify, research and gather relevant information from a variety of sources; read and interpret complex written materials; analyze and evaluate quantitative and qualitative data, procedures, interrelated processes and other information; formulate conclusions and/or alternatives and develop effective recommendations; use work-related
Title: Administrative Analyst  
Job Code: 1822

computer applications, including e-mail, word processing, spreadsheets, databases and the internet; prepare well-organized and accurate documents such as reports, memos, and correspondence; synthesize ideas and factual information into clear and logical written statements; speak clearly and concisely in order to express ideas and communicate work-related information to a variety of individuals and groups; listen, ask appropriate questions and effectively elicit information; establish and maintain effective working relationships with staff, officials and the general public, including a variety of individuals and groups.

EXPERIENCE AND TRAINING

These minimum qualifications establish the education, training, experience, special skills and/or license(s) which are required for employment in the classification. Please note, additional qualifications (i.e., special conditions) may apply to a particular position and will be stated on the exam/job announcement.

Education:

1. Possession of a graduate degree (Master's degree or higher) from an accredited college or university; and one (1) year full-time equivalent experience performing professional-level analytical work as described in Note A; OR

2. Possession of a graduate degree (Master's degree or higher) from an accredited college or university with major coursework as described in Note B; OR

3. Possession of a baccalaureate degree from an accredited college or university and two (2) years full-time equivalent experience performing professional-level analytical work as described in Note A; OR

4. Possession of a baccalaureate degree from an accredited college or university with major coursework as described in Note B and one (1) year full-time equivalent experience performing professional-level analytical work as described in Note A;

Experience:

Two (2) years of experience performing complex professional-level analysis for evaluation, recommendation, development and implementation of major programs and functions of department/organization, such as: complex budget analysis, development and administration; complex financial/fiscal analysis and reporting; development of complex contracting systems and administration of competitive bid processes and complex contractual agreements; development and evaluation of complex management/administrative policy; complex grant administration and monitoring; complex program evaluation and planning; complex legislative analysis; complex economic analysis; complex quantitative and qualitative data analysis; or other functional areas related to the duties of positions in Class 1822.
License and Certification:

Substitution:

Additional experience as described above. Applicants may substitute or up to two (2) years of for the required degree education on a year-for-year basis (up to a maximum of two (2) years) with additional qualifying experience in budget analysis, financial analysis and reporting, legislative/policy analysis, or contract/grant administration. One (1) year (2000 hours) of additional qualifying experience will be considered equivalent to 30 semester units/45 quarter units.

Possession of a baccalaureate degree from an accredited college or university with major coursework in specialized subject matter areas such as public or business administration, management, business law, contract law, public policy, urban studies, economics, statistical analysis, finance, accounting or other fields of study closely related to the essential functions of positions in Class 1822 may substitute for and one (1) year of the required full-time equivalent experience performing professional level analytical work as described in Note A;

Possession of a graduate degree (Master's degree or higher) from an accredited college or university with major coursework in specialized subject matter areas such as public or business administration, management, business law, contract law, public policy, urban studies, economics, statistical analysis, finance, accounting or other fields of study closely related to the essential functions of positions in Class 1822 may substitute for the two (2) years of required experience.

Possession of a graduate degree (Master's degree or higher) from an accredited college or university in a field of study not closely related to the essential functions of positions in Class 1822 may substitute for; and one (1) year full-time equivalent of the required experience performing professional level analytical work, as described in Note A;

Completion of an Administrative Analyst Trainee program equivalent to the City and County of San Francisco's 1801 Analyst Trainee may substitute for one (1) year of required professional experience.

SUPPLEMENTAL INFORMATION

BUSINESS UNIT(S): COMMN SFMTA SFCCD SFUSD
Title: Senior Administrative Analyst  
Job Code: 1823

DEFINITION

Under general direction plans, organizes, leads and/or participates in complex, sensitive, and detailed analytical work in the areas of budget, financial/fiscal, economic, data analysis, legislative and administrative policy and/or contract administration.

DISTINGUISHING FEATURES

Class 1823 Senior Administrative Analyst is the Senior journey level in the Administrative Analyst series with responsibility for directing and performing difficult, complex, and/or sensitive projects for departmental management. This class is distinguished from class 1822 Administrative Analyst in that class 1822 is the journey-level class working under general supervision. Class 1823 is distinguished from class 1824 Principal Administrative Analyst in that class 1824 has greater and/or more complex financial responsibilities, greater consequence of error and independence of action, and is assigned the most difficult, complex, and sensitive projects.

SUPERVISION EXERCISED

Class 1823 Senior Administrative Analysts may supervise a small staff performing moderately complex analytical work.

EXAMPLES OF IMPORTANT AND ESSENTIAL DUTIES

According to Civil Service Commission Rule 109, the duties specified below are representative of the range of duties assigned to this job code/class and are not intended to be an inclusive list.

1. Researches, analyzes and makes policy recommendation on special projects or highly visible public issues; may direct complex financial or operational activities; responds to informational requests, including those of a highly sensitive nature, and may represent the department to the Mayor's office, Board of Supervisors, Controller's Office, other city officials, outside agencies and the public; acts as executive assistant and provides administrative analysis to high-level managers or a department head.

2. Coordinates, develops, manages and monitors a departmental budget of moderate complexity or assists in the development and management of a departmental budget of greater complexity; negotiates budget proposals within the department and with the Mayor's Office, Board of Supervisors and other agencies; prepares budget line item narrative, analyses, recommendations, and justifications for annual and supplemental requests; assists management in the budget development process, monitoring of the budget, budget reporting, and interpretation of budget-related documents.

3. Analyzes trends in budget expenditures and revenues, prepares financial/statistical reports for management, Mayor's Office, Board of Supervisors, Controller's Office and various funding agencies; coordinates and monitors departmental reporting to funding agencies including the subvention of funds to contracting organizations and justifies that funds are used as required.

4. Coordinates the activities related to the application for, and management of multiple
source capital projects and/or grants; monitors detailed and complex budgets, ensures expenditures remain within budget, and shifts funds within guidelines; coordinates and monitors reporting to funding agencies including the subvention of funds to contracting organizations and justifies that funds are used as required; may coordinate the preparation of City-wide single audit report.

5. Plans and performs economic and/or financial analyses including forecasting, revenue and/or expense projections, analysis of capital requirements, calculation of debt capacity, evaluation of financing alternatives; rate analysis, modeling and cost/benefit analysis; prepares reports with financial/policy recommendations and appropriate supporting documentation; may assist in the preparation of audit schedules and financial statements.

6. Analyzes and interprets existing, newly enacted and proposed local, state, federal legislation and regulation for policy and financial impact on the department; advises management and prepares recommendations with appropriate supporting documentation regarding how to comply with new regulations, mitigate adverse action against the department or maximize potential revenues; develops, implements and monitors new and revised reporting systems required by legislation.

7. Analyzes existing and proposed programs; administrative policies and procedures as well as organizational problems; conducts difficult and detailed studies; identifies administrative problems, determines methods of analysis, and identifies trends; analyzes qualitative and quantitative data; prepares and presents reports with recommendations and appropriate justification based on studies and surveys; may coordinate the implementation of new systems and/or procedures.

8. Prepares MBE/WBE and contract status reports; conducts competitive contract vendor selection processes including public bids and requests for proposals, distributes and places advertisements and public notices for contracts; processes moderate to highly complex contracts including advertising for bids/proposals, receipt and review of bids, contract negotiation and award, and routing through signature/documentation process to certification; provides information to staff from Purchasing, Human Resources, Human Rights Commission and the Administrative Services Office; and provides training and technical assistance to staff and contractors on departmental and City contracting policies, procedures and requirements.

9. Prepares cost estimates and terms for new and existing contracts, for proposed change orders and modifications; reviews contract provisions, conducts site visits, and meets with engineers/inspectors/program managers to develop cost estimates; meets with contractors to negotiate requests for additional costs; assists in analyzing costs related to change orders and modifications; maintains data and information resources on current industry cost standards for materials, equipment and labor costs; establishes and maintains contact with sources of information including vendors, labor unions and governmental agencies.

10. Performs related duties and responsibilities as assigned

**KNOWLEDGE, SKILLS, AND ABILITIES**

Knowledge of: the principles and techniques of governmental organization and management; the principles and techniques of financial/fiscal analysis and budgeting; the principles and techniques of economic and policy analysis; the principles and techniques of generally accepted accounting principles and government accounting standards; application of statistical and other analytical methods; applicable local, state, and federal laws and regulations affecting departmental operations; principles involved in the development and implementation of complex systems and procedures; methods, procedures, and techniques
needed for negotiations of contract terms, change orders, cost estimates and modifications.

**Ability and Skill to**: collect, synthesize, and analyze a wide variety of information; conduct difficult analytical studies involving complex administrative and financial systems and procedures; work with authority to identify and define problems, determine methodology, analyze and evaluate quantitative and qualitative data, make recommendations with appropriate justification and develop/implement a plan of action; assign and direct the work of subordinates; establish and maintain effective communication with senior management, officials, departmental representatives, vendors, or other agencies; negotiate effectively; use a personal computer and software programs as utilized in various departments.

**MINIMUM QUALIFICATIONS**

*These minimum qualifications establish the education, training, experience, special skills and/or license(s) which are required for employment in the classification. Please note, additional qualifications (i.e., special conditions) may apply to a particular position and will be stated on the exam/job announcement.*

**Education:**

1. Possession of a graduate degree (Master’s degree or higher) from an accredited college or university and three (3) years of full-time equivalent experience performing professional level analytical work as described in Note A; OR

2. Possession of a graduate degree (Master’s degree or higher) from an accredited college or university with major college coursework as described in Note B and two (2) years full-time equivalent experience performing professional level analytical work as described in Note A; OR

3. Possession of a baccalaureate degree from an accredited college or university and four (4) years full-time equivalent experience performing professional level analytical work as described in Note A; OR

4. Possession of a baccalaureate degree from an accredited college or university with major college coursework as described in Note B and three (3) years full-time equivalent performing professional level analytical work as described in Note A

**Experience:**

- Four (4) years of experience performing complex professional-level analysis for evaluation, recommendation, development and implementation of major programs and functions of department/organization, such as: complex budget analysis, development and administration; complex financial/fiscal analysis and reporting; development of complex contracting systems and administration of competitive bid processes and complex contractual agreements; development and evaluation of complex management/administrative policy; complex grant administration and monitoring; complex program evaluation and planning; complex legislative analysis; complex economic analysis; complex data analysis; or other functional areas related to the duties of positions in Class 1823.

**License and Certification:**

- None.
Substitution:

Additional experience as described above. Applicants may substitute up to 2 years of additional required degree education on a year-for-year basis (up to maximum two (2) years), with additional qualifying experience in budget analysis, financial analysis and reporting, legislative/policy analysis, or contract/grant administration. One (1) year (2000 hours) of additional qualifying experience will be considered equivalent to 30 semester units/45 quarter units.

Possession of a baccalaureate degree from an accredited college or university with major coursework in specialized subject matter areas such as public or business administration, management, business law, contract law, public policy, urban studies, economics, financial analysis, criminal justice, information management; finance, accounting or other fields of study closely related to the essential functions of positions in Class 1823 may substitute for one (1) year of the required full-time equivalent experience.

Possession of a graduate degree (Master's degree or higher) from an accredited college or university with major coursework in specialized subject matter areas such as public or business administration, management, business law, contract law, public policy, urban studies, economics, statistical analysis, financial analysis, criminal justice, information management; finance, accounting or other fields of study closely related to the essential functions of positions in Class 1823 may substitute for two (2) years of the required experience.

Possession of a graduate degree (Master's degree or higher) from an accredited college or university in a field of study not closely related to the essential functions of positions in Class 1823 may substitute for one (1) year of the required full-time equivalent experience.

Completion of an Administrative Analyst Trainee program equivalent to the City and County of San Francisco's 1801 Analyst Trainee may substitute for one (1) year of required professional experience.

SUPPLEMENTAL INFORMATION

Notes on Qualifying Experience and Education:

A. Qualifying professional-level analytical experience must be in one or more of the following functional areas: complex budget analysis, development and administration; complex financial/fiscal analysis and reporting; development of complex contracting systems and administration of competitive bid processes and complex contractual agreements; development and evaluation of complex management/administrative policy; complex grant administration and monitoring; complex program evaluation and planning; complex legislative analysis; complex economic analysis; or other functional areas related to the duties of positions in Class 1823, where the primary focus of the job is complex professional-level analysis for evaluation, recommendation, development and implementation of major programs and functions of department/organization. Analytical experience equivalent to the duties of Class 1822 is considered qualifying.

B. Coursework applicable to a baccalaureate or higher degree in specialized subject matter
areas such as public or business administration, management, business law, contract law, public policy, urban studies, economics, statistical analysis, finance, accounting or other fields of study closely related to the essential functions of positions in Class 1823.

BUSINESS UNIT(S): COMMN SFMTA SFCCD SFUSD
Title: Principal Administrative Analyst
Job Code: 1824

DEFINITION

Under general administrative direction, the Principal Administrative Analyst plans, organizes, supervises and conducts important, difficult, complex, and sensitive analytical work that has substantive impact on the operations of a City department, agency or program in areas such as: the development and administration of the annual budget; financial/fiscal, and economic, quantitative and qualitative data analysis and reporting; monitoring and administration of multiple-source capital projects and grants; development of complex contracting systems and administration of complex contractual agreements; development and evaluation of major administrative/management systems, functions, policy and procedures, including evaluation of the impact of existing, newly enacted and proposed legislation, regulations, law, court decisions and memoranda of understanding; and/or major program evaluation and planning.

DISTINGUISHING FEATURES

Class 1824 Principal Administrative Analyst is distinguished from the next lower level of 1823 Senior Administrative Analyst by its assignment of greater and/or more complex financial responsibilities, its performance and supervision of more difficult, complex, and sensitive projects and negotiations; and its greater independence of action and consequence of error in formulating recommendations and decisions. Class 1825 Principal Administrative Analyst II is distinguished from the next lower level of 1824 Principal Administrative Analyst by its assignment of specialized and/or more complex financial responsibilities, its performance and supervision of complex finance and utility analysis, project finance pro forma development, forecast modeling, debt finance risk management, and statistical modeling typically involving the use of specialized analytical software, complex business intelligence systems and complex analysis of data.

SUPERVISION EXERCISED

Class 1824 Principal Administrative Analysts typically supervises staff including lower-level administrative analysts.

EXAMPLES OF IMPORTANT AND ESSENTIAL DUTIES

According to Civil Service Commission Rule 109, the duties specified below are representative of the range of duties assigned to this job code/class and are not intended to be an inclusive list.

1. Directs, oversees and conducts difficult, sensitive, highly visible and complex analytical work that has significant impact on the functions and operations of assigned department; confers with senior management staff to discuss, evaluate and make policy recommendations on special projects and/or a variety of complex, sensitive or highly visible administrative, organizational, policy, programs, budget, fiscal, and other issues related to important functions of the department; responds to informational requests, including those of a highly sensitive nature; typically supervises and trains clerical, technical, and professional staff; may coordinate and direct complex financial or operational activities; acts as executive assistant and provide administrative analysis to high-level managers or department head; assists management in coordinating and/or negotiating complex administrative, organizational, policy, budget, fiscal, and other issues related to important functions of assigned department with outside departments, agencies and organizations; may represent
the department to the Mayor's Office, Board of Supervisors, Controller's Office, other City officials, outside agencies or the general public.

2. Directs analytical staff and/or researches, analyzes and makes policy recommendations on a variety of difficult, complex special projects and highly visible budget, fiscal, policy, program, organizational and related issues; collaborates with senior managers and other individuals/experts to clarify needs, issues and parameters; directs and/or conducts the development and execution of complex and comprehensive surveys, studies and other processes to analyze data and information from multiple sources; directs and/or conducts research and evaluation of complex data/information from internet, databases and other sources, consultation with subject matter experts, development of complex evaluative processes, creation of spreadsheets, documentation of findings, analysis of alternatives and formulation of recommendations; directs and/or conducts difficult and complex analyses, such as revenue/expense analysis, cost/benefit analysis, needs analysis, trend analysis, variance analysis, net present value analysis, rate and modeling analysis, statistical analysis, program analysis, organizational analysis and legislative/policy analysis; prepares and/or directs the preparation of clear, comprehensive management reports, including logical and coherent financial/policy recommendations and appropriate supporting documentation; presents reports, findings and recommendations to senior management staff, including formal presentations to groups.

3. Analyzes and evaluates the effect of highly complex and sensitive existing, newly enacted and proposed legislation, regulations, law, court decisions and/or memoranda of understanding for policy and financial impact on the department; advises management, and directs/prepares and presents formal reports with recommendations on how to comply with existing and proposed legislation, regulations, law, court decisions and/or memoranda of understanding, mitigate adverse action against the department or maximize potential revenues; develops and recommends procedures for Citywide implementation of enacted legislation, regulations, law, court decisions and/or memoranda of understanding; develops comprehensive user manuals to implement legislation, programs and administrative policy; may act as legislative liaison to other departments; assists state and federal legislative staff in drafting legislation; advocates and testifies regarding department's position to legislators, committee and staff.

4. Consults with senior managers and others to define difficult and complex administrative, management, program and organizational issues, policies and procedures that have significant impact on the organization; directs and/or conducts detailed and comprehensive studies, surveys and other evaluative processes to analyze existing and proposed administrative, management, program and organizational needs, systems, functions, policies and procedures; identifies and analyzes important issues, processes, patterns and trends, makes related projections, documents findings, and develops recommendations; prepares and/or directs the preparation of reports for senior management outlining findings; presents reports to senior management, including recommendations for development of policy; coordinates implementation and evaluation of new systems, policies and procedures.

5. BUSINESS UNIT(S): COMMN SFMTA SFCCD SFUSD
Title: Principal Administrative Analyst II  
Job Code: 1825

DEFINITION

Under administrative direction plans, organizes, leads and may supervise staff engaged in difficult, complex, sensitive, and detailed analytical work including complex quantitative and qualitative analysis in the areas of budget, contracts, financial/fiscal, economic, legislative and administrative policies.

DISTINGUISHING FEATURES

Class 1825 Principal Administrative Analyst II is a unique level in the Administrative Analyst professional/supervisory/management series. It is distinguished from the next lower level of 1824 Principal Administrative Analyst by its assignment of complex finance and utility analysis, project finance pro-forma development, forecast modeling, debt finance risk management, and statistical modeling typically involving the use of specialized analytical software, complex business intelligence systems and complex analysis of data. Positions in this class maintain senior levels of responsibility with greater independence of action and consequence of error in designing business solutions, formulating recommendations and achieving effective decisions. The financial impact of the work performed by incumbents in these positions is significant, potentially involving hundreds of millions of dollars.

SUPERVISION EXERCISED

Class 1825 Principal Administrative Analysts II typically supervises staff including lower-level administrative analysts, and/or complex, cross-functional project teams staffed with professional level employees.

EXAMPLES OF IMPORTANT AND ESSENTIAL DUTIES

According to Civil Service Commission Rule 109, the duties specified below are representative of the range of duties assigned to this job code/class and are not intended to be an inclusive list.

1.
