Title: Physical Therapist
Job Code: 2556

DEFINITION
Under supervision, and as prescribed by referring physicians, administers tests and treatments to patients by using physical agents, such as light, heat, water, electricity, massage and therapeutic exercises; and performs related duties as required.

DISTINGUISHING FEATURES
This is the journey level classification in the physical therapist series. Employees utilize physical modalities in order to relieve pain, develop or restore function, prevent disability and maintain patients' maximum performance. Although the basic duties and responsibilities of all physical therapists are similar, the emphasis of the treatment program may differ according to the nature of the patients' disabilities, disorders or injuries. Positions are distinguished from the next higher level of Senior Physical Therapist in that the latter direct therapists in administering treatments and function as program administrators.

SUPERVISION EXERCISED
None.

EXAMPLES OF IMPORTANT AND ESSENTIAL DUTIES
According to Civil Service Commission Rule 109, the duties specified below are representative of the range of duties assigned to this job code/class and are not intended to be an inclusive list.

1. Administers physical therapy treatments to patients by using physical means such as light, heat, water and electricity, massage and exercises, including gait training; utilizes standardized and specialized equipment in order to develop the patient's maximum performance.

2. Evaluates condition of the individual patients and plans and implements an appropriate treatment program accordingly.

3. Explains treatment objectives and methods to patients and their families, including instructing them in the use of prosthetic and orthotic devices and other special equipment and in procedures to be continued at home.

4. Instructs students-in-training and auxiliary personnel in elementary physical therapy procedures and techniques; coordinates patient rehabilitation with physicians, nurses, teachers, occupational therapists and personnel in other departments.

5. Evaluates and records treatments given and patient's response and progress; reports patient's progress to physician.

KNOWLEDGE, SKILLS, AND ABILITIES
Knowledge of: current physical therapy treatment methods, including exercises, manual muscle testing, range of motion, electrotherapy, hydrotherapy and sterile technique; indications and contraindications for treatment; pathology, anatomy and kinesiology; various types of walkers, canes and crutches. Knowledge of child growth and development is desirable in specified positions requiring work with children.
