

# San Francisco Police Department 2020 Q-50 Police Sergeant Job Knowledge Test Prep Guide

## Response to Questions from Candidates

### Question 1

Under the 2019 bulletins, the order skips from 19-033 to 19-140, and then to 19-51. DB 19-140 is repeated again after 19-128.

Could the first listing of DB-140 be a typo, and the intended bulletin is 19-040? DB19-040 is Reporting Requirements for CAL/OSHA.

#### **Answer**

DB 19-140 was duplicated on the reading list. Please disregard the first listing of that source after 19-033.

### Question 2

I have a question regarding the reference materials listed in the attached Prep Guide. There are a few current bulletins from 2019 not listed in the Prep Guide that supersede the referenced bulletins from 2018 listed. I was wondering which would be used for testing purposes: only the bulletins listed in the Prep Guide or the newest versions of bulletins not listed on the Prep Guide.

#### **Answer**

Only bulletins listed in the candidate test guide will be included on the multiple choice test. In the candidate handout, it is stated "Laws, rules, regulations, policies, and procedures on which the examination is based are continuously updated. In fairness to all candidates, any changes to these references after, August 1, 2019 will not be used in the job knowledge test."
