This ordinance requires DPH to "coordinate with a third party vendor to administer program operations, including basic customer services, enrollment, tracking service utilization, billing and communication with the participants." (SF Administrative Code Sec. 14.2) DPH selected the San Francisco Health Plan (SFHP) as third party vendor. SFHP, operated by the San Francisco Community Health Authority, is a governmental entity created by the City in 1994 solely to serve as a health maintenance organization to increase access to health care for low and moderate income San Franciscans. 43871 - 17/18 - MODIFICATIONS	May 18, 2020	PUBLIC HEALTH -- DPH	\$92,624,400	\$189,442,000	Contractor(s) will provide psychiatric care to adults and/or older adults, in a locked licensed facility, Skilled Nursing Facility (SNF) and/or Mental Health Rehabilitation Center (MHRC) within San Francisco Bay Area, and/or non-mandatory psychiatric respite services, with one-on-one support in an appropriate environment. Most admissions for psychiatric care will be San Francisco residents coming directly from acute psychiatric inpatient units. Referrals for respite services will primarily come from Psychiatric Emergency Services (PES), acute inpatient psychiatric units, community mental health/dual diagnosis treatment programs, the San Francisco Homeless Outreach Team (SF HOT) and intensive case management programs. The SNF will provide care to individuals with psychiatric problems, medical problems and behavior problems, individuals with neurobehavioral diagnosis with a primary diagnosis of dementia. Individuals also may be admitted with physical impairments requiring special needs that may include the use of a wheelchair, walker, or cane; they may also have vision and or hearing loss or speech impediments. The MHRC will provide care to individuals who have a psychiatric diagnosis with behaviors too severe to live independently or in an unlocked unstructured community program. Respite services will provide a place for people who are not yet accepting of the need to manage their mental health symptoms/issues in a more productive and healthy manner and who would benefit from a supervised setting to monitor medication changes after an inpatient stay.	07/01/2023	06/30/2028	REGULAR
