45085 - 19/20	PUBLIC UTILITIES COMMISSION	\$5,700,000.00	The contractor works with ranchers and farmers to use biosolids as a fertilizer. The contractor secures all necessary permitting required for the use of biosolids as a fertilizer. Annual fees for permitting are paid by the contractor. The contractor manages the agronomic application of biosolids so that nitrogen added to fields does not exceed crop uptake needs. When sufficient biosolids have been added to a field to meet its nitrogen needs, the contractor moves the application operation to a new field. When moving to a new field, the contractor is responsible for coordinating with the trucking contractor for the transportation of biosolids to the new location. The contractor is responsible for ensuring the all county ordinances are followed during the course of operations at each field. This includes the posting of signs, flagging of buffer areas where biosolids are not to be applied, setting up a mobile weather station, a portable toilet and a washdown station for trucks. The contractor is responsible for the spreading and discing (incorporation) of the biosolids on each field. Coordination with the ranchers, farmers, and county is the responsibility of the contractor.	April 15, 2020	April 14, 2025	REGULAR
