49137 - 14/15 - MODIFICATIONS	June 19, 2017	PUBLIC HEALTH -- DPH	\$40,000,000	\$58,000,000	Contractors will provide San Francisco General Hospital (SFGH) and Laguna Honda Hospital (LHH) a continuous, reliable source of intermittent, supplemental, and travel nursing personnel during high patient census, high acuity, unexpected staff illnesses and/or vacations, and to meet State nurse-to-patient staffing ratio requirements. In addition, SFGH is scheduled to transition to a new acute care facility in December of 2015. In order for that transition to be successful, the current staff will require training on the new equipment, technology, patient flow and workflow processes. Supplemental contract nurses and ancillary personnel will be necessary to provide surge capacity in order to backfill SFGH staff while they attend training sessions and scheduled "day-in-the-life" training simulations.	05/01/2017	12/31/2021	REGULAR
					Scope Change:			
					The largest change to the scope is to provide for back-fill services for the readiness efforts for the SFDPH EHR project. Similar to what was done for the ZSFG rebuild project, the SFDPH EHR project will require back-fill staffing for nurses while they attend training on a new EHR. While the ZSFG project only affected the ZSFG campus, the SFDPH EHR project will cover all of the Department which includes Laguna Honda Hospital, the primary care clinics, and Jail Health. In addition, in the summer of 2017, the Department anticipates
