APPLY

PSC No	Dept Designation	PSC Amount	Description of Work	PSC Estimated Start Date	PSC Estimated End Date	Type of Approval
40166 - 17/18	MAYOR	\$550,000.00	To provide state legislative representation, to advocate on behalf of the City and Departments on legislative and regulatory matters, to assist with the implementation of the City's State Legislative Agenda, and to keep the Mayor's Office up-to-date with relevant information about State government activities. As a City and County, San Francisco is affected by a broad range of issues across many disciplines and departments. The City's state legislative representatives should possess the experience and knowledge to work in a broad array of policy topics included, but not limited to economic development, health care, public safety, human services, housing, environment, transportation, education and community development.	November 1, 2017	October 31, 2019	REGULAR
40266 - 17/18	PORT	\$340,000.00	Design (from conceptual through final engineering), permit, and provide related professional services to deliver construction documents for shoreline stabilization, sea level rise adaption, and habitat enhancement at existing park/natural area, Heron's Head Park, on Port's southern waterfront.	October 1, 2017	October 1, 2020	REGULAR
43879 - 17/18	PORT	\$1,400,000.00	Drydock float, sandblast surfaces, repair damaged structural members, recoat surfaces, replace damaged utilities, and repair gangway. Painting, welding, and electrical tasks will be performed in the Drydock. Per industry practice, coating applicators have experience applying marine coatings. Work window limited to non-baseball season (i.e. October to March).	October 1, 2017	March 1, 2018	REGULAR
45767 - 17/18	PUBLIC UTILITIES COMMISSION	\$7,500,000.00	The San Francisco Public Utilities Commission (SFPUC) Infrastructure Division is issuing this RFP for the purpose of selecting and entering into an agreement with a professional services contractor to provide professional engineering services to support the City's San Joaquin Pipeline (SJPL) System Reliability Improvement Project ("Project"). The overall project is organized into a series multiple subproject components. The subprojects included in the scope of this RFP will include: (1) Safe Entry and Surge Mitigation Design for the SJPL System (2) Tesla UV Valve Replacement, and (3) Oakdale Portal surge stack condition assessment. The professional services for these subprojects will include: <ul style="list-style-type: none"> - Engineering analysis and material testing, - Pipe condition assessment using specialized in-line inspection tools - Corrosion assessment, soil resistivity analysis and cathodic protection - PCCP wire break analysis - Structural modification of large concrete structures - pH treatment design - Detailed design plans and specifications - Bid and award services, and engineering services during construction. 	November 30, 2017	November 22, 2022	REGULAR

TOTAL AMOUNT \$9,790,000**ESV**
