APPLY

PSC No	Dept Designation	PSC Amount	Description of Work	PSC Estimated Start Date	PSC Estimated End Date	Type of Approval
45213 - 19/20	GENERAL SERVICES AGENCY - CITY ADMIN	\$700,000.00	Facilities selected will be charged with accepting, disposing and recycling treated sanitary biosolids on behalf of San Francisco International Airport (SFO) Mel Leong Treatment Plant and other City departments. Contractor will receive and dispose of one to three truckloads per week. Services are intermittent. All deliveries to the facility shall be made by City & County of San Francisco employees in a 45 foot sludge trailer.	November 1, 2019	October 30, 2024	REGULAR
40794 - 19/20	GENERAL SERVICES AGENCY - CITY ADMIN	\$8,000,000.00	The contractor will provide moving services for City and County of San Francisco departments on an intermittent, as-needed basis. These services will include, but not be limited to, moving items such as office furniture, documents, equipment, and related articles; the set-up and breakdown of cubicle walls and furniture; and move coordination/project management and planning, as may be required by departments.	November 1, 2019	October 31, 2026	REGULAR
41628 - 19/20	PUBLIC UTILITIES COMMISSION	\$8,000,000.00	The Emergency Firefighting Water System (EFWS), sometimes referred to as the Auxiliary Water Supply System (AWSS), is an independent high-pressure water supply system dedicated to fire protection. It was installed in 1913 in response to the Great Earthquake and Fire of 1906 and consists of a 135-mile pipeline network, a high-elevation reservoir with two large-capacity tanks, two pumping stations, three fireboats and underground water storage tanks (cisterns). The selected Consultant will work under the direction of the SFPUC to provide planning and engineering design services for the Emergency Firefighting Water System and City's Water Distribution System pipelines. Some assignments may require SFPUC engineering staff to be integrated into the consultant project team. The Consultant's work objective will be to perform planning and engineering design services applying all applicable codes and SFPUC Procedures and regulatory requirements/guidelines administered by the State Water Resources Control Board, Division of Drinking Water. Projects are expected to pertain to pipelines, pump stations, fireboat manifold systems.	June 10, 2020	June 9, 2026	REGULAR
43198 - 19/20	PUBLIC UTILITIES COMMISSION	\$3,000,000.00	The proposed work includes inspection and observation of testing of equipment, machinery and products to be furnished for Water and Wastewater Treatment Plants, water distribution and wastewater collection, and Power projects. Services include inspection, surveillance, sampling and testing of structural steel, fabricated steel pipe, mechanical and electrical equipment and large-diameter valves conducted at various procurement facilities, both national and international.	April 15, 2020	April 14, 2025	REGULAR
49591 - 19/20	PUBLIC UTILITIES COMMISSION	\$255,000.00	The purpose of this contract is to provide maintenance, calibration and repair services, and certification of the truck and hopper scales throughout the Wastewater Enterprise (WWE) for the City and County of San Francisco, Public Utilities Commission (SFPUC). Work under this contract may include maintenance and repair to the load cells, load stands, indicators, microcells, junction boxes, ticket printers and	March 1, 2020	March 1, 2023	REGULAR
